|      | 24-Feb-18 | Class test                                       |
|      | 25-Feb-18 | Sunday                                           |
| 5    | 26-Feb-18 | Introduction of endocrine system                 |
|      | 27-Feb-18 | Difference between endocrine and exocrine glands |
|      | 28-Feb-18 | Meaning of hormones                              |

## Lesson Plan

Name of the Assistant/ Associate Professor:- DR, ANUJA RAWAT

Class and Section:- MA YOGA 2<sup>ND</sup> SEM. (EVENING)

Subject :- ANATOMICAL AND PHYSIOLOGICAL ASPECTS OF YOGA -2

| Week | Date      | Topics                                  |
|------|-----------|-----------------------------------------|
| 1    | 1-Mar-18  | Guru Ravidas Birthday                   |
|      | 2-Mar-18  | Holi                                    |
|      | 3-Mar-18  | Class test                              |
|      | 4-Mar-18  | Sunday                                  |
| 2    | 5-Mar-18  | Difference between hormones and enzymes |
|      | 6-Mar-18  | Introduction of pituitary gland         |
|      | 7-Mar-18  | Hormones secreted by pituitary          |
|      | 8-Mar-18  | Class test                              |
|      | 9-Mar-18  | Introduction of thyroid gland           |
|      | 10-Mar-18 | Hormones secreted by thyroid            |
|      | 11-Mar-18 | Sunday                                  |
| 3    | 12-Mar-18 | Class test                              |
|      | 13-Mar-18 | Introduction of parathyroid             |
|      | 14-Mar-18 | Hormones secreted by parathyroid        |
|      | 15-Mar-18 | Revision                                |
|      | 16-Mar-18 | Class test                              |
|      | 17-Mar-18 | Introduction of pancreas gland          |
|      | 18-Mar-18 | Sunday                                  |
| 4    | 19-Mar-18 | Hormones secreted by pancreas           |
|      | 20-Mar-18 | Revision                                |
|      | 21-Mar-18 | Class test                              |
|      | 22-Mar-18 | Introduction of adrenal gland           |
|      | 23-Mar-18 | Hormones secreted by adrenal            |
|      | 24-Mar-18 | Revision                                |
|      | 25-Mar-18 | Sunday/ Ram Navami                      |
| 5    | 26-Mar-18 | Class test                              |
|      | 27-Mar-18 | g.d.                                    |
|      | 28-Mar-18 | Class test                              |
|      | 29-Mar-18 | Mahavir Jayanti                         |
|      | 30-Mar-18 | revision                                |
|      | 31-Mar-18 | presentation                            |

## Lesson Plan

Name of the Assistant/ Associate Professor:- PARDEEP SHARMA

Class and Section:- P.G. DIPLOMA IN YOGA THERAPY (EVENING)

Subject:- ANATOMY PHYSIOLOGY AND YOGIC PRACTICES

| Week | Date      | Topics                                              |
|------|-----------|-----------------------------------------------------|
| 1    | 1-Jan-18  | Introduction of cardio-vascular system              |
|      | 2-Jan-18  | Structure of heart                                  |
|      | 3-Jan-18  | Structure of heart                                  |
|      | 4-Jan-18  | Function of heart                                   |
|      | 5-Jan-18  | Guru gobind singh jyanti                            |
|      | 6-Jan-18  | Introduction of blood                               |
|      | 7-Jan-18  | Sunday                                              |
|      | 8-Jan-18  | Blood composition                                   |
|      | 9-Jan-18  | Class test                                          |
|      | 10-Jan-18 | Functions of blood                                  |
|      | 11-Jan-18 | Blood circulation                                   |
|      | 12-Jan-18 | Systematic and pulmonary circulation                |
|      | 13-Jan-18 | Class test                                          |
|      | 14-Jan-18 | Sunday                                              |
| 3    | 15-Jan-18 | Effect of yogic practices on cardio vascular system |
|      | 16-Jan-18 | Introduction of nervous system                      |
|      | 17-Jan-18 | Types of nervous system                             |
|      | 18-Jan-18 | Central nervous system                              |
|      | 19-Jan-18 | Parts of brain                                      |
|      | 20-Jan-18 | Spinal cord                                         |
|      | 21-Jan-18 | Sunday                                              |
| 4    | 22-Jan-18 | Vasant Panchami                                     |
|      | 23-Jan-18 | Class test                                          |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                              |
|      | 25-Jan-18 | Peripheral nervous system                           |
|      | 26-Jan-18 | Republic Day                                        |
|      | 27-Jan-18 | Cranial nerves                                      |
|      | 28-Jan-18 | Sunday                                              |
| 5    | 29-Jan-18 | Spinal nerves                                       |
|      | 30-Jan-18 | Class test                                          |
|      | 31-Jan-18 | Discussion                                          |

|      | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev              |
|      | 24-Mar-18 | Career counseling                                              |
|      | 25-Mar-18 | Sunday/ Ram Navami                                             |
| 5    | 26-Mar-18 | Marriage and family counseling                                 |
|      | 27-Mar-18 | Revision                                                       |
|      | 28-Mar-18 | Revision                                                       |
|      | 29-Mar-18 | Mahavir Jayanti                                                |
|      | 30-Mar-18 | Revision                                                       |
|      | 31-Mar-18 | Revision                                                       |

## LESSON Plan

Name of the Assistant/ Associate Professor:- Harpreet Kaur

Class and Section:- MA yoga 2nd year semester 4<sup>TH</sup> (evening)

Subject:- psychological assessment and Diagnosis

| Week | Date      | Topics                         |
|------|-----------|--------------------------------|
| 1    | 1-Apr-18  | Sunday                         |
|      | 2-Apr-18  | Revision                       |
|      | 3-Apr-18  | Revision                       |
|      | 4-Apr-18  | Presentation                   |
|      | 5-Apr-18  | Presentation                   |
|      | 6-Apr-18  | Presentation                   |
|      | 7-Apr-18  | Presentation                   |
|      | 8-Apr-18  | Sunday                         |
| 2    | 9-Apr-18  | Pre university test            |
|      | 10-Apr-18 | Pre university test            |
|      | 11-Apr-18 | Pre university test            |
|      | 12-Apr-18 | Pre university test            |
|      | 13-Apr-18 | Test                           |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi |
|      | 15-Apr-18 | Sunday                         |
| 3    | 16-Apr-18 | Revision                       |
|      | 17-Apr-18 | Revision                       |
|      | 18-Apr-18 | Parashurama Jayanti            |
|      | 19-Apr-18 | Revision                       |
|      | 20-Apr-18 | Revision                       |
|      | 21-Apr-18 | Revision                       |
|      | 22-Apr-18 | Sunday                         |
| 4    | 23-Apr-18 | Revision                       |
|      | 24-Apr-18 | Revision                       |
|      | 25-Apr-18 | Revision                       |
|      | 26-Apr-18 | Revision                       |
|      | 27-Apr-18 | Revision                       |
|      | 28-Apr-18 | Revision                       |

| Week | Date      | Topics                                                            |
|------|-----------|-------------------------------------------------------------------|
| 1    | 1-Apr-18  | Sunday                                                            |
|      | 2-Apr-18  | Rank Difference                                                   |
|      | 3-Apr-18  | Meaning of Graphical representation                               |
|      | 4-Apr-18  | Advantage of graphical representation                             |
|      | 5-Apr-18  | Types of Bar diagram                                              |
|      | 6-Apr-18  | Methods of preparing of histogram                                 |
|      | 7-Apr-18  | Frequency of polygon                                              |
|      | 8-Apr-18  | Sunday                                                            |
| 2    | 9-Apr-18  | Cummulative frequency                                             |
|      | 10-Apr-18 | Graph                                                             |
|      | 11-Apr-18 | Bar diagram                                                       |
|      | 12-Apr-18 | Pie diagram                                                       |
|      | 13-Apr-18 | Meaning of two -tailed                                            |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi                                    |
|      | 15-Apr-18 | Sunday                                                            |
| 3    | 16-Apr-18 | One tailed test of significance                                   |
|      | 17-Apr-18 | Computing significance of difference between two mean with T-test |
|      | 18-Apr-18 | Parashurama Jayanti                                               |
|      | 19-Apr-18 | Computing significance of difference between two mean with T-test |
|      | 20-Apr-18 | ONE WAY ANOVA TEST                                                |
|      | 21-Apr-18 | ONE WAY ANOVA TEST                                                |
|      | 22-Apr-18 | Sunday                                                            |
| 4    | 23-Apr-18 | Revision                                                          |
|      | 24-Apr-18 | Revision                                                          |
|      | 25-Apr-18 | Revision                                                          |
|      | 26-Apr-18 | Revision                                                          |
|      | 27-Apr-18 | Revision                                                          |
|      | 28-Apr-18 | Revision                                                          |

**LESSON PLAN :18WEEKS (FROM JANUARY 2018 TO APRIL 2018)**  
**BIO-TECHNOLOGY DEPARTMENT**

LESSON Plan

Name of the Assistant Professor .....Dr. Surbhi Bal.....

Class and Section:.....B.Sc Biotechnology 1<sup>st</sup> year Sem 2.....

Subject:.....Paper IV (Biochemistry-II).....

| Week | Date      | Topics                                                           |
|------|-----------|------------------------------------------------------------------|
| 1    | 1-Jan-18  | Enzymes introduction                                             |
|      | 2-Jan-18  | Enzyme classification                                            |
|      | 3-Jan-18  | Enzyme Kinetics                                                  |
|      | 4-Jan-18  | .....                                                            |
|      | 5-Jan-18  | .....                                                            |
|      | 6-Jan-18  | .....                                                            |
|      | 7-Jan-18  | Sunday                                                           |
| 2    | 8-Jan-18  | Lineweaver Burk plot/Double reciprocal plot                      |
|      | 9-Jan-18  | Effect of pH, temperature on enzyme activity, Allosteric enzymes |
|      | 10-Jan-18 | Enzyme Inhibition                                                |
|      | 11-Jan-18 | .....                                                            |
|      | 12-Jan-18 | .....                                                            |
|      | 13-Jan-18 | .....                                                            |
|      | 14-Jan-18 | Sunday                                                           |
| 3    | 15-Jan-18 | Vitamins and Hormones: Introduction, Types of vitamins           |
|      | 16-Jan-18 | structure of water soluble vitamins                              |
|      | 17-Jan-18 | Structure of Coenzymes derivatives                               |
|      | 18-Jan-18 | .....                                                            |
|      | 19-Jan-18 | .....                                                            |
|      | 20-Jan-18 | .....                                                            |
|      | 21-Jan-18 | Sunday                                                           |
| 4    | 22-Jan-18 | Vasant Panchami                                                  |
|      | 23-Jan-18 | Fat soluble vitamins Deficiency symptoms and dietary sources     |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                                           |
|      | 25-Jan-18 | .....                                                            |
|      | 26-Jan-18 | Republic Day                                                     |
|      | 27-Jan-18 | .....                                                            |
|      | 28-Jan-18 | Sunday                                                           |
| 5    | 29-Jan-18 | Steroid Hormones                                                 |
|      | 30-Jan-18 | Peptide hormones                                                 |
|      | 31-Jan-18 | Function of Peptide hormones                                     |

## Lesson Plan

Name of the Assistant Professor.....Dr. Surbhi Bal.....

Class and Section:.....B.Sc Biotechnology 1st year Sem 2.....

Subject:.....Paper IV (Biochemistry-II).....

| Week | Date      | Topics                                                     |
|------|-----------|------------------------------------------------------------|
| 1    | 1-Feb-18  | .....                                                      |
|      | 2-Feb-18  | .....                                                      |
|      | 3-Feb-18  | .....                                                      |
|      | 4-Feb-18  | Sunday                                                     |
| 2    | 5-Feb-18  | Metabolism: General introduction, catabolism and anabolism |
|      | 6-Feb-18  | Carbohydrates metabolism: Glycolysis                       |
|      | 7-Feb-18  | Tricarboxylic acid cycle                                   |
|      | 8-Feb-18  | .....                                                      |
|      | 9-Feb-18  | .....                                                      |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti                        |
|      | 11-Feb-18 | Sunday                                                     |
| 3    | 12-Feb-18 | Gluconeogenesis                                            |
|      | 13-Feb-18 | Maha Shivratri                                             |
|      | 14-Feb-18 | Glycogenolysis                                             |
|      | 15-Feb-18 | .....                                                      |
|      | 16-Feb-18 | .....                                                      |
|      | 17-Feb-18 | .....                                                      |
|      | 18-Feb-18 | Sunday                                                     |
| 4    | 19-Feb-18 | glycogen synthesis                                         |
|      | 20-Feb-18 | Regulation of Carbohydrate metabolism                      |
|      | 21-Feb-18 | Lipid Metabolism: $\beta$ -oxidation of fatty acids        |
|      | 22-Feb-18 | Sessional exam                                             |
|      | 23-Feb-18 | Assignment                                                 |
|      | 24-Feb-18 | .....                                                      |
|      | 25-Feb-18 | Sunday                                                     |
| 5    | 26-Feb-18 | Degradation of Triacylglycerols                            |
|      | 27-Feb-18 | Degradation of Triacylglycerols contd                      |
|      | 28-Feb-18 | Spring break                                               |

## Lesson Plan

Name of the Assistant Professor.....Dr. Surbhi Bal.....

Class and Section:.....B.Sc Biotechnology 1st year Sem 2.....

| Week | Date      | Topics                                                     |
|------|-----------|------------------------------------------------------------|
| 1    | 1-Mar-18  | Spring break (Guru Ravidas Birthday)                       |
|      | 2-Mar-18  | Spring break (Holi)                                        |
|      | 3-Mar-18  | Spring break                                               |
|      | 4-Mar-18  | Sunday                                                     |
| 2    | 5-Mar-18  | Synthesis of Fatty acids                                   |
|      | 6-Mar-18  | Contd.                                                     |
|      | 7-Mar-18  | Contd.                                                     |
|      | 8-Mar-18  | .....                                                      |
|      | 9-Mar-18  | .....                                                      |
|      | 10-Mar-18 | .....                                                      |
|      | 11-Mar-18 | Sunday                                                     |
| 3    | 12-Mar-18 | Amino acid Metabolism: Transamination                      |
|      | 13-Mar-18 | Contd.                                                     |
|      | 14-Mar-18 | Oxidative deamination                                      |
|      | 15-Mar-18 | .....                                                      |
|      | 16-Mar-18 | .....                                                      |
|      | 17-Mar-18 | .....                                                      |
|      | 18-Mar-18 | Sunday                                                     |
| 4    | 19-Mar-18 | Oxidative deamination contd.                               |
|      | 20-Mar-18 | decarboxylation                                            |
|      | 21-Mar-18 | Contd.                                                     |
|      | 22-Mar-18 | .....                                                      |
|      | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev          |
|      | 24-Mar-18 | .....                                                      |
|      | 25-Mar-18 | Sunday/ Ram Navami                                         |
| 5    | 26-Mar-18 | Urea cycle                                                 |
|      | 27-Mar-18 | Different classes of oxidation and synthesis of aminoacids |
|      | 28-Mar-18 | Contd.                                                     |
|      | 29-Mar-18 | Mahavir Jayanti                                            |
|      | 30-Mar-18 | .....                                                      |
|      | 31-Mar-18 | .....                                                      |

## Lesson Plan

Name of the Assistant Professor.....Dr. Surbhi Bal.....

Class and Section:.....B.Sc Biotechnology 1st year Sem 2.....

Subject:.....Paper IV (Biochemistry-II).....

| Week | Date      | Topics                                      |
|------|-----------|---------------------------------------------|
| 1    | 1-Apr-18  | Sunday                                      |
|      | 2-Apr-18  | Glycogenic and ketogenic amino acids        |
|      | 3-Apr-18  | Contd.                                      |
|      | 4-Apr-18  | .....                                       |
|      | 5-Apr-18  | .....                                       |
|      | 6-Apr-18  | .....                                       |
|      | 7-Apr-18  | .....                                       |
|      | 8-Apr-18  | Sunday                                      |
| 2    | 9-Apr-18  | Glycogenic and ketogenic amino acids contd. |
|      | 10-Apr-18 | Revision + Seminar                          |
|      | 11-Apr-18 | Revision + Seminar                          |
|      | 12-Apr-18 | .....                                       |
|      | 13-Apr-18 | .....                                       |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi              |
|      | 15-Apr-18 | Sunday                                      |
| 3    | 16-Apr-18 | Revision + Seminar                          |
|      | 17-Apr-18 | Revision + Seminar                          |
|      | 18-Apr-18 | Parashurama Jayanti                         |
|      | 19-Apr-18 | .....                                       |
|      | 20-Apr-18 | .....                                       |
|      | 21-Apr-18 | .....                                       |
|      | 22-Apr-18 | Sunday                                      |
| 4    | 23-Apr-18 | .....                                       |
|      | 24-Apr-18 | .....                                       |
|      | 25-Apr-18 | .....                                       |
|      | 26-Apr-18 | .....                                       |
|      | 27-Apr-18 | .....                                       |
|      | 28-Apr-18 | .....                                       |

## LESSON Plan

Name of the Assistant Professor.....Dr. Surbhi Bal.....

Class and Section:.....B.Sc Biotechnology II year Sem IV.....

Subject:.....Paper VIII(Recombinant DNA Technology).....

| Week | Date      | Topics                                                          |
|------|-----------|-----------------------------------------------------------------|
| 1    | 1-Jan-18  | Recombinant DNA Technology and Genetic Engineering Introduction |
|      | 2-Jan-18  | Recombinant DNA Technology and Genetic Engineering history      |
|      | 3-Jan-18  | Recombinant DNA Technology and Genetic Engineering scope        |
|      | 4-Jan-18  | .....                                                           |
|      | 5-Jan-18  | .....                                                           |
|      | 6-Jan-18  | .....                                                           |
|      | 7-Jan-18  | Sunday                                                          |
| 2    | 8-Jan-18  | Recombinant DNA Technology and Genetic Engineering applications |
|      | 9-Jan-18  | Tools of Recombinant DNA technology                             |
|      | 10-Jan-18 | Contd.                                                          |
|      | 11-Jan-18 | .....                                                           |
|      | 12-Jan-18 | .....                                                           |
|      | 13-Jan-18 | .....                                                           |
|      | 14-Jan-18 | Sunday                                                          |
| 3    | 15-Jan-18 | Gene cloning tools                                              |
|      | 16-Jan-18 | Contd.                                                          |
|      | 17-Jan-18 | Contd.                                                          |
|      | 18-Jan-18 | .....                                                           |
|      | 19-Jan-18 | .....                                                           |
|      | 20-Jan-18 | .....                                                           |
|      | 21-Jan-18 | Sunday                                                          |
| 4    | 22-Jan-18 | Vasant Panchami                                                 |
|      | 23-Jan-18 | Gene Cloning Vectors: Introduction                              |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                                          |
|      | 25-Jan-18 | .....                                                           |
|      | 26-Jan-18 | Republic Day                                                    |
|      | 27-Jan-18 | .....                                                           |
|      | 28-Jan-18 | Sunday                                                          |
| 5    | 29-Jan-18 | nomenclature of vectors, properties of a suitable vector        |
|      | 30-Jan-18 | Plasmid vectors, bacteriophage                                  |
|      | 31-Jan-18 | Cosmids and phagemids                                           |

## Lesson Plan

Name of the Assistant Professor.....Dr. Surbhi Bal.....

Class and Section:.....B.Sc Biotechnology II year Sem IV.....

Subject:.....Paper VIII(Recombinant DNA Technology).....

| Week | Date      | Topics                                                               |
|------|-----------|----------------------------------------------------------------------|
| 1    | 1-Feb-18  | .....                                                                |
|      | 2-Feb-18  | .....                                                                |
|      | 3-Feb-18  | .....                                                                |
|      | 4-Feb-18  | Sunday                                                               |
| 2    | 5-Feb-18  | Properties of host, M13 vectors, Expression vectors, shuttle vectors |
|      | 6-Feb-18  | Vectors for cloning in eukaryotic cells, YACs and BACs               |
|      | 7-Feb-18  | In vitro construction of r-DNA molecules                             |
|      | 8-Feb-18  | .....                                                                |
|      | 9-Feb-18  | .....                                                                |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti                                  |
|      | 11-Feb-18 | Sunday                                                               |
| 3    | 12-Feb-18 | Transformation                                                       |
|      | 13-Feb-18 | Maha Shivratri                                                       |
|      | 14-Feb-18 | Transformation contd.                                                |
|      | 15-Feb-18 | .....                                                                |
|      | 16-Feb-18 | .....                                                                |
|      | 17-Feb-18 | .....                                                                |
|      | 18-Feb-18 | Sunday                                                               |
| 4    | 19-Feb-18 | Transformation contd                                                 |
|      | 20-Feb-18 | Marker genes- selectable and scorable markers                        |
|      | 21-Feb-18 | Gene Libraries                                                       |
|      | 22-Feb-18 | Sessional                                                            |
|      | 23-Feb-18 | Assignment                                                           |
|      | 24-Feb-18 | .....                                                                |
|      | 25-Feb-18 | Sunday                                                               |
| 5    | 26-Feb-18 | DNA amplification through PCR                                        |
|      | 27-Feb-18 | Site directed mutagenesis                                            |
|      | 28-Feb-18 | Spring break                                                         |

## Lesson Plan

Name of the Assistant Professor.....Dr. Surbhi Bal.....

Class and Section:.....B.Sc Biotechnology II year Sem IV.....

|------|-----------|-----------------------------------------------------|
| 1    | 1-Mar-18  | Spring break (Guru Ravidas Birthday)                |
|      | 2-Mar-18  | Spring break (Holi)                                 |
|      | 3-Mar-18  | Spring break                                        |
|      | 4-Mar-18  | Sunday                                              |
| 2    | 5-Mar-18  | DNA sequencing techniques                           |
|      | 6-Mar-18  | Genome Mapping                                      |
|      | 7-Mar-18  | Southern and Northern analysis, DNA finger printing |
|      | 8-Mar-18  | .....                                               |
|      | 9-Mar-18  | .....                                               |
|      | 10-Mar-18 | .....                                               |
|      | 11-Mar-18 | Sunday                                              |
| 3    | 12-Mar-18 | PAGE, Western blotting, dot blots and slot blots    |
|      | 13-Mar-18 | RFLP, RAPD, microarrays                             |
|      | 14-Mar-18 | Gene expression in prokaryotes, Promoters           |
|      | 15-Mar-18 | .....                                               |
|      | 16-Mar-18 | .....                                               |
|      | 17-Mar-18 | .....                                               |
|      | 18-Mar-18 | Sunday                                              |
| 4    | 19-Mar-18 | Promoters contd.                                    |
|      | 20-Mar-18 | Increasing protein yield-factors                    |
|      | 21-Mar-18 | Production of recombinant proteins                  |
|      | 22-Mar-18 | .....                                               |
|      | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev   |
|      | 24-Mar-18 | .....                                               |
|      | 25-Mar-18 | Sunday/ Ram Navami                                  |
| 5    | 26-Mar-18 | Translational and transcriptional fusion            |
|      | 27-Mar-18 | Applications of Recombinant DNA technology          |
|      | 28-Mar-18 | Contd.                                              |
|      | 29-Mar-18 | Mahavir Jayanti                                     |
|      | 30-Mar-18 | .....                                               |
|      | 31-Mar-18 | .....                                               |

Class and Section:.....B.Sc Biotechnology II year Sem IV.....

Subject:.....Paper VIII(Recombinant DNA Technology).....

| Week | Date      | Topics                                           |
|------|-----------|--------------------------------------------------|
| 1    | 1-Apr-18  | Sunday                                           |
|      | 2-Apr-18  | Applications of Recombinant DNA technology contd |
|      | 3-Apr-18  | Contd.                                           |
|      | 4-Apr-18  | .....                                            |
|      | 5-Apr-18  | .....                                            |
|      | 6-Apr-18  | .....                                            |
|      | 7-Apr-18  | .....                                            |
|      | 8-Apr-18  | Sunday                                           |
| 2    | 9-Apr-18  | Transgenic plants and animals                    |
|      | 10-Apr-18 | Contd.                                           |
|      | 11-Apr-18 | Revision + Seminar                               |
|      | 12-Apr-18 | .....                                            |
|      | 13-Apr-18 | .....                                            |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi                   |
|      | 15-Apr-18 | Sunday                                           |
| 3    | 16-Apr-18 | Revision + Seminar                               |
|      | 17-Apr-18 | Revision + Seminar                               |
|      | 18-Apr-18 | Parashurama Jayanti                              |
|      | 19-Apr-18 | .....                                            |
|      | 20-Apr-18 | .....                                            |
|      | 21-Apr-18 | .....                                            |
|      | 22-Apr-18 | Sunday                                           |
| 4    | 23-Apr-18 | .....                                            |
|      | 24-Apr-18 | .....                                            |
|      | 25-Apr-18 | .....                                            |
|      | 26-Apr-18 | .....                                            |
|      | 27-Apr-18 | .....                                            |
|      | 28-Apr-18 | .....                                            |

## LESSON Plan

Name of the Assistant Professor.....Dr. Surbhi Bal.....

Class and Section:.....B.Sc Biotechnology III year Sem VI.....

Subject:.....Paper XIII(Microbial Biotechnology).....

| Week | Date      | Topics                                            |
|------|-----------|---------------------------------------------------|
| 1    | 1-Jan-18  | Microbial Biotechnology                           |
|      | 2-Jan-18  | Contd.                                            |
|      | 3-Jan-18  | Contd.                                            |
|      | 4-Jan-18  | .....                                             |
|      | 5-Jan-18  | .....                                             |
|      | 6-Jan-18  | .....                                             |
|      | 7-Jan-18  | Sunday                                            |
| 2    | 8-Jan-18  | Screening and Isolation of Micro organisms        |
|      | 9-Jan-18  | Contd.                                            |
|      | 10-Jan-18 | Contd.                                            |
|      | 11-Jan-18 | .....                                             |
|      | 12-Jan-18 | .....                                             |
|      | 13-Jan-18 | .....                                             |
|      | 14-Jan-18 | Sunday                                            |
| 3    | 15-Jan-18 | Screening and Isolation of Micro organisms contd. |
|      | 16-Jan-18 | Strain improvement                                |
|      | 17-Jan-18 | Contd.                                            |
|      | 18-Jan-18 | .....                                             |
|      | 19-Jan-18 | .....                                             |
|      | 20-Jan-18 | .....                                             |
|      | 21-Jan-18 | Sunday                                            |
| 4    | 22-Jan-18 | Vasant Panchami                                   |
|      | 23-Jan-18 | Strain improvement contd.                         |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                            |
|      | 25-Jan-18 | .....                                             |
|      | 26-Jan-18 | Republic Day                                      |
|      | 27-Jan-18 | .....                                             |
|      | 28-Jan-18 | Sunday                                            |
| 5    | 29-Jan-18 | Strain preservation and maintenance               |
|      | 30-Jan-18 | Contd.                                            |
|      | 31-Jan-18 | Contd.                                            |

## Lesson Plan

Name of the Assistant Professor.....Dr. Surbhi Bal.....

Class and Section:.....B.Sc Biotechnology III year Sem VI.....

Subject:.....Paper XIII(Microbial Biotechnology).....

| Week | Date      | Topics                                      |
|------|-----------|---------------------------------------------|
| 1    | 1-Feb-18  | Nutrition and cultivation of microorganisms |
|      | 2-Feb-18  | Microbial growth kinetics                   |
|      | 3-Feb-18  | Contd.                                      |
|      | 4-Feb-18  | Sunday                                      |
| 2    | 5-Feb-18  | Fermentation types                          |
|      | 6-Feb-18  | Contd.                                      |
|      | 7-Feb-18  | Quantification of growth                    |
|      | 8-Feb-18  | .....                                       |
|      | 9-Feb-18  | .....                                       |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti         |
|      | 11-Feb-18 | Sunday                                      |
| 3    | 12-Feb-18 | Fermentation                                |
|      | 13-Feb-18 | Maha Shivratri                              |
|      | 14-Feb-18 | Microbial Fermenters/Bioreactors            |
|      | 15-Feb-18 | .....                                       |
|      | 16-Feb-18 | .....                                       |
|      | 17-Feb-18 | .....                                       |
|      | 18-Feb-18 | Sunday                                      |
| 4    | 19-Feb-18 | Microbial Fermenters/Bioreactors contd.     |
|      | 20-Feb-18 | Contd.                                      |
|      | 21-Feb-18 | Types of fermenters                         |
|      | 22-Feb-18 | Sessional                                   |
|      | 23-Feb-18 | Assignment                                  |
|      | 24-Feb-18 | .....                                       |
|      | 25-Feb-18 | Sunday                                      |
| 5    | 26-Feb-18 | Types of fermenters contd.                  |
|      | 27-Feb-18 | Contd.                                      |
|      | 28-Feb-18 | Spring break                                |

# LESSON PLAN :18WEEKS (FROM JANUARY 2018 TO APRIL 2018)

## BOTANY DEPARTMENT

### LESSON Plan

Name of the Associate Professor.....Dr. Sunita Kaushik.....

Class and Section:.....B.Sc. 1<sup>st</sup> year sem 2; section B.....

Subject:.....Botany; Paper 1(Diversity of Archegoniates)

| Week | Date      | Topics                           |
|------|-----------|----------------------------------|
| 1    | 1-Jan-18  | .....                            |
|      | 2-Jan-18  | .....                            |
|      | 3-Jan-18  | .....                            |
|      | 4-Jan-18  | General characters of Bryophytes |
|      | 5-Jan-18  | Classification of Bryophytes     |
|      | 6-Jan-18  | <i>Marchantia</i> - life cycle   |
|      | 7-Jan-18  | Sunday                           |
| 2    | 8-Jan-18  | .....                            |
|      | 9-Jan-18  | .....                            |
|      | 10-Jan-18 | .....                            |
|      | 11-Jan-18 | <i>Marchantia</i> contd.         |
|      | 12-Jan-18 | contd.                           |
|      | 13-Jan-18 | contd.                           |
|      | 14-Jan-18 | Sunday                           |
| 3    | 15-Jan-18 | .....                            |
|      | 16-Jan-18 | .....                            |
|      | 17-Jan-18 | .....                            |
|      | 18-Jan-18 | <i>Anthoceros</i> :Life cycle    |
|      | 19-Jan-18 | Contd.                           |
|      | 20-Jan-18 | Contd.                           |
|      | 21-Jan-18 | Sunday                           |
| 4    | 22-Jan-18 | Vasant Panchami                  |
|      | 23-Jan-18 | .....                            |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti           |
|      | 25-Jan-18 | <i>Anthoceros</i> contd.         |
|      | 26-Jan-18 | Republic Day                     |
|      | 27-Jan-18 | <i>Funaria</i> - Life cycle      |
|      | 28-Jan-18 | Sunday                           |
| 5    | 29-Jan-18 | .....                            |
|      | 30-Jan-18 | .....                            |
|      | 31-Jan-18 | .....                            |

| 1    | 1-Apr-18  | Sunday                         |
|      | 2-Apr-18  | .....                          |
|      | 3-Apr-18  | .....                          |
|      | 4-Apr-18  | .....                          |
|      | 5-Apr-18  | <i>Funaria</i> - Life cycle    |
|      | 6-Apr-18  | Contd.                         |
|      | 7-Apr-18  | Contd.                         |
|      | 8-Apr-18  | Sunday                         |
| 2    | 9-Apr-18  | .....                          |
|      | 10-Apr-18 | .....                          |
|      | 11-Apr-18 | .....                          |
|      | 12-Apr-18 | <i>Funaria</i> contd.          |
|      | 13-Apr-18 | Contd.                         |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi |
|      | 15-Apr-18 | Sunday                         |
| 3    | 16-Apr-18 | .....                          |
|      | 17-Apr-18 | .....                          |
|      | 18-Apr-18 | Parashurama Jayanti            |
|      | 19-Apr-18 | Revision +seminar              |
|      | 20-Apr-18 | Revision +seminar              |
|      | 21-Apr-18 | Revision +seminar              |
|      | 22-Apr-18 | Sunday                         |
| 4    | 23-Apr-18 | .....                          |
|      | 24-Apr-18 | .....                          |
|      | 25-Apr-18 | .....                          |
|      | 26-Apr-18 | .....                          |
|      | 27-Apr-18 | .....                          |
|      | 28-Apr-18 | .....                          |

## LESSON Plan

Name of the Associate Professor.....Dr. Sunita Kaushik .....

Class and Section:.....B.Sc. 3<sup>rd</sup> year 6<sup>th</sup> Sem, Section B.....

Subject:.....Botany, Paper II Economic Botany.....

| Week | Date      | Topics                       |
|------|-----------|------------------------------|
| 1    | 1-Jan-18  | General introduction         |
|      | 2-Jan-18  | Intriduction of food plants  |
|      | 3-Jan-18  | Detailed study of rice       |
|      | 4-Jan-18  | .....                        |
|      | 5-Jan-18  | .....                        |
|      | 6-Jan-18  | .....                        |
|      | 7-Jan-18  | Sunday                       |
| 2    | 8-Jan-18  | Detailed study of rice cond. |
|      | 9-Jan-18  | Detailed study of wheat      |
|      | 10-Jan-18 | cond.                        |
|      | 11-Jan-18 | .....                        |
|      | 12-Jan-18 | .....                        |
|      | 13-Jan-18 | .....                        |
|      | 14-Jan-18 | Sunday                       |
| 3    | 15-Jan-18 | Detailed study of Maize      |
|      | 16-Jan-18 | contd.                       |
|      | 17-Jan-18 | Introduction of pulses       |
|      | 18-Jan-18 | .....                        |
|      | 19-Jan-18 | .....                        |
|      | 20-Jan-18 | .....                        |
|      | 21-Jan-18 | Sunday                       |
| 4    | 22-Jan-18 | Vasant Panchami              |
|      | 23-Jan-18 | Study of Gram                |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti       |
|      | 25-Jan-18 | .....                        |
|      | 26-Jan-18 | Republic Day                 |
|      | 27-Jan-18 | .....                        |
|      | 28-Jan-18 | Sunday                       |
| 5    | 29-Jan-18 | Study of arhar               |
|      | 30-Jan-18 | Study of pea                 |
|      | 31-Jan-18 | Study of pea contd.          |

Name of the Associate Professor...Dr. Neena Bajaj .....

Class and Section:.....B.Sc. 1<sup>st</sup> year 2<sup>nd</sup> Sem Section b.....

Subject:.....Botany, paper II , Genetics .....

| Week | Date      | Topics                        |
|------|-----------|-------------------------------|
| 1    | 1-Jan-18  | DNA the genetic material,     |
|      | 2-Jan-18  | DNA structure and replication |
|      | 3-Jan-18  | contd.                        |
|      | 4-Jan-18  | .....                         |
|      | 5-Jan-18  | .....                         |
|      | 6-Jan-18  | .....                         |
|      | 7-Jan-18  | Sunday                        |
| 2    | 8-Jan-18  | DNA structure and replication |
|      | 9-Jan-18  | DNA-Protein interaction,      |
|      | 10-Jan-18 | Nucleosome Model              |
|      | 11-Jan-18 | .....                         |
|      | 12-Jan-18 | .....                         |
|      | 13-Jan-18 | .....                         |
|      | 14-Jan-18 | Sunday                        |
| 3    | 15-Jan-18 | Generic code                  |
|      | 16-Jan-18 | Contd.                        |
|      | 17-Jan-18 | Contd.                        |
|      | 18-Jan-18 | .....                         |
|      | 19-Jan-18 | .....                         |
|      | 20-Jan-18 | .....                         |
|      | 21-Jan-18 | Sunday                        |
| 4    | 22-Jan-18 | Vasant Panchami               |
|      | 23-Jan-18 | Satellite and Repetitive DNA  |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti        |
|      | 25-Jan-18 | .....                         |
|      | 26-Jan-18 | Republic Day                  |
|      | 27-Jan-18 | .....                         |
|      | 28-Jan-18 | Sunday                        |
| 5    | 29-Jan-18 | Mendelism: introduction       |
|      | 30-Jan-18 | Laws of segregation           |
|      | 31-Jan-18 | Laws of segregation           |

## Lesson Plan

Name of the Associate Professor...Dr. Neena Bajaj .....

Class and Section:.....B.Sc. 1<sup>st</sup> year 2<sup>nd</sup> Sem Section b.....

Subject:.....Botany, Paper II , Genetics .....

| Week | Date      | Topics                               |
|------|-----------|--------------------------------------|
| 1    | 1-Feb-18  |                                      |
|      | 2-Feb-18  |                                      |
|      | 3-Feb-18  |                                      |
|      | 4-Feb-18  | Sunday                               |
| 2    | 5-Feb-18  | Law of Independent Assortment        |
|      | 6-Feb-18  | Contd.                               |
|      | 7-Feb-18  | Linkage analysis                     |
|      | 8-Feb-18  | .....                                |
|      | 9-Feb-18  | .....                                |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti  |
|      | 11-Feb-18 | Sunday                               |
| 3    | 12-Feb-18 | Allelic and non-allelic interactions |
|      | 13-Feb-18 | Maha Shivratri                       |
|      | 14-Feb-18 | Allelic and non-allelic interactions |
|      | 15-Feb-18 | .....                                |
|      | 16-Feb-18 | .....                                |
|      | 17-Feb-18 | .....                                |
|      | 18-Feb-18 | Sunday                               |
| 4    | 19-Feb-18 | Mutations                            |
|      | 20-Feb-18 | Contd.                               |
|      | 21-Feb-18 | Transposable genetic elements        |
|      | 22-Feb-18 | .....                                |
|      | 23-Feb-18 | .....                                |
|      | 24-Feb-18 | .....                                |
|      | 25-Feb-18 | Sunday                               |
| 5    | 26-Feb-18 | DNA damage and repair                |
|      | 27-Feb-18 | DNA damage and repair                |
|      | 28-Feb-18 | Spring Break                         |

## Lesson Plan

Name of the Associate Professor...Dr. Neena Bajaj .....

Class and Section:.....B.Sc. 1<sup>st</sup> year 2<sup>nd</sup> Sem Section b.....

Subject:.....Botany, paper II , Genetics .....

| Week | Date      | Topics                                            |
|------|-----------|---------------------------------------------------|
| 1    | 1-Mar-18  | Spring Break (Guru Ravidas Birthday)              |
|      | 2-Mar-18  | Spring Break (Holi)                               |
|      | 3-Mar-18  | Spring Break                                      |
|      | 4-Mar-18  | Sunday                                            |
| 2    | 5-Mar-18  | Modern concept of gene and introduction of RNA    |
|      | 6-Mar-18  | Ribosomes                                         |
|      | 7-Mar-18  | Transfer of genetic information- Transcription    |
|      | 8-Mar-18  | .....                                             |
|      | 9-Mar-18  | .....                                             |
|      | 10-Mar-18 | .....                                             |
|      | 11-Mar-18 | Sunday                                            |
| 3    | 12-Mar-18 | Transcription contd.                              |
|      | 13-Mar-18 | Contd.                                            |
|      | 14-Mar-18 | Translation                                       |
|      | 15-Mar-18 | .....                                             |
|      | 16-Mar-18 | .....                                             |
|      | 17-Mar-18 | .....                                             |
|      | 18-Mar-18 | Sunday                                            |
| 4    | 19-Mar-18 | Translation contd.                                |
|      | 20-Mar-18 | Contd.                                            |
|      | 21-Mar-18 | Regulation of gene expression                     |
|      | 22-Mar-18 | Assignment                                        |
|      | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev |
|      | 24-Mar-18 | .....                                             |
|      | 25-Mar-18 | Sunday/ Ram Navami                                |
| 5    | 26-Mar-18 | Regulation of gene expression contd.              |
|      | 27-Mar-18 | Contd.                                            |
|      | 28-Mar-18 | Contd.                                            |
|      | 29-Mar-18 | Mahavir Jayanti                                   |
|      | 30-Mar-18 | .....                                             |
|      | 31-Mar-18 | .....                                             |

## Lesson Plan

Name of the Associate Professor...Dr. Neena Bajaj .....

Class and Section:.....B.Sc. 1<sup>st</sup> year 2<sup>nd</sup> Sem Section b.....

Subject:.....Botany, paper II , Genetics .....

| Week | Date      | Topics                                 |
|------|-----------|----------------------------------------|
| 1    | 1-Apr-18  | Sunday                                 |
|      | 2-Apr-18  | Primary structure (1D) of proteins     |
|      | 3-Apr-18  | Secondary structure (2D) of proteins   |
|      | 4-Apr-18  | Tertiary structure of (3D) of proteins |
|      | 5-Apr-18  | .....                                  |
|      | 6-Apr-18  | .....                                  |
|      | 7-Apr-18  | .....                                  |
|      | 8-Apr-18  | Sunday                                 |
| 2    | 9-Apr-18  | Extra nuclear inheritance              |
|      | 10-Apr-18 | Extra nuclear inheritance contd.       |
|      | 11-Apr-18 | contd.                                 |
|      | 12-Apr-18 | .....                                  |
|      | 13-Apr-18 | .....                                  |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi         |
|      | 15-Apr-18 | Sunday                                 |
| 3    | 16-Apr-18 | Revision +seminar                      |
|      | 17-Apr-18 | Revision +seminar                      |
|      | 18-Apr-18 | Parashurama Jayanti                    |
|      | 19-Apr-18 | .....                                  |
|      | 20-Apr-18 | .....                                  |
|      | 21-Apr-18 | .....                                  |
|      | 22-Apr-18 | Sunday                                 |
| 4    | 23-Apr-18 | .....                                  |
|      | 24-Apr-18 | .....                                  |
|      | 25-Apr-18 | .....                                  |
|      | 26-Apr-18 | .....                                  |
|      | 27-Apr-18 | .....                                  |
|      | 28-Apr-18 | .....                                  |

## LESSON Plan

Name of the Associate Professor.....Dr. Neena Bajaj .....

Class and Section:..... B.Sc. 3<sup>rd</sup> year 6<sup>th</sup> Sem, Section B .....

Subject: Botany Paper – I Biochemistry and Plant Biotechnology.....

| Week | Date      | Topics                                                          |
|------|-----------|-----------------------------------------------------------------|
| 1    | 1-Jan-18  | .....                                                           |
|      | 2-Jan-18  | .....                                                           |
|      | 3-Jan-18  | .....                                                           |
|      | 4-Jan-18  | Discovery and nomenclature; characteristics of enzymes          |
|      | 5-Jan-18  | Concept of holoenzyme, apoenzyme, coenzyme and co-factors       |
|      | 6-Jan-18  | Regulation of enzyme activity; mechanism of action of enzyme    |
|      | 7-Jan-18  | Sunday                                                          |
| 2    | 8-Jan-18  | .....                                                           |
|      | 9-Jan-18  | .....                                                           |
|      | 10-Jan-18 | .....                                                           |
|      | 11-Jan-18 | Definitions of growth and development                           |
|      | 12-Jan-18 | History and mechanism of action of plant hormone auxins         |
|      | 13-Jan-18 | History and mechanism of action of plant hormone gibberellins   |
|      | 14-Jan-18 | Sunday                                                          |
| 3    | 15-Jan-18 | .....                                                           |
|      | 16-Jan-18 | .....                                                           |
|      | 17-Jan-18 | .....                                                           |
|      | 18-Jan-18 | History and mechanism of action of plant hormone cytokinins,    |
|      | 19-Jan-18 | History and mechanism of action of plant hormone abscissic acid |
|      | 20-Jan-18 | History and mechanism of action of plant hormone ethylene       |
|      | 21-Jan-18 | Sunday                                                          |
| 4    | 22-Jan-18 | Vasant Panchami                                                 |
|      | 23-Jan-18 | .....                                                           |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                                          |
|      | 25-Jan-18 | Photo-morphogenesis                                             |
|      | 26-Jan-18 | Republic Day                                                    |
|      | 27-Jan-18 | Physiological role and mechanism of action of phytochrome       |
|      | 28-Jan-18 | Sunday                                                          |
| 5    | 29-Jan-18 | .....                                                           |
|      | 30-Jan-18 | .....                                                           |
|      | 31-Jan-18 | .....                                                           |

## Lesson Plan

Name of the Associate Professor.....Dr. Neena Bajaj .....

Class and Section:..... B.Sc. 3<sup>rd</sup> year 6<sup>th</sup> Sem, Section B .....

Subject: Botany Paper – I Biochemistry and Plant Biotechnology.....

| Week | Date      | Topics                                                     |
|------|-----------|------------------------------------------------------------|
| 1    | 1-Feb-18  | Structure and functions of lipids; fatty acid biosynthesis |
|      | 2-Feb-18  | B-oxidation of saturated and unsaturated fatty acids       |
|      | 3-Feb-18  | Storage and mobilization of fatty acids                    |
|      | 4-Feb-18  | Sunday                                                     |
| 2    | 5-Feb-18  | .....                                                      |
|      | 6-Feb-18  | .....                                                      |
|      | 7-Feb-18  | .....                                                      |
|      | 8-Feb-18  | Biology of nitrogen fixation; ammonium assimilation        |
|      | 9-Feb-18  | Importance of nitrate reductase and its regulation         |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti                        |
|      | 11-Feb-18 | Sunday                                                     |
| 3    | 12-Feb-18 | .....                                                      |
|      | 13-Feb-18 | Maha Shivratri                                             |
|      | 14-Feb-18 | .....                                                      |
|      | 15-Feb-18 | Genetic engineering- tools                                 |
|      | 16-Feb-18 | Genetic engineering-techniques                             |
|      | 17-Feb-18 | Cloning vectors                                            |
|      | 18-Feb-18 | Sunday                                                     |
| 4    | 19-Feb-18 | .....                                                      |
|      | 20-Feb-18 | .....                                                      |
|      | 21-Feb-18 | Sessional exam                                             |
|      | 22-Feb-18 | Assignment                                                 |
|      | 23-Feb-18 | Cloning vectors                                            |
|      | 24-Feb-18 | Cloning vectors                                            |
|      | 25-Feb-18 | Sunday                                                     |
| 5    | 26-Feb-18 | .....                                                      |
|      | 27-Feb-18 | .....                                                      |
|      | 28-Feb-18 | Spring Break                                               |

## Lesson Plan

Name of the Associate Professor.....Dr. Neena Bajaj .....

Class and Section:..... B.Sc. 3<sup>rd</sup> year 6<sup>th</sup> Sem, Section B .....

Subject: Botany Paper – I Biochemistry and Plant Biotechnology.....

| Week | Date      | Topics                                            |
|------|-----------|---------------------------------------------------|
| 1    | 1-Mar-18  | Spring Break (Guru Ravidas Birthday)              |
|      | 2-Mar-18  | Spring Break (Holi)                               |
|      | 3-Mar-18  | Spring Break                                      |
|      | 4-Mar-18  | Sunday                                            |
| 2    | 5-Mar-18  | .....                                             |
|      | 6-Mar-18  | .....                                             |
|      | 7-Mar-18  | .....                                             |
|      | 8-Mar-18  | Genomic and c-DNA library                         |
|      | 9-Mar-18  | Genomic and c-DNA library contd.                  |
|      | 10-Mar-18 | Transposable elements                             |
|      | 11-Mar-18 | Sunday                                            |
| 3    | 12-Mar-18 | .....                                             |
|      | 13-Mar-18 | .....                                             |
|      | 14-Mar-18 | .....                                             |
|      | 15-Mar-18 | Transposable elements contd.                      |
|      | 16-Mar-18 | Contd.                                            |
|      | 17-Mar-18 | "contd.                                           |
|      | 18-Mar-18 | Sunday                                            |
| 4    | 19-Mar-18 | .....                                             |
|      | 20-Mar-18 | .....                                             |
|      | 21-Mar-18 | .....                                             |
|      | 22-Mar-18 | Plant tissue culture- aspects                     |
|      | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev |
|      | 24-Mar-18 | Plant tissue culture contd.                       |
|      | 25-Mar-18 | Sunday/ Ram Navami                                |
| 5    | 26-Mar-18 | .....                                             |
|      | 27-Mar-18 | .....                                             |
|      | 28-Mar-18 | .....                                             |
|      | 29-Mar-18 | Mahavir Jayanti                                   |
|      | 30-Mar-18 | Cellular totipotency                              |
|      | 31-Mar-18 | Cellular totipotency contd.                       |

|      | 28-Apr-18 | .....                                      |

## **LESSON PLAN**

**NAME OF THE ASSISTANT/ ASSOCIATE PROFESSOR: DR. INAM MOHAMMED**

**CLASS AND SECTION: B. SC. II (IV) SEMESTER, SEC. A+B**

**SUBJECT: BOTANY PAPER: I BIOLOGY AND DIVERSITY OF SEED PLANTS-II**

| Week | Date      | Topics                                                                  |
|------|-----------|-------------------------------------------------------------------------|
| 1    | 1-Jan-18  | Taxonomy and Systematics                                                |
|      | 2-Jan-18  | Continued                                                               |
|      | 3-Jan-18  | Continued                                                               |
|      | 4-Jan-18  | Taxonomy and Systematics                                                |
|      | 5-Jan-18  | Continued                                                               |
|      | 6-Jan-18  | Continued                                                               |
|      | 7-Jan-18  | Sunday                                                                  |
| 2    | 8-Jan-18  | Fundamental Components of Taxonomy                                      |
|      | 9-Jan-18  | Continued                                                               |
|      | 10-Jan-18 | Continued                                                               |
|      | 11-Jan-18 | Fundamental Components of Taxonomy                                      |
|      | 12-Jan-18 | Continued                                                               |
|      | 13-Jan-18 | Continued                                                               |
|      | 14-Jan-18 | Sunday                                                                  |
| 3    | 15-Jan-18 | Identification, Classification, Description, Nomenclature and Phylogeny |
|      | 16-Jan-18 | Continued                                                               |
|      | 17-Jan-18 | Continued                                                               |
|      | 18-Jan-18 | Identification, Classification, Description, Nomenclature and Phylogeny |
|      | 19-Jan-18 | Continued                                                               |
|      | 20-Jan-18 | Continued                                                               |
|      | 21-Jan-18 | Sunday                                                                  |
| 4    | 22-Jan-18 | Vasant Panchami                                                         |
|      | 23-Jan-18 | Role of Chemotaxonomy in Relation to solve Taxonomic Problems           |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                                                  |
|      | 25-Jan-18 | Role of Chemotaxonomy in Relation to solve Taxonomic Problems           |
|      | 26-Jan-18 | Republic Day                                                            |
|      | 27-Jan-18 | Revision                                                                |
|      | 28-Jan-18 | Sunday                                                                  |
| 5    | 29-Jan-18 | Cytotaxonomy and Taximetrics in relation to Taxonomy                    |
|      | 30-Jan-18 | Botanical Nomenclature, Principles and Rules, Principle of Priority     |
|      | 31-Jan-18 | Type Concept                                                            |

|      | 8-Mar-18  | <i>Selaginella</i> contd.                         |
|      | 9-Mar-18  | Contd.                                            |
|      | 10-Mar-18 | Contd.                                            |
|      | 11-Mar-18 | Sunday                                            |
| 3    | 12-Mar-18 | .....                                             |
|      | 13-Mar-18 | .....                                             |
|      | 14-Mar-18 | .....                                             |
|      | 15-Mar-18 | <i>Equisetum</i> : Life Cycle                     |
|      | 16-Mar-18 | Contd.                                            |
|      | 17-Mar-18 | Contd.                                            |
|      | 18-Mar-18 | Sunday                                            |
| 4    | 19-Mar-18 | .....                                             |
|      | 20-Mar-18 | .....                                             |
|      | 21-Mar-18 | .....                                             |
|      | 22-Mar-18 | <i>Equisetum</i> contd.                           |
|      | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev |
|      | 24-Mar-18 | <i>Equisetum</i> contd                            |
|      | 25-Mar-18 | Sunday/ Ram Navami                                |
| 5    | 26-Mar-18 | .....                                             |
|      | 27-Mar-18 | .....                                             |
|      | 28-Mar-18 | .....                                             |
|      | 29-Mar-18 | Mahavir Jayanti                                   |
|      | 30-Mar-18 | <i>Equisetum</i> contd                            |
|      | 31-Mar-18 | Contd.                                            |

## Lesson Plan

Name of the Assistant Professor.....Ms. Rajni.....

Class and Section:.....B.Sc. 1<sup>st</sup> year Sem 2; Section A.....

Subject:..... Botany; Paper 1(Diversity of Archegoniates).....

| Week | Date      | Topics                         |
|------|-----------|--------------------------------|
| 1    | 1-Apr-18  | Sunday                         |
|      | 2-Apr-18  | .....                          |
|      | 3-Apr-18  | .....                          |
|      | 4-Apr-18  | .....                          |
|      | 5-Apr-18  | <i>Funaria</i> - Life cycle    |
|      | 6-Apr-18  | Contd.                         |
|      | 7-Apr-18  | Contd.                         |
|      | 8-Apr-18  | Sunday                         |
| 2    | 9-Apr-18  | .....                          |
|      | 10-Apr-18 | .....                          |
|      | 11-Apr-18 | .....                          |
|      | 12-Apr-18 | <i>Funaria</i> contd.          |
|      | 13-Apr-18 | Contd.                         |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi |
|      | 15-Apr-18 | Sunday                         |
| 3    | 16-Apr-18 | .....                          |
|      | 17-Apr-18 | .....                          |
|      | 18-Apr-18 | Parashurama Jayanti            |
|      | 19-Apr-18 | Revision +seminar              |
|      | 20-Apr-18 | Revision +seminar              |
|      | 21-Apr-18 | Revision +seminar              |
|      | 22-Apr-18 | Sunday                         |
| 4    | 23-Apr-18 | .....                          |
|      | 24-Apr-18 | .....                          |
|      | 25-Apr-18 | .....                          |
|      | 26-Apr-18 | .....                          |
|      | 27-Apr-18 | .....                          |
|      | 28-Apr-18 | .....                          |

**LESSON PLAN****NAME OF THE ASSISTANT/ ASSOCIATE PROFESSOR: MS. RAJNI****CLASS AND SECTION: B. SC. II (IV) SEMESTER, SEC. A+B****SUBJECT: BOTANY PAPER: II PLANT EMBRYOLOGY**

| Week | Date      | Topics                                                           |
|------|-----------|------------------------------------------------------------------|
| 1    | 1-Jan-18  | Flower-a modified shoot                                          |
|      | 2-Jan-18  | Flower-a modified shoot                                          |
|      | 3-Jan-18  | Flower-a modified shoot                                          |
|      | 4-Jan-18  | Flower-a modified shoot                                          |
|      | 5-Jan-18  | Flower-a modified shoot                                          |
|      | 6-Jan-18  | Flower-a modified shoot                                          |
|      | 7-Jan-18  | Sunday                                                           |
| 2    | 8-Jan-18  | Functions of various floral parts                                |
|      | 9-Jan-18  | Functions of various floral parts                                |
|      | 10-Jan-18 | Functions of various floral parts                                |
|      | 11-Jan-18 | Functions of various floral parts                                |
|      | 12-Jan-18 | Functions of various floral parts                                |
|      | 13-Jan-18 | Functions of various floral parts                                |
|      | 14-Jan-18 | Sunday                                                           |
| 3    | 15-Jan-18 | Microsporangium, its wall and dehiscence mechanism               |
|      | 16-Jan-18 | Microsporangium, its wall and dehiscence mechanism               |
|      | 17-Jan-18 | Microsporogenesis, Pollen Grains and its Structure (pollen wall) |
|      | 18-Jan-18 | Microsporangium, its wall and dehiscence mechanism.              |
|      | 19-Jan-18 | Microsporangium, its wall and dehiscence mechanism.              |
|      | 20-Jan-18 | Microsporogenesis, Pollen Grains and its Structure (pollen wall) |
|      | 21-Jan-18 | Sunday                                                           |
| 4    | 22-Jan-18 | Vasant Panchami                                                  |
|      | 23-Jan-18 | Pollen-Pistil Interaction                                        |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                                           |
|      | 25-Jan-18 | Pollen-Pistil Interaction                                        |
|      | 26-Jan-18 | Republic Day                                                     |
|      | 27-Jan-18 | Pollen-Pistil Interaction                                        |
|      | 28-Jan-18 | Sunday                                                           |
| 5    | 29-Jan-18 | Self- Incompatibility                                            |
|      | 30-Jan-18 | Pollination (types and agencies)                                 |
|      | 31-Jan-18 | Pollen Germination (microgametogenesis)                          |

| Week | Date      | Topics                                                |
|------|-----------|-------------------------------------------------------|
| 1    | 1-Feb-18  | Self incompatibility                                  |
|      | 2-Feb-18  | Pollination (types and agencies)                      |
|      | 3-Feb-18  | pollen germination (microgametogenesis)               |
|      | 4-Feb-18  | Sunday                                                |
| 2    | 5-Feb-18  | Male gametophyte.                                     |
|      | 6-Feb-18  | Structure of Megasporangium (ovule),                  |
|      | 7-Feb-18  | Structure of Megasporangium (ovule) and its Curvature |
|      | 8-Feb-18  | Male gametophyte.                                     |
|      | 9-Feb-18  | Structure of Megasporangium (ovule),                  |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti                   |
|      | 11-Feb-18 | Sunday                                                |
| 3    | 12-Feb-18 | Megasporogenesis                                      |
|      | 13-Feb-18 | Maha Shivratri                                        |
|      | 14-Feb-18 | Megagametogenesis                                     |
|      | 15-Feb-18 | Structure of Megasporangium (ovule) and its Curvature |
|      | 16-Feb-18 | Megasporogenesis                                      |
|      | 17-Feb-18 | Megagametogenesis                                     |
|      | 18-Feb-18 | Sunday                                                |
| 4    | 19-Feb-18 | Female gametophyte                                    |
|      | 20-Feb-18 | Mono-, Bi- and Tetrasporic Embryo-sac                 |
|      | 21-Feb-18 | Double fertilization                                  |
|      | 22-Feb-18 | Female gametophyte                                    |
|      | 23-Feb-18 | Mono-, Bi- and Tetrasporic Embryo-sac                 |
|      | 24-Feb-18 | Double fertilization                                  |
|      | 25-Feb-18 | Sunday                                                |
| 5    | 26-Feb-18 | Revision studied topics                               |
|      | 27-Feb-18 | Revision studied topics                               |
|      | 28-Feb-18 | Spring break                                          |

| Week | Date      | Topics                                                               |
|------|-----------|----------------------------------------------------------------------|
| 1    | 1-Mar-18  | Spring break (Guru Ravidas Birthday)                                 |
|      | 2-Mar-18  | Spring break (Holi)                                                  |
|      | 3-Mar-18  | Spring break                                                         |
|      | 4-Mar-18  | Sunday                                                               |
| 2    | 5-Mar-18  | Endosperm types and its biological importance                        |
|      | 6-Mar-18  | Endosperm types and its biological importance                        |
|      | 7-Mar-18  | Embryogenesis                                                        |
|      | 8-Mar-18  | Female gametophyte and Endosperm types and its biological importance |
|      | 9-Mar-18  | Endosperm types and its biological importance                        |
|      | 10-Mar-18 | Embryogenesis                                                        |
|      | 11-Mar-18 | Sunday                                                               |
| 3    | 12-Mar-18 | Embryogenesis in Dicot                                               |
|      | 13-Mar-18 | Embryogenesis in Monocot                                             |
|      | 14-Mar-18 | Polyembryony                                                         |
|      | 15-Mar-18 | Embryogenesis in Dicot                                               |
|      | 16-Mar-18 | Embryogenesis in Monocot                                             |
|      | 17-Mar-18 | Polyembryony                                                         |
|      | 18-Mar-18 | Sunday                                                               |
| 4    | 19-Mar-18 | Structure of Dicot Seed                                              |
|      | 20-Mar-18 | Structure of Monocot Seed                                            |
|      | 21-Mar-18 | Revision                                                             |
|      | 22-Mar-18 | Structure of Dicot Seed                                              |
|      | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev                    |
|      | 24-Mar-18 | Structure of Monocot Seed                                            |
|      | 25-Mar-18 | Sunday/ Ram Navami                                                   |
| 5    | 26-Mar-18 | Fruit types                                                          |
|      | 27-Mar-18 | Fruit types                                                          |
|      | 28-Mar-18 | Revision                                                             |
|      | 29-Mar-18 | Mahavir Jayanti                                                      |
|      | 30-Mar-18 | Fruit types                                                          |
|      | 31-Mar-18 | Fruit types                                                          |

**LESSON PLAN****NAME OF THE ASSISTANT/ ASSOCIATE PROFESSOR: MS. RAJNI****CLASS AND SECTION: B. SC. II (IV) SEMESTER, SEC. A+B****SUBJECT: BOTANY PAPER: II PLANT EMBRYOLOGY**

| Week | Date      | Topics                                   |
|------|-----------|------------------------------------------|
| 1    | 1-Apr-18  | Sunday                                   |
|      | 2-Apr-18  | Dispersal mechanisms                     |
|      | 3-Apr-18  | Dispersal mechanisms in Fruits           |
|      | 4-Apr-18  | Dispersal mechanisms in Seeds            |
|      | 5-Apr-18  | Dispersal mechanisms                     |
|      | 6-Apr-18  | Dispersal mechanisms in Fruits           |
|      | 7-Apr-18  | Dispersal mechanisms in Seeds            |
|      | 8-Apr-18  | Sunday                                   |
| 2    | 9-Apr-18  | Revision of Syllabus before Spring break |
|      | 10-Apr-18 | Revision of Syllabus before Spring break |
|      | 11-Apr-18 | Revision of Syllabus before Spring break |
|      | 12-Apr-18 | Revision of Syllabus before Spring break |
|      | 13-Apr-18 | Revision of Syllabus before Spring break |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi           |
|      | 15-Apr-18 | Sunday                                   |
| 3    | 16-Apr-18 | Revision of Syllabus after Spring break  |
|      | 17-Apr-18 | Revision of Syllabus after Spring break  |
|      | 18-Apr-18 | Parashurama Jayanti                      |
|      | 19-Apr-18 | Revision of Syllabus after Spring break  |
|      | 20-Apr-18 | Revision of Syllabus after Spring break  |
|      | 21-Apr-18 | Revision of Syllabus after Spring break  |
|      | 22-Apr-18 | Sunday                                   |
| 4    | 23-Apr-18 | Revision of all Syllabus and topics      |
|      | 24-Apr-18 | Revision of all Syllabus and topics      |
|      | 25-Apr-18 | Revision of all Syllabus and topics      |
|      | 26-Apr-18 | Revision of all Syllabus and topics      |
|      | 27-Apr-18 | Revision of all Syllabus and topics      |
|      | 28-Apr-18 | Revision of all Syllabus and topics      |

## LESSON Plan

Name of the Assistant Professor...Ms. Himani .....

Class and Section:.....B.Sc. 1<sup>st</sup> year 2<sup>nd</sup> Sem Section A.....

Subject:.....Botany, paper II , Genetics .....

| Week | Date      | Topics                        |
|------|-----------|-------------------------------|
| 1    | 1-Jan-18  | DNA the genetic material,     |
|      | 2-Jan-18  | DNA structure and replication |
|      | 3-Jan-18  | contd.                        |
|      | 4-Jan-18  | .....                         |
|      | 5-Jan-18  | .....                         |
|      | 6-Jan-18  | .....                         |
|      | 7-Jan-18  | Sunday                        |
| 2    | 8-Jan-18  | DNA structure and replication |
|      | 9-Jan-18  | DNA-Protein interaction,      |
|      | 10-Jan-18 | Nucleosome Model              |
|      | 11-Jan-18 | .....                         |
|      | 12-Jan-18 | .....                         |
|      | 13-Jan-18 | .....                         |
|      | 14-Jan-18 | Sunday                        |
| 3    | 15-Jan-18 | Generic code                  |
|      | 16-Jan-18 | Contd.                        |
|      | 17-Jan-18 | Contd.                        |
|      | 18-Jan-18 | .....                         |
|      | 19-Jan-18 | .....                         |
|      | 20-Jan-18 | .....                         |
|      | 21-Jan-18 | Sunday                        |
| 4    | 22-Jan-18 | Vasant Panchami               |
|      | 23-Jan-18 | Satellite and Repetitive DNA  |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti        |
|      | 25-Jan-18 | .....                         |
|      | 26-Jan-18 | Republic Day                  |
|      | 27-Jan-18 | .....                         |
|      | 28-Jan-18 | Sunday                        |
| 5    | 29-Jan-18 | Mendelism: introduction       |
|      | 30-Jan-18 | Laws of segregation           |
|      | 31-Jan-18 | Laws of segregation           |

|------|-----------|-----------------------------------------------------------------|
| 1    | 1-Jan-18  | .....                                                           |
|      | 2-Jan-18  | .....                                                           |
|      | 3-Jan-18  | .....                                                           |
|      | 4-Jan-18  | Discovery and nomenclature; characteristics of enzymes          |
|      | 5-Jan-18  | Concept of holoenzyme, apoenzyme, coenzyme and co-factors       |
|      | 6-Jan-18  | Regulation of enzyme activity; mechanism of action of enzyme    |
|      | 7-Jan-18  | Sunday                                                          |
| 2    | 8-Jan-18  | .....                                                           |
|      | 9-Jan-18  | .....                                                           |
|      | 10-Jan-18 | .....                                                           |
|      | 11-Jan-18 | Definitions of growth and development                           |
|      | 12-Jan-18 | History and mechanism of action of plant hormone auxins         |
|      | 13-Jan-18 | History and mechanism of action of plant hormone gibberellins   |
|      | 14-Jan-18 | Sunday                                                          |
| 3    | 15-Jan-18 | .....                                                           |
|      | 16-Jan-18 | .....                                                           |
|      | 17-Jan-18 | .....                                                           |
|      | 18-Jan-18 | History and mechanism of action of plant hormone cytokinins,    |
|      | 19-Jan-18 | History and mechanism of action of plant hormone abscissic acid |
|      | 20-Jan-18 | History and mechanism of action of plant hormone ethylene       |
|      | 21-Jan-18 | Sunday                                                          |
| 4    | 22-Jan-18 | Vasant Panchami                                                 |
|      | 23-Jan-18 | .....                                                           |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                                          |
|      | 25-Jan-18 | Photo-morphogenesis                                             |
|      | 26-Jan-18 | Republic Day                                                    |
|      | 27-Jan-18 | Physiological role and mechanism of action of phytochrome       |
|      | 28-Jan-18 | Sunday                                                          |
| 5    | 29-Jan-18 | .....                                                           |
|      | 30-Jan-18 | .....                                                           |
|      | 31-Jan-18 | .....                                                           |

## Lesson Plan

Name of the Assistant Professor.....Ms. Himani.....

Class and Section:..... B.Sc. 3<sup>rd</sup> year 6<sup>th</sup> Sem, Section A .....

Subject: Botany Paper – I Biochemistry and Plant Biotechnology.....

| Week | Date      | Topics                                                     |
|------|-----------|------------------------------------------------------------|
| 1    | 1-Feb-18  | Structure and functions of lipids; fatty acid biosynthesis |
|      | 2-Feb-18  | B-oxidation of saturated and unsaturated fatty acids       |
|      | 3-Feb-18  | Storage and mobilization of fatty acids                    |
|      | 4-Feb-18  | Sunday                                                     |
| 2    | 5-Feb-18  | .....                                                      |
|      | 6-Feb-18  | .....                                                      |
|      | 7-Feb-18  | .....                                                      |
|      | 8-Feb-18  | Biology of nitrogen fixation; ammonium assimilation        |
|      | 9-Feb-18  | Importance of nitrate reductase and its regulation         |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti                        |
|      | 11-Feb-18 | Sunday                                                     |
| 3    | 12-Feb-18 | .....                                                      |
|      | 13-Feb-18 | Maha Shivratri                                             |
|      | 14-Feb-18 | .....                                                      |
|      | 15-Feb-18 | Genetic engineering- tools                                 |
|      | 16-Feb-18 | Genetic engineering-techniques                             |
|      | 17-Feb-18 | Cloning vectors                                            |
|      | 18-Feb-18 | Sunday                                                     |
| 4    | 19-Feb-18 | .....                                                      |
|      | 20-Feb-18 | .....                                                      |
|      | 21-Feb-18 | Sessional exam                                             |
|      | 22-Feb-18 | Assignment                                                 |
|      | 23-Feb-18 | Cloning vectors                                            |
|      | 24-Feb-18 | Cloning vectors                                            |
|      | 25-Feb-18 | Sunday                                                     |
| 5    | 26-Feb-18 | .....                                                      |
|      | 27-Feb-18 | .....                                                      |
|      | 28-Feb-18 | Spring Break                                               |

|      | 27-Apr-18 | .....                                      |
|      | 28-Apr-18 | .....                                      |

## LESSON Plan

Name of the Assistant Professor.....Ms. Himani.....

Class and Section:..... B.Sc. 3<sup>rd</sup> year 6<sup>th</sup> Sem, Section A .....

Subject:.....Botany, Paper II Economic Botany.....

| Week | Date      | Topics                       |
|------|-----------|------------------------------|
| 1    | 1-Jan-18  | General introduction         |
|      | 2-Jan-18  | Introduction of food plants  |
|      | 3-Jan-18  | Detailed study of rice       |
|      | 4-Jan-18  | .....                        |
|      | 5-Jan-18  | .....                        |
|      | 6-Jan-18  | .....                        |
|      | 7-Jan-18  | Sunday                       |
| 2    | 8-Jan-18  | Detailed study of rice cond. |
|      | 9-Jan-18  | Detailed study of wheat      |
|      | 10-Jan-18 | cond.                        |
|      | 11-Jan-18 | .....                        |
|      | 12-Jan-18 | .....                        |
|      | 13-Jan-18 | .....                        |
|      | 14-Jan-18 | Sunday                       |
| 3    | 15-Jan-18 | Detailed study of Maize      |
|      | 16-Jan-18 | contd.                       |
|      | 17-Jan-18 | Introduction of pulses       |
|      | 18-Jan-18 | .....                        |
|      | 19-Jan-18 | .....                        |
|      | 20-Jan-18 | .....                        |
|      | 21-Jan-18 | Sunday                       |
| 4    | 22-Jan-18 | Vasant Panchami              |
|      | 23-Jan-18 | Study of Gram                |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti       |
|      | 25-Jan-18 | .....                        |
|      | 26-Jan-18 | Republic Day                 |
|      | 27-Jan-18 | .....                        |
|      | 28-Jan-18 | Sunday                       |
| 5    | 29-Jan-18 | Study of arhar               |
|      | 30-Jan-18 | Study of pea                 |
|      | 31-Jan-18 | Study of pea contd.          |

## Lesson Plan

Name of the Assistant Professor.....Ms. Himani.....

Class and Section:..... B.Sc. 3<sup>rd</sup> year 6<sup>th</sup> Sem, Section A .....

Subject:.....Botany, Paper II Economic Botany.....

| Week | Date      | Topics                              |
|------|-----------|-------------------------------------|
| 1    | 1-Feb-18  | .....                               |
|      | 2-Feb-18  | .....                               |
|      | 3-Feb-18  | .....                               |
|      | 4-Feb-18  | Sunday                              |
| 2    | 5-Feb-18  | Introduction of Vegetables          |
|      | 6-Feb-18  | Study of potato                     |
|      | 7-Feb-18  | Study of tomato                     |
|      | 8-Feb-18  | .....                               |
|      | 9-Feb-18  | .....                               |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti |
|      | 11-Feb-18 | Sunday                              |
| 3    | 12-Feb-18 | Study of Onion                      |
|      | 13-Feb-18 | Maha Shivratri                      |
|      | 14-Feb-18 | Introduction of fibres              |
|      | 15-Feb-18 | .....                               |
|      | 16-Feb-18 | .....                               |
|      | 17-Feb-18 | .....                               |
|      | 18-Feb-18 | Sunday                              |
| 4    | 19-Feb-18 | Study of cotton                     |
|      | 20-Feb-18 | contd.                              |
|      | 21-Feb-18 | Sessional exam                      |
|      | 22-Feb-18 | .....                               |
|      | 23-Feb-18 | .....                               |
|      | 24-Feb-18 | .....                               |
|      | 25-Feb-18 | Sunday                              |
| 5    | 26-Feb-18 | Study of jute                       |
|      | 27-Feb-18 | Study of flax                       |
|      | 28-Feb-18 | Spring Break                        |

|      | 19-Apr-18 | Revision                                                                                    |
|      | 20-Apr-18 |                                                                                             |
|      | 21-Apr-18 |                                                                                             |
|      | 22-Apr-18 | Sunday                                                                                      |
| 4    | 23-Apr-18 |                                                                                             |
|      | 24-Apr-18 |                                                                                             |
|      | 25-Apr-18 | Revision                                                                                    |
|      | 26-Apr-18 | Revision                                                                                    |
|      | 27-Apr-18 |                                                                                             |
|      | 28-Apr-18 |                                                                                             |

Name of the Assistant/ Associate Professor- **Dr Ravi Bathla**

Class and Section-**B.Sc III A and C (6<sup>th</sup> semester)**

Subject: **Organic Chemistry**

| Week | Date      | Topics                                                                                                                                                              |
|------|-----------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1    | 1-Jan-18  | <b>Heterocyclic Compounds</b><br>Introduction: Molecular orbital picture including nomenclature.                                                                    |
|      | 2-Jan-18  | Aromatic characteristics of pyrrole, furan, thiophene and pyridine                                                                                                  |
|      | 3-Jan-18  |                                                                                                                                                                     |
|      | 4-Jan-18  |                                                                                                                                                                     |
|      | 5-Jan-18  | <b>Heterocyclic Compounds</b><br>Introduction: Molecular orbital picture including nomenclature.                                                                    |
|      | 6-Jan-18  | Aromatic characteristics of pyrrole, furan, thiophene                                                                                                               |
|      | 7-Jan-18  | Sunday                                                                                                                                                              |
| 2    | 8-Jan-18  | Methods of synthesis of pyrrole, furan, thiophene                                                                                                                   |
|      | 9-Jan-18  | Chemical reactions with particular emphasis on the mechanism of electrophilic substitution                                                                          |
|      | 10-Jan-18 |                                                                                                                                                                     |
|      | 11-Jan-18 |                                                                                                                                                                     |
|      | 12-Jan-18 | Methods of synthesis of pyrrole, furan, thiophene                                                                                                                   |
|      | 13-Jan-18 | Chemical reactions with particular emphasis on the mechanism of electrophilic substitution                                                                          |
|      | 14-Jan-18 | Sunday                                                                                                                                                              |
| 3    | 15-Jan-18 | Structure and synthesis of pyridine.                                                                                                                                |
|      | 16-Jan-18 | Chemical reactions with particular emphasis on the mechanism of electrophilic and nucleophilic substitution in pyridine                                             |
|      | 17-Jan-18 |                                                                                                                                                                     |
|      | 18-Jan-18 |                                                                                                                                                                     |
|      | 19-Jan-18 | Structure and synthesis of pyridine.                                                                                                                                |
|      | 20-Jan-18 | Chemical reactions with particular emphasis on the mechanism of electrophilic and nucleophilic substitution in pyridine                                             |
|      | 21-Jan-18 | Sunday                                                                                                                                                              |
| 4    | 22-Jan-18 | Vasant Panchami                                                                                                                                                     |
|      | 23-Jan-18 | Comparison of basicity of pyridine, piperidine and pyrrole.<br><b>Problems of Heterocyclic compounds</b>                                                            |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                                                                                                                                              |
|      | 25-Jan-18 |                                                                                                                                                                     |
|      | 26-Jan-18 | Republic Day                                                                                                                                                        |
|      | 27-Jan-18 | Comparison of basicity of pyridine, piperidine and pyrrole.<br><b>Problems of Heterocyclic compounds</b>                                                            |
|      | 28-Jan-18 | Sunday                                                                                                                                                              |
| 5    | 29-Jan-18 | Introduction to condensed five and six- membered heterocycles. Preparation of indole, quinoline and isoquinoline with special reference to Fisher indole synthesis, |
|      | 30-Jan-18 | Reactions of indole, quinoline and isoquinoline                                                                                                                     |
|      | 31-Jan-18 |                                                                                                                                                                     |

| Week | Date      | Topics                                                                                                                                  |

|   | 21-Apr-18 | Revision                                                                                                                                                                                   |
|   | 22-Apr-18 | Sunday                                                                                                                                                                                     |
| 4 | 23-Apr-18 | Revision                                                                                                                                                                                   |
|   | 24-Apr-18 | Revision                                                                                                                                                                                   |
|   | 25-Apr-18 |                                                                                                                                                                                            |
|   | 26-Apr-18 |                                                                                                                                                                                            |
|   | 27-Apr-18 | Revision                                                                                                                                                                                   |
|   | 28-Apr-18 | Revision                                                                                                                                                                                   |

Name of the Assistant/ Associate Professor-**Dr Yogita**  
 Class and Section:.....**B.Sc I (A) (II Semester)**  
 Subject:.....**Physical chemistry**

| Week | Date      | Topics                                                                                |
|------|-----------|---------------------------------------------------------------------------------------|
| 1    | 1-Jan-18  |                                                                                       |
|      | 2-Jan-18  |                                                                                       |
|      | 3-Jan-18  |                                                                                       |
|      | 4-Jan-18  |                                                                                       |
|      | 5-Jan-18  | <b>Kinetics</b><br>Rate of reaction, rate equation and its types,                     |
|      | 6-Jan-18  | factors influencing the rate of a reaction – concentration, temperature,              |
|      | 7-Jan-18  | Sunday                                                                                |
| 2    | 8-Jan-18  |                                                                                       |
|      | 9-Jan-18  |                                                                                       |
|      | 10-Jan-18 |                                                                                       |
|      | 11-Jan-18 |                                                                                       |
|      | 12-Jan-18 | Factors influencing the rate of a reaction pressure, solvent, light, catalyst.        |
|      | 13-Jan-18 | Order of a reaction, integrated rate expression for zero order                        |
|      | 14-Jan-18 | Sunday                                                                                |
| 3    | 15-Jan-18 |                                                                                       |
|      | 16-Jan-18 |                                                                                       |
|      | 17-Jan-18 |                                                                                       |
|      | 18-Jan-18 |                                                                                       |
|      | 19-Jan-18 | integrated rate expression for first order reactions                                  |
|      | 20-Jan-18 | integrated rate expression second order reactions                                     |
|      | 21-Jan-18 | Sunday                                                                                |
| 4    | 22-Jan-18 | Vasant Panchami                                                                       |
|      | 23-Jan-18 |                                                                                       |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                                                                |
|      | 25-Jan-18 |                                                                                       |
|      | 26-Jan-18 | Republic Day                                                                          |
|      | 27-Jan-18 | integrated rate expression for third orders reactions, Half life period of a reaction |
|      | 28-Jan-18 | Sunday                                                                                |
| 5    | 29-Jan-18 |                                                                                       |
|      | 30-Jan-18 |                                                                                       |
|      | 31-Jan-18 |                                                                                       |

| Week | Date      | Topics                                                                                      |
|------|-----------|---------------------------------------------------------------------------------------------|
| 1    | 1-Feb-18  |                                                                                             |
|      | 2-Feb-18  | Effect of temperature on the rate of reaction – Arrhenius equation                          |
|      | 3-Feb-18  | Theories of reaction rate– Simple collision theory for unimolecular collision               |
|      | 4-Feb-18  | Sunday                                                                                      |
| 2    | 5-Feb-18  |                                                                                             |
|      | 6-Feb-18  |                                                                                             |
|      | 7-Feb-18  |                                                                                             |
|      | 8-Feb-18  |                                                                                             |
|      | 9-Feb-18  | Transition state theory of bimolecular reactions.                                           |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti                                                         |
|      | 11-Feb-18 | Sunday                                                                                      |
| 3    | 12-Feb-18 |                                                                                             |
|      | 13-Feb-18 | Maha Shivratri                                                                              |
|      | 14-Feb-18 |                                                                                             |
|      | 15-Feb-18 |                                                                                             |
|      | 16-Feb-18 | Numerical problems on kinetics                                                              |
|      | 17-Feb-18 | Numerical problems on kinetics                                                              |
|      | 18-Feb-18 | Sunday                                                                                      |
| 4    | 19-Feb-18 |                                                                                             |
|      | 20-Feb-18 |                                                                                             |

|      | 4-Mar-18  | Sunday                                                                                                                       |
| 2    | 5-Mar-18  |                                                                                                                              |
|      | 6-Mar-18  |                                                                                                                              |
|      | 7-Mar-18  |                                                                                                                              |
|      | 8-Mar-18  |                                                                                                                              |
|      | 9-Mar-18  | Specific conductance, molar conductance, equivalent conductance and relation among them, their variation with concentration. |
|      | 10-Mar-18 | Arrhenius theory of ionization                                                                                               |
|      | 11-Mar-18 | Sunday                                                                                                                       |
|      | 12-Mar-18 |                                                                                                                              |
| 3    | 13-Mar-18 |                                                                                                                              |
|      | 14-Mar-18 |                                                                                                                              |
|      | 15-Mar-18 |                                                                                                                              |
|      | 16-Mar-18 | Ostwald's Dilution Law Debye-Huckel – Onsager's equation for strong electrolytes                                             |
|      | 17-Mar-18 | Application of Kohlrausch's Law in calculation of conductance of weak electrolytes at infinite dilution.                     |
|      | 18-Mar-18 | Sunday                                                                                                                       |
|      | 19-Mar-18 |                                                                                                                              |
|      | 20-Mar-18 |                                                                                                                              |
| 4    | 21-Mar-18 |                                                                                                                              |
|      | 22-Mar-18 |                                                                                                                              |
|      | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev                                                                            |
|      | 24-Mar-18 | Applications of conductivity measurements: determination of degree of dissociation,                                          |
|      | 25-Mar-18 | Sunday/ Ram Navami                                                                                                           |
|      | 26-Mar-18 |                                                                                                                              |
|      | 27-Mar-18 |                                                                                                                              |
|      | 28-Mar-18 |                                                                                                                              |
| 5    | 29-Mar-18 | Mahavir Jayanti                                                                                                              |
|      | 30-Mar-18 | determination of $K_a$ of acids determination of solubility product of sparingly soluble salts,                              |
|      | 31-Mar-18 | conductometric titrations                                                                                                    |

| Week | Date      | Topics                                                        |
|------|-----------|---------------------------------------------------------------|
| 1    | 1-Apr-18  | Sunday                                                        |
|      | 2-Apr-18  |                                                               |
|      | 3-Apr-18  |                                                               |
|      | 4-Apr-18  |                                                               |
|      | 5-Apr-18  |                                                               |
|      | 6-Apr-18  | Concepts of pH and pKa, Buffer solution, Buffer action        |
|      | 7-Apr-18  | Henderson – Hazel equation, Buffer mechanism of buffer action |
|      | 8-Apr-18  | <b>Assignment Electrochemistry</b>                            |
| 2    | 9-Apr-18  | Sunday                                                        |
|      | 10-Apr-18 |                                                               |
|      | 11-Apr-18 |                                                               |
|      | 12-Apr-18 |                                                               |
|      | 13-Apr-18 | Numerical problems on Electrochemistry                        |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi                                |
|      | 15-Apr-18 | Sunday                                                        |
|      | 16-Apr-18 |                                                               |
| 3    | 17-Apr-18 |                                                               |
|      | 18-Apr-18 | Parashurama Jayanti                                           |
|      | 19-Apr-18 |                                                               |
|      | 20-Apr-18 | Revision                                                      |
|      | 21-Apr-18 | Revision                                                      |
|      | 22-Apr-18 | Sunday                                                        |
|      | 23-Apr-18 |                                                               |
|      | 24-Apr-18 |                                                               |
| 4    | 25-Apr-18 |                                                               |
|      | 26-Apr-18 |                                                               |
|      | 27-Apr-18 | Revision                                                      |
|      | 28-Apr-18 | Revision                                                      |

Name of the Assistant/ Associate Professor- **Dr Yogita**

Class and Section:.....**B.Sc II( B) (IV Semester)**

Subject:.....**Physical chemistry**

| Week | Date      | Topics                                                                                                                                                                              |
|------|-----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1    | 1-Jan-18  | Introduction, Second law of thermodynamics, need for the law, different statements of the law, Carnot's cycle s and its efficiency Carnot's theorem                                 |
|      | 2-Jan-18  | Thermodynamics scale of temperature. Concept of entropy– entropy as a state function Entropy change in reversible and irreversible process                                          |
|      | 3-Jan-18  |                                                                                                                                                                                     |
|      | 4-Jan-18  |                                                                                                                                                                                     |
|      | 5-Jan-18  |                                                                                                                                                                                     |
|      | 6-Jan-18  |                                                                                                                                                                                     |
|      | 7-Jan-18  | Sunday                                                                                                                                                                              |
| 2    | 8-Jan-18  | Clausius inequality, entropy change in universe. entropy as a function of V & T, entropy as a function of P & T, entropy change in physical change                                  |
|      | 9-Jan-18  | entropy change on mixing of ideal gases, physical significance of entropy, numerical                                                                                                |
|      | 10-Jan-18 |                                                                                                                                                                                     |
|      | 11-Jan-18 |                                                                                                                                                                                     |

| Week | Date      | Topics                          |
|------|-----------|---------------------------------|
| 1    | 1-Apr-18  | Sunday                          |
|      | 2-Apr-18  | Numerical                       |
|      | 3-Apr-18  | Numerical                       |
|      | 4-Apr-18  |                                 |
|      | 5-Apr-18  |                                 |
|      | 6-Apr-18  |                                 |
|      | 7-Apr-18  |                                 |
|      | 8-Apr-18  | Sunday                          |
| 2    | 9-Apr-18  | <b>Test of electrochemistry</b> |
|      | 10-Apr-18 | Revision                        |
|      | 11-Apr-18 |                                 |
|      | 12-Apr-18 |                                 |
|      | 13-Apr-18 |                                 |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi  |
|      | 15-Apr-18 | Sunday                          |
| 3    | 16-Apr-18 | Revision                        |
|      | 17-Apr-18 | Revision                        |
|      | 18-Apr-18 | Parashurama Jayanti             |
|      | 19-Apr-18 |                                 |
|      | 20-Apr-18 |                                 |
|      | 21-Apr-18 |                                 |
|      | 22-Apr-18 | Sunday                          |
| 4    | 23-Apr-18 | Revision                        |
|      | 24-Apr-18 | Revision                        |
|      | 25-Apr-18 |                                 |
|      | 26-Apr-18 |                                 |
|      | 27-Apr-18 |                                 |
|      | 28-Apr-18 |                                 |

Name of the Assistant/ Associate Professor.....**Dr Yogita**  
 Class and Section:..... **B.Sc III(A) (VI Semester)**  
 Subject:.....**Inorganic chemistry**

| Week | Date      | Topics                                                                                 |
|------|-----------|----------------------------------------------------------------------------------------|
| 1    | 1-Jan-18  |                                                                                        |
|      | 2-Jan-18  |                                                                                        |
|      | 3-Jan-18  |                                                                                        |
|      | 4-Jan-18  |                                                                                        |
|      | 5-Jan-18  | <b>Acids and Bases</b> -Arrhenius, Bronsted-lowry, Lux-flood,                          |
|      | 6-Jan-18  | solvent system and Lewis concept of acids and bases                                    |
|      | 7-Jan-18  | Sunday                                                                                 |
| 2    | 8-Jan-18  |                                                                                        |
|      | 9-Jan-18  |                                                                                        |
|      | 10-Jan-18 |                                                                                        |
|      | 11-Jan-18 |                                                                                        |
|      | 12-Jan-18 | relative strength of acids and bases,                                                  |
|      | 13-Jan-18 | levelling solvents,                                                                    |
|      | 14-Jan-18 | Sunday                                                                                 |
| 3    | 15-Jan-18 |                                                                                        |
|      | 16-Jan-18 |                                                                                        |
|      | 17-Jan-18 |                                                                                        |
|      | 18-Jan-18 |                                                                                        |
|      | 19-Jan-18 | hard and soft acids and bases(HSAB)                                                    |
|      | 20-Jan-18 | Applications of HSAB principle                                                         |

|      | 24-Mar-18 |                                                                                                                                                                                                               |
|      | 25-Mar-18 | Sunday/ Ram Navami                                                                                                                                                                                            |
| 5    | 26-Mar-18 |                                                                                                                                                                                                               |
|      | 27-Mar-18 |                                                                                                                                                                                                               |
|      | 28-Mar-18 | Partition function and its physical significance.                                                                                                                                                             |
|      | 29-Mar-18 | Mahavir Jayanti                                                                                                                                                                                               |
|      | 30-Mar-18 |                                                                                                                                                                                                               |
|      | 31-Mar-18 |                                                                                                                                                                                                               |

| Week | Date      | Topics                              |
|------|-----------|-------------------------------------|
| 1    | 1-Apr-18  | Sunday                              |
|      | 2-Apr-18  |                                     |
|      | 3-Apr-18  |                                     |
|      | 4-Apr-18  | Factorization of partition function |
|      | 5-Apr-18  | <b>Test of photochemistry</b>       |
|      | 6-Apr-18  |                                     |
|      | 7-Apr-18  |                                     |
|      | 8-Apr-18  | Sunday                              |
| 2    | 9-Apr-18  |                                     |
|      | 10-Apr-18 |                                     |
|      | 11-Apr-18 | Revision                            |
|      | 12-Apr-18 | Revision                            |
|      | 13-Apr-18 |                                     |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi      |
|      | 15-Apr-18 | Sunday                              |
| 3    | 16-Apr-18 |                                     |
|      | 17-Apr-18 |                                     |
|      | 18-Apr-18 | Parashurama Jayanti                 |
|      | 19-Apr-18 | Revision                            |
|      | 20-Apr-18 |                                     |
|      | 21-Apr-18 |                                     |
|      | 22-Apr-18 | Sunday                              |
| 4    | 23-Apr-18 |                                     |
|      | 24-Apr-18 |                                     |
|      | 25-Apr-18 | Revision                            |
|      | 26-Apr-18 | Revision                            |
|      | 27-Apr-18 |                                     |
|      | 28-Apr-18 |                                     |

Name of the Assistant/ Associate Professor.....Ms. Priya

Class and Section:.....B.Sc II (A) (IV Semester)

Subject:.....Physical chemistry

| Week | Date     | Topics                                                                                                                                              |
|------|----------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| 1    | 1-Jan-18 | Introduction, Second law of thermodynamics, need for the law, different statements of the law, Carnot's cycle s and its efficiency Carnot's theorem |

|   |           |                                                                                                                                                                                     |
|---|-----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|   | 2-Jan-18  | Thermodynamics scale of temperature. Concept of entropy– entropy as a state function Entropy change in reversible and irreversible process                                          |
|   | 3-Jan-18  |                                                                                                                                                                                     |
|   | 4-Jan-18  |                                                                                                                                                                                     |
|   | 5-Jan-18  |                                                                                                                                                                                     |
|   | 6-Jan-18  |                                                                                                                                                                                     |
|   | 7-Jan-18  | Sunday                                                                                                                                                                              |
| 2 | 8-Jan-18  | Clausius inequality, entropy change in universe. entropy as a function of V & T, entropy as a function of P & T, entropy change in physical change                                  |
|   | 9-Jan-18  | entropy change on mixing of ideal gases, physical significance of entropy, numerical                                                                                                |
|   | 10-Jan-18 |                                                                                                                                                                                     |
|   | 11-Jan-18 |                                                                                                                                                                                     |
|   | 12-Jan-18 |                                                                                                                                                                                     |
|   | 13-Jan-18 |                                                                                                                                                                                     |
|   | 14-Jan-18 | Sunday                                                                                                                                                                              |
| 3 | 15-Jan-18 | Numerical                                                                                                                                                                           |
|   | 16-Jan-18 | Third law of thermodynamics- Gibbs function (G) and Helmholtz function (A) as thermodynamic quantities , Variation of G with P, V and T                                             |
|   | 17-Jan-18 |                                                                                                                                                                                     |
|   | 18-Jan-18 |                                                                                                                                                                                     |
|   | 19-Jan-18 |                                                                                                                                                                                     |
|   | 20-Jan-18 |                                                                                                                                                                                     |
|   | 21-Jan-18 | Sunday                                                                                                                                                                              |
| 4 | 22-Jan-18 | Vasant Panchami                                                                                                                                                                     |
|   | 23-Jan-18 | Variation of A with T and V. entropy as a criterion of spontaneity and equilibrium. G as criteria for thermodynamic equilibrium and spontaneity, its advantage over entropy change. |
|   | 24-Jan-18 | Sir Chhotu Ram Jayanti                                                                                                                                                              |
|   | 25-Jan-18 |                                                                                                                                                                                     |
|   | 26-Jan-18 | Republic Day                                                                                                                                                                        |
|   | 27-Jan-18 |                                                                                                                                                                                     |

|   | 11-Mar-18 | Sunday                                                                                                     |
| 3 | 12-Mar-18 | Derivation of cell EMF and single electrode potential.                                                     |
|   | 13-Mar-18 | Concentration cells with and without transference                                                          |
|   | 14-Mar-18 |                                                                                                            |
|   | 15-Mar-18 |                                                                                                            |
|   | 16-Mar-18 |                                                                                                            |
|   | 17-Mar-18 |                                                                                                            |
|   | 18-Mar-18 | Sunday                                                                                                     |
| 4 | 19-Mar-18 | Concentration cells with and without transference                                                          |
|   | 20-Mar-18 | EMF of concentration cell                                                                                  |
|   | 21-Mar-18 |                                                                                                            |
|   | 22-Mar-18 |                                                                                                            |
|   | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev                                                          |
|   | 24-Mar-18 |                                                                                                            |
|   | 25-Mar-18 | Sunday/ Ram Navami                                                                                         |
| 5 | 26-Mar-18 | liquid junction potential and its measurement                                                              |
|   | 27-Mar-18 | Applications of EMF measurement in solubility product and potentiometric titrations using glass electrode. |
|   | 28-Mar-18 |                                                                                                            |
|   | 29-Mar-18 | Mahavir Jayanti                                                                                            |
|   | 30-Mar-18 |                                                                                                            |
|   | 31-Mar-18 |                                                                                                            |

| Week | Date      | Topics                          |
|------|-----------|---------------------------------|
| 1    | 1-Apr-18  | Sunday                          |
|      | 2-Apr-18  | Numerical                       |
|      | 3-Apr-18  | Numerical                       |
|      | 4-Apr-18  |                                 |
|      | 5-Apr-18  |                                 |
|      | 6-Apr-18  |                                 |
|      | 7-Apr-18  |                                 |
|      | 8-Apr-18  | Sunday                          |
| 2    | 9-Apr-18  | <b>Test of electrochemistry</b> |
|      | 10-Apr-18 | Revision                        |
|      | 11-Apr-18 |                                 |
|      | 12-Apr-18 |                                 |
|      | 13-Apr-18 |                                 |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi  |
|      | 15-Apr-18 | Sunday                          |
| 3    | 16-Apr-18 | Revision                        |
|      | 17-Apr-18 | Revision                        |
|      | 18-Apr-18 | Parashurama Jayanti             |
|      | 19-Apr-18 |                                 |
|      | 20-Apr-18 |                                 |
|      | 21-Apr-18 |                                 |
|      | 22-Apr-18 | Sunday                          |
| 4    | 23-Apr-18 | Revision                        |
|      | 24-Apr-18 | Revision                        |
|      | 25-Apr-18 |                                 |
|      | 26-Apr-18 |                                 |
|      | 27-Apr-18 |                                 |
|      | 28-Apr-18 |                                 |

Name of the Assistant/ Associate Professor...**Ms. Priya**  
Class and Section:.....**B.Sc III (A&D) (VI Semester)**  
Subject:.....**Physical chemistry**

| Week | Date     | Topics |
|------|----------|--------|
| 1    | 1-Jan-18 |        |

|   |           |                                                                                                                               |
|---|-----------|-------------------------------------------------------------------------------------------------------------------------------|
|   | 2-Jan-18  |                                                                                                                               |
|   | 3-Jan-18  | <b>Solutions, Dilute Solutions and Colligative Properties</b> -general methods of expressing concentrations of solutions      |
|   | 4-Jan-18  | Ideal and non-ideal solutions, Raoult's law.                                                                                  |
|   | 5-Jan-18  |                                                                                                                               |
|   | 6-Jan-18  |                                                                                                                               |

|   | 17-Mar-18 |                                                                                                                                                                                                               |
|   | 18-Mar-18 | Sunday                                                                                                                                                                                                        |
| 4 | 19-Mar-18 |                                                                                                                                                                                                               |
|   | 20-Mar-18 |                                                                                                                                                                                                               |
|   | 21-Mar-18 | <b>Introduction to statistical mechanics:</b> Need for statistical thermodynamics, thermodynamic probability                                                                                                  |
|   | 22-Mar-18 | Maxwell Boltzmann distribution statistics, Born oppenheimer approximation                                                                                                                                     |
|   | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev                                                                                                                                                             |
|   | 24-Mar-18 |                                                                                                                                                                                                               |
|   | 25-Mar-18 | Sunday/ Ram Navami                                                                                                                                                                                            |
| 5 | 26-Mar-18 |                                                                                                                                                                                                               |
|   | 27-Mar-18 |                                                                                                                                                                                                               |
|   | 28-Mar-18 | Partition function and its physical significance.                                                                                                                                                             |
|   | 29-Mar-18 | Mahavir Jayanti                                                                                                                                                                                               |
|   | 30-Mar-18 |                                                                                                                                                                                                               |
|   | 31-Mar-18 |                                                                                                                                                                                                               |

| Week | Date      | Topics                              |
|------|-----------|-------------------------------------|
| 1    | 1-Apr-18  | Sunday                              |
|      | 2-Apr-18  |                                     |
|      | 3-Apr-18  |                                     |
|      | 4-Apr-18  | Factorization of partition function |
|      | 5-Apr-18  | <b>Test of photochemistry</b>       |
|      | 6-Apr-18  |                                     |
|      | 7-Apr-18  |                                     |
|      | 8-Apr-18  | Sunday                              |
| 2    | 9-Apr-18  |                                     |
|      | 10-Apr-18 |                                     |
|      | 11-Apr-18 | Revision                            |
|      | 12-Apr-18 | Revision                            |
|      | 13-Apr-18 |                                     |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi      |
|      | 15-Apr-18 | Sunday                              |
| 3    | 16-Apr-18 |                                     |
|      | 17-Apr-18 |                                     |
|      | 18-Apr-18 | Parashurama Jayanti                 |
|      | 19-Apr-18 | Revision                            |
|      | 20-Apr-18 |                                     |
|      | 21-Apr-18 |                                     |
|      | 22-Apr-18 | Sunday                              |
| 4    | 23-Apr-18 |                                     |
|      | 24-Apr-18 |                                     |
|      | 25-Apr-18 | Revision                            |
|      | 26-Apr-18 | Revision                            |
|      | 27-Apr-18 |                                     |
|      | 28-Apr-18 |                                     |

Name of the Assistant/ Associate Professor... **Ms. Priya**

Class and Section:..... **B.Sc II(D)** (IV Semester)

Subject:..... **Organic chemistry**

|      | 20-Apr-18 | Revision                                                                          |
|      | 21-Apr-18 | Revision                                                                          |
|      | 22-Apr-18 | Sunday                                                                            |
| 4    | 23-Apr-18 |                                                                                   |
|      | 24-Apr-18 |                                                                                   |
|      | 25-Apr-18 |                                                                                   |
|      | 26-Apr-18 |                                                                                   |
|      | 27-Apr-18 | Revision                                                                          |
|      | 28-Apr-18 | Revision                                                                          |

Name of the Assistant/ Associate Professor.....**Meenu Gupta**  
Class and Section:.....**B.Sc. I (B) (Semester II)**  
Subject:.....**Organic chemistry**

| Week | Date     | Topics                                                                         |
|------|----------|--------------------------------------------------------------------------------|
| 1    | 1-Jan-18 | Nomenclature of alkenes                                                        |
|      | 2-Jan-18 | mechanisms of dehydration of alcohols and dehydrohalogenation of alkyl halide. |
|      | 3-Jan-18 |                                                                                |
|      | 4-Jan-18 |                                                                                |

|   |           |                                                                                                              |
|---|-----------|--------------------------------------------------------------------------------------------------------------|
|   | 5-Jan-18  |                                                                                                              |
|   | 6-Jan-18  |                                                                                                              |
|   | 7-Jan-18  | Sunday                                                                                                       |
| 2 | 8-Jan-18  | The Saytzeff rule, Hofmann elimination                                                                       |
|   | 9-Jan-18  | physical properties and relative stability of alkene                                                         |
|   | 10-Jan-18 |                                                                                                              |
|   | 11-Jan-18 |                                                                                                              |
|   | 12-Jan-18 |                                                                                                              |
|   | 13-Jan-18 |                                                                                                              |
|   | 14-Jan-18 | Sunday                                                                                                       |
| 3 | 15-Jan-18 | Chemical reactions of alkene. mechanisms involved in hydrogenation, electrophilic and free radical additions |
|   | 16-Jan-18 | Markownikoff's rule, hydroboration-oxidation                                                                 |
|   | 17-Jan-18 |                                                                                                              |
|   | 18-Jan-18 |                                                                                                              |
|   | 19-Jan-18 |                                                                                                              |
|   | 20-Jan-18 |                                                                                                              |
|   | 21-Jan-18 | Sunday                                                                                                       |
| 4 | 22-Jan-18 | Vasant Panchami                                                                                              |
|   | 23-Jan-18 | Oxymercuration reduction, ozonolysis,                                                                        |
|   | 24-Jan-18 | Sir Chhotu Ram Jayanti                                                                                       |
|   | 25-Jan-18 |                                                                                                              |
|   | 26-Jan-18 | Republic Day                                                                                                 |
|   | 27-Jan-18 |                                                                                                              |
|   | 28-Jan-18 | Sunday                                                                                                       |
| 5 | 29-Jan-18 | hydration, hydroxylation and oxidation with $\text{KMnO}_4$ .                                                |
|   | 30-Jan-18 | Nomenclature of benzene derivatives : Aromatic nucleus and side chain.                                       |
|   | 31-Jan-18 |                                                                                                              |

| Week | Date      | Topics                                                                                                       |
|------|-----------|--------------------------------------------------------------------------------------------------------------|
| 1    | 1-Feb-18  |                                                                                                              |
|      | 2-Feb-18  |                                                                                                              |
|      | 3-Feb-18  |                                                                                                              |
|      | 4-Feb-18  | Sunday                                                                                                       |
| 2    | 5-Feb-18  | Aromaticity: the Huckel rule, aromatic ions, annulenes up to 10 carbon atoms                                 |
|      | 6-Feb-18  | aromatic, anti-aromatic and non-aromatic compounds. <b>assignment of alkenes</b>                             |
|      | 7-Feb-18  |                                                                                                              |
|      | 8-Feb-18  |                                                                                                              |
|      | 9-Feb-18  |                                                                                                              |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti                                                                          |
|      | 11-Feb-18 | Sunday                                                                                                       |
| 3    | 12-Feb-18 | Aromatic electrophilic substitution, general pattern of the mechanism, mechanism of nitration                |
|      | 13-Feb-18 | Maha Shivratri                                                                                               |
|      | 14-Feb-18 |                                                                                                              |
|      | 15-Feb-18 |                                                                                                              |
|      | 16-Feb-18 |                                                                                                              |
|      | 17-Feb-18 |                                                                                                              |
|      | 18-Feb-18 | Sunday                                                                                                       |
| 4    | 19-Feb-18 | halogenation, sulphonation, and Friedel-Crafts reaction.                                                     |
|      | 20-Feb-18 | deactivating substituents Energy profile diagrams. Activating, and orientation                               |
|      | 21-Feb-18 |                                                                                                              |
|      | 22-Feb-18 |                                                                                                              |
|      | 23-Feb-18 |                                                                                                              |
|      | 24-Feb-18 |                                                                                                              |
|      | 25-Feb-18 | Sunday                                                                                                       |
| 5    | 26-Feb-18 | Nomenclature and classification of dienes: isolated, conjugated and cumulated dienes.                        |
|      | 27-Feb-18 | Structure of butadiene. Chemical reactions of 1,2 and 1,4 additions (Electrophilic & free radical mechanism) |
|      | 28-Feb-18 |                                                                                                              |

| Week | Date     | Topics                                                                |

Name of the Assistant/ Associate Professor.....**Ms. Meenu Gupta**

Class and Section:.....**B.Sc.(III B) (VI Semester)**

Subject:.....**Inorganic chemistry**

| Week | Date     | Topics                           |
|------|----------|----------------------------------|
| 1    | 1-Jan-18 |                                  |
|      | 2-Jan-18 |                                  |
|      | 3-Jan-18 | Arrhenius, Bronsted-lowry system |
|      | 4-Jan-18 | Lewis acid, solvent system       |
|      | 5-Jan-18 |                                  |
|      | 6-Jan-18 |                                  |

|   |           |                                                                          |
|---|-----------|--------------------------------------------------------------------------|
|   | 7-Jan-18  | Sunday                                                                   |
| 2 | 8-Jan-18  |                                                                          |
|   | 9-Jan-18  |                                                                          |
|   | 10-Jan-18 | Lewis concept of acids and bases                                         |
|   | 11-Jan-18 | strength of acids and bases, levelling solvents                          |
|   | 12-Jan-18 |                                                                          |
|   | 13-Jan-18 |                                                                          |
|   | 14-Jan-18 | Sunday                                                                   |
| 3 | 15-Jan-18 |                                                                          |
|   | 16-Jan-18 |                                                                          |
|   | 17-Jan-18 | hard and soft acids and bases(HSAB), Applications of HSAB principle      |
|   | 18-Jan-18 | Definition, classification and nomenclature of organometallic compounds, |
|   | 19-Jan-18 |                                                                          |
|   | 20-Jan-18 |                                                                          |
|   | 21-Jan-18 | Sunday                                                                   |
| 4 | 22-Jan-18 | Vasant Panchami                                                          |
|   | 23-Jan-18 |                                                                          |
|   | 24-Jan-18 | Sir Chhotu Ram Jayanti                                                   |
|   | 25-Jan-18 | <b>Test of acid and base</b>                                             |
|   | 26-Jan-18 | Republic Day                                                             |
|   | 27-Jan-18 |                                                                          |
|   | 28-Jan-18 | Sunday                                                                   |
| 5 | 29-Jan-18 |                                                                          |
|   | 30-Jan-18 |                                                                          |
|   | 31-Jan-18 | preparation, properties and bonding of alkyls of Li, Al                  |

| Week | Date      | Topics                                                                                             |
|------|-----------|----------------------------------------------------------------------------------------------------|
| 1    | 1-Feb-18  | preparation, properties and bonding of alkyls of Hg and Sn, concept of hapticity of organic ligand |
|      | 2-Feb-18  |                                                                                                    |
|      | 3-Feb-18  |                                                                                                    |

|      | 24-Apr-18 | Previous chapter revision                                                                                              |
|      | 25-Apr-18 | Previous chapter revision                                                                                              |
|      | 26-Apr-18 | Previous chapter revision                                                                                              |
|      | 27-Apr-18 | Previous chapter revision                                                                                              |
|      | 28-Apr-18 | Previous chapter revision                                                                                              |

Name of the Assistant/ Associate Professor **Ms. MEENU RANI**

Class and Section:.....**B.Sc.I(A) (Semester II)**

Subject.....**Inorganic Chemistry**

| Week | Date     | Topics                                                                |
|------|----------|-----------------------------------------------------------------------|
| 1    | 1-Jan-18 |                                                                       |
|      | 2-Jan-18 |                                                                       |
|      | 3-Jan-18 | <b>Hydrogen Bonding and Van der Waals forces</b>                      |
|      | 4-Jan-18 | Hydrogen Bonding – Definition, types                                  |
|      | 5-Jan-18 | effects of hydrogen bonding on properties of substances, applications |
|      | 6-Jan-18 |                                                                       |
|      | 7-Jan-18 | Sunday                                                                |
| 2    | 8-Jan-18 |                                                                       |

|   |           |                                                                                                                                                                                        |
|---|-----------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|   | 9-Jan-18  |                                                                                                                                                                                        |
|   | 10-Jan-18 | Brief discussion of various types of Van der Waals forces.                                                                                                                             |
|   | 11-Jan-18 | <b>Metallic Bond and semiconductors</b><br>Metallic bond – Qualitative idea of valence bond and Band theories of metallic bond (conductors, semiconductors, insulators).               |
|   | 12-Jan-18 |                                                                                                                                                                                        |
|   | 13-Jan-18 |                                                                                                                                                                                        |
|   | 14-Jan-18 | Sunday                                                                                                                                                                                 |
| 3 | 15-Jan-18 |                                                                                                                                                                                        |
|   | 16-Jan-18 |                                                                                                                                                                                        |
|   | 17-Jan-18 | Metallic bond – Qualitative idea of valence bond and Band theories of metallic bond (conductors, semiconductors, insulators),                                                          |
|   | 18-Jan-18 | Semiconductors – Introduction, types and application.                                                                                                                                  |
|   | 19-Jan-18 |                                                                                                                                                                                        |
|   | 20-Jan-18 |                                                                                                                                                                                        |
|   | 21-Jan-18 | Sunday                                                                                                                                                                                 |
| 4 | 22-Jan-18 | Vasant Panchami                                                                                                                                                                        |
|   | 23-Jan-18 |                                                                                                                                                                                        |
|   | 24-Jan-18 | Sir Chhotu Ram Jayanti                                                                                                                                                                 |
|   | 25-Jan-18 | Test of Hydrogen bonding and Vander Waal forces.                                                                                                                                       |
|   | 26-Jan-18 | Republic Day                                                                                                                                                                           |
|   | 27-Jan-18 |                                                                                                                                                                                        |
|   | 28-Jan-18 | Sunday                                                                                                                                                                                 |
| 5 | 29-Jan-18 |                                                                                                                                                                                        |
|   | 30-Jan-18 |                                                                                                                                                                                        |
|   | 31-Jan-18 | <b>s-Block elements</b><br>Comparative study of the elements including diagonal relationship Anomalous behaviour of Lithium and Beryllium compared to other elements in the same group |

| Week | Date      | Topics                                                                                                                                                                                                                                    |

|   | 22-Mar-18 | Brief discussion of various types of Van der Waals forces.                                                                             |
|   | 23-Mar-18 | Shaheedidiwas of Bhagat Singh, Rajguru&Sukhdev                                                                                         |
|   | 24-Mar-18 |                                                                                                                                        |
|   | 25-Mar-18 | Sunday/ Ram Navami                                                                                                                     |
| 5 | 26-Mar-18 |                                                                                                                                        |
|   | 27-Mar-18 |                                                                                                                                        |
|   | 28-Mar-18 | Hydra and oxy acids of chlorine – structure and comparison of acid strength, cationic nature of Iodine.<br><b>Assignment</b>           |
|   | 29-Mar-18 | Mahavir Jayanti                                                                                                                        |
|   | 30-Mar-18 |                                                                                                                                        |
|   | 31-Mar-18 |                                                                                                                                        |

| Week | Date      | Topics                          |
|------|-----------|---------------------------------|
| 1    | 1-Apr-18  | Sunday                          |
|      | 2-Apr-18  |                                 |
|      | 3-Apr-18  |                                 |
|      | 4-Apr-18  | Revision                        |
|      | 5-Apr-18  | <b>Test of p-block elements</b> |
|      | 6-Apr-18  |                                 |
|      | 7-Apr-18  |                                 |
|      | 8-Apr-18  | Sunday                          |
| 2    | 9-Apr-18  |                                 |
|      | 10-Apr-18 |                                 |
|      | 11-Apr-18 |                                 |
|      | 12-Apr-18 |                                 |
|      | 13-Apr-18 | Revision                        |
|      | 14-Apr-18 | DrAmbedkar Jayanti / Vaisakhi   |
|      | 15-Apr-18 | Sunday                          |
| 3    | 16-Apr-18 |                                 |
|      | 17-Apr-18 |                                 |
|      | 18-Apr-18 | Parashurama Jayanti             |
|      | 19-Apr-18 |                                 |
|      | 20-Apr-18 |                                 |
|      | 21-Apr-18 |                                 |
|      | 22-Apr-18 | Sunday                          |
| 4    | 23-Apr-18 |                                 |
|      | 24-Apr-18 |                                 |
|      | 25-Apr-18 |                                 |
|      | 26-Apr-18 |                                 |
|      | 27-Apr-18 |                                 |
|      | 28-Apr-18 |                                 |

Name of the Assistant/ Associate Professor.....**Ms. MEENU RANI**  
Class and Section:.....**B.Sc.III (B) (Semester VI)**  
Subject:.....**Organic Chemistry**

| Week | Date     | Topics |
|------|----------|--------|
| 1    | 1-Jan-18 |        |
|      | 2-Jan-18 |        |

|   |           |                                                                                                                                                  |
|---|-----------|--------------------------------------------------------------------------------------------------------------------------------------------------|
|   | 3-Jan-18  |                                                                                                                                                  |
|   | 4-Jan-18  |                                                                                                                                                  |
|   | 5-Jan-18  | <b>Heterocyclic Compounds</b><br>Introduction: Molecular orbital picture and aromatic characteristics of pyrrole, furan, thiophene and pyridine. |
|   | 6-Jan-18  | Methods of synthesis and chemical reactions with particular emphasis on the mechanism of electrophilic substitution.                             |
|   | 7-Jan-18  | Sunday                                                                                                                                           |
| 2 | 8-Jan-18  |                                                                                                                                                  |
|   | 9-Jan-18  |                                                                                                                                                  |
|   | 10-Jan-18 |                                                                                                                                                  |
|   | 11-Jan-18 |                                                                                                                                                  |
|   | 12-Jan-18 | Mechanism of nucleophilic substitution reactions in pyridine derivatives. Comparison of basicity of pyridine, piperidine and pyrrole.            |
|   | 13-Jan-18 | Introduction to condensed five and six- membered heterocycles. Preparation and reactions of indole, quinoline                                    |
|   | 14-Jan-18 | Sunday                                                                                                                                           |
| 3 | 15-Jan-18 |                                                                                                                                                  |
|   | 16-Jan-18 |                                                                                                                                                  |
|   | 17-Jan-18 |                                                                                                                                                  |
|   | 18-Jan-18 |                                                                                                                                                  |
|   | 19-Jan-18 | isoquinoline with special reference to Fisher indole synthesis, Skraup synthesis and Bischler-Napieralski synthesis                              |
|   | 20-Jan-18 | Mechanism of electrophilic substitution reactions of, quinoline and isoquinoline.                                                                |
|   | 21-Jan-18 | Sunday                                                                                                                                           |
| 4 | 22-Jan-18 | Vasant Panchami                                                                                                                                  |
|   | 23-Jan-18 |                                                                                                                                                  |
|   | 24-Jan-18 | Sir Chhotu Ram Jayanti                                                                                                                           |
|   | 25-Jan-18 |                                                                                                                                                  |
|   | 26-Jan-18 | Republic Day                                                                                                                                     |
|   | 27-Jan-18 | <b>Organic Synthesis via Enolates</b> Acidity of $\alpha$ -hydrogens, alkylation of diethyl malonate and ethyl acetoacetate                      |
|   | 28-Jan-18 | Sunday                                                                                                                                           |
| 5 | 29-Jan-18 |                                                                                                                                                  |
|   | 30-Jan-18 |                                                                                                                                                  |
|   | 31-Jan-18 |                                                                                                                                                  |

| Week | Date      | Topics                                                                                                 |
|------|-----------|--------------------------------------------------------------------------------------------------------|
| 1    | 1-Feb-18  |                                                                                                        |
|      | 2-Feb-18  | Synthesis of ethyl acetoacetate: the Claisen condensation, Keto-enol tautomerism of ethyl acetoacetate |
|      | 3-Feb-18  | <b>Amino Acids, Peptides &amp; Proteins:</b> Classification, of amino acids. Acid-base behavior        |
|      | 4-Feb-18  | Sunday                                                                                                 |
| 2    | 5-Feb-18  |                                                                                                        |
|      | 6-Feb-18  |                                                                                                        |
|      | 7-Feb-18  |                                                                                                        |
|      | 8-Feb-18  |                                                                                                        |
|      | 9-Feb-18  | isoelectric point and electrophoresis.                                                                 |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti                                                                    |
|      | 11-Feb-18 | Sunday                                                                                                 |
| 3    | 12-Feb-18 |                                                                                                        |
|      | 13-Feb-18 | MahaShivratri                                                                                          |
|      | 14-Feb-18 |                                                                                                        |
|      | 15-Feb-18 |                                                                                                        |
|      | 16-Feb-18 | <b>Test of Heterocyclic Compounds</b>                                                                  |
|      | 17-Feb-18 | Preparation of $\alpha$ -amino acids. Structure and nomenclature of peptides and proteins.             |
|      | 18-Feb-18 | Sunday                                                                                                 |
| 4    | 19-Feb-18 |                                                                                                        |
|      | 20-Feb-18 |                                                                                                        |
|      | 21-Feb-18 |                                                                                                        |
|      | 22-Feb-18 |                                                                                                        |
|      | 23-Feb-18 | Peptide structure determination, end group analysis, selective hydrolysis of peptides.                 |
|      | 24-Feb-18 | Classical peptide synthesis, solid- phase peptide synthesis                                            |
|      | 25-Feb-18 | Sunday                                                                                                 |
| 5    | 26-Feb-18 |                                                                                                        |
|      | 27-Feb-18 |                                                                                                        |
|      | 28-Feb-18 |                                                                                                        |

| Week | Date     | Topics                |
|------|----------|-----------------------|
| 1    | 1-Mar-18 | Guru Ravidas Birthday |
|      | 2-Mar-18 | Holi                  |
|      | 3-Mar-18 | Holiday               |
|      | 4-Mar-18 | Sunday                |

|   |           |                                                                                                      |
|---|-----------|------------------------------------------------------------------------------------------------------|
| 2 | 5-Mar-18  |                                                                                                      |
|   | 6-Mar-18  |                                                                                                      |
|   | 7-Mar-18  |                                                                                                      |
|   | 8-Mar-18  |                                                                                                      |
|   | 9-Mar-18  | Structures of peptides and proteins: Primary & Secondary structure                                   |
|   | 10-Mar-18 | <b>Synthetic Polymers</b> Addition or chain-growth polymerization. Free radical vinyl polymerization |
|   | 11-Mar-18 | Sunday                                                                                               |
| 3 | 12-Mar-18 |                                                                                                      |
|   | 13-Mar-18 |                                                                                                      |
|   | 14-Mar-18 |                                                                                                      |
|   | 15-Mar-18 |                                                                                                      |
|   | 16-Mar-18 | ionic vinyl polymerization, Ziegler-Natta polymerization and vinyl polymers.                         |
|   | 17-Mar-18 | Condensation step growth polymerization. Polyesters, polyamides, phenol formaldehyde resins          |
|   | 18-Mar-18 | Sunday                                                                                               |
| 4 | 19-Mar-18 |                                                                                                      |
|   | 20-Mar-18 |                                                                                                      |
|   | 21-Mar-18 |                                                                                                      |
|   | 22-Mar-18 |                                                                                                      |
|   | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev                                                    |
|   | 24-Mar-18 | Natural and synthetic rubbers<br><b>Assignment</b>                                                   |
|   | 25-Mar-18 | Sunday/ Ram Navami                                                                                   |
| 5 | 26-Mar-18 |                                                                                                      |
|   | 27-Mar-18 |                                                                                                      |
|   | 28-Mar-18 |                                                                                                      |
|   | 29-Mar-18 | Mahavir Jayanti                                                                                      |
|   | 30-Mar-18 | <b>Test of Amino Acid, Peptide and Protein</b>                                                       |
|   | 31-Mar-18 | Revision                                                                                             |

| Week | Date      | Topics                         |
|------|-----------|--------------------------------|
| 1    | 1-Apr-18  | Sunday                         |
|      | 2-Apr-18  |                                |
|      | 3-Apr-18  |                                |
|      | 4-Apr-18  |                                |
|      | 5-Apr-18  |                                |
|      | 6-Apr-18  | Revision                       |
|      | 7-Apr-18  | Revision                       |
|      | 8-Apr-18  | Sunday                         |
| 2    | 9-Apr-18  |                                |
|      | 10-Apr-18 |                                |
|      | 11-Apr-18 |                                |
|      | 12-Apr-18 |                                |
|      | 13-Apr-18 |                                |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi |
|      | 15-Apr-18 | Sunday                         |
| 3    | 16-Apr-18 |                                |
|      | 17-Apr-18 |                                |
|      | 18-Apr-18 | Parashurama Jayanti            |
|      | 19-Apr-18 |                                |
|      | 20-Apr-18 |                                |
|      | 21-Apr-18 |                                |
|      | 22-Apr-18 | Sunday                         |
| 4    | 23-Apr-18 |                                |
|      | 24-Apr-18 |                                |
|      | 25-Apr-18 |                                |
|      | 26-Apr-18 |                                |
|      | 27-Apr-18 |                                |
|      | 28-Apr-18 |                                |

Name of the Assistant/ Associate Professor .....**Mr. Gaurav Sharma**

Class and Section: .....**B.Sc III (B) (Semester VI)**

Subject: .....**Physical chemistry**

| Week | Date     | Topics                                                                                                                  |
|------|----------|-------------------------------------------------------------------------------------------------------------------------|
| 1    | 1-Jan-18 | <b>Solutions, Dilute Solutions and Colligative Properties-general</b> methods of expressing concentrations of solutions |
|      | 2-Jan-18 | Ideal and non-ideal solutions Raoult's law.                                                                             |
|      | 3-Jan-18 |                                                                                                                         |

|   |           |                                                                                                                               |
|---|-----------|-------------------------------------------------------------------------------------------------------------------------------|
|   | 4-Jan-18  |                                                                                                                               |
|   | 5-Jan-18  |                                                                                                                               |
|   | 6-Jan-18  |                                                                                                                               |
|   | 7-Jan-18  | Sunday                                                                                                                        |
| 2 | 8-Jan-18  | Colligative properties: (i) relative lowering of vapour pressure                                                              |
|   | 9-Jan-18  | (ii) Elevation in boiling point                                                                                               |
|   | 10-Jan-18 |                                                                                                                               |
|   | 11-Jan-18 |                                                                                                                               |
|   | 12-Jan-18 |                                                                                                                               |
|   | 13-Jan-18 |                                                                                                                               |

|   | 18-Mar-18 | Sunday                                                                                                          |
| 4 | 19-Mar-18 | <b>Introduction to statistical mechanics</b> Need for statistical thermodynamics, thermodynamic probability,    |
|   | 20-Mar-18 | Maxwell Boltzmann distribution statistics, Born oppenheimer approximation                                       |
|   | 21-Mar-18 |                                                                                                                 |
|   | 22-Mar-18 |                                                                                                                 |
|   | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev                                                               |
|   | 24-Mar-18 |                                                                                                                 |
|   | 25-Mar-18 | Sunday/ Ram Navami                                                                                              |
| 5 | 26-Mar-18 | partition function and its physical significance. <b>Assignment Solution, Photochemistry, Phase equilibrium</b> |
|   | 27-Mar-18 | <b>Test</b>                                                                                                     |
|   | 28-Mar-18 |                                                                                                                 |
|   | 29-Mar-18 | Mahavir Jayanti                                                                                                 |
|   | 30-Mar-18 |                                                                                                                 |
|   | 31-Mar-18 |                                                                                                                 |

| Week | Date      | Topics                                            |
|------|-----------|---------------------------------------------------|
| 1    | 1-Apr-18  | Sunday                                            |
|      | 2-Apr-18  | partition function and its physical significance. |
|      | 3-Apr-18  | <b>Test of photochemistry</b>                     |
|      | 4-Apr-18  |                                                   |
|      | 5-Apr-18  |                                                   |
|      | 6-Apr-18  |                                                   |
|      | 7-Apr-18  |                                                   |
|      | 8-Apr-18  | Sunday                                            |
| 2    | 9-Apr-18  | Revision                                          |
|      | 10-Apr-18 | Revision                                          |
|      | 11-Apr-18 |                                                   |
|      | 12-Apr-18 |                                                   |
|      | 13-Apr-18 |                                                   |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi                    |
|      | 15-Apr-18 | Sunday                                            |
| 3    | 16-Apr-18 | Revision                                          |
|      | 17-Apr-18 | Revision                                          |
|      | 18-Apr-18 | Parashurama Jayanti                               |
|      | 19-Apr-18 |                                                   |
|      | 20-Apr-18 |                                                   |
|      | 21-Apr-18 |                                                   |
|      | 22-Apr-18 | Sunday                                            |
| 4    | 23-Apr-18 | Revision                                          |
|      | 24-Apr-18 | Revision                                          |
|      | 25-Apr-18 |                                                   |
|      | 26-Apr-18 |                                                   |
|      | 27-Apr-18 |                                                   |
|      | 28-Apr-18 |                                                   |

Name of the Assistant/ Associate Professor...**Mr. Gaurav Sharma**.....

Class and Section:..... **III (C) (Semester VI)**

Subject:.....**Inorganic chemistry**.....

| Week | Date     | Topics                                                     |
|------|----------|------------------------------------------------------------|
| 1    | 1-Jan-18 | <b>Acids and Bases</b> Arrhenius, Bronsted-lowry           |
|      | 2-Jan-18 | Lux-flood, solvent system Lewis concept of acids and bases |
|      | 3-Jan-18 |                                                            |
|      | 4-Jan-18 |                                                            |

|   |           |                                                                                                              |
|---|-----------|--------------------------------------------------------------------------------------------------------------|
|   | 5-Jan-18  |                                                                                                              |
|   | 6-Jan-18  |                                                                                                              |
|   | 7-Jan-18  | Sunday                                                                                                       |
| 2 | 8-Jan-18  | relative strength of acids and bases, levelling solvents                                                     |
|   | 9-Jan-18  | hard and soft acids and bases(HSAB)                                                                          |
|   | 10-Jan-18 |                                                                                                              |
|   | 11-Jan-18 |                                                                                                              |
|   | 12-Jan-18 |                                                                                                              |
|   | 13-Jan-18 |                                                                                                              |
|   | 14-Jan-18 | Sunday                                                                                                       |
| 3 | 15-Jan-18 | Applications of HSAB principle.<br><b>Organometallic chemistry</b> Definition, classification                |
|   | 16-Jan-18 | nomenclature of organometallic compounds, Preparation, properties and bonding of alkyls of Li, Al, Hg and Sn |
|   | 17-Jan-18 |                                                                                                              |
|   | 18-Jan-18 |                                                                                                              |
|   | 19-Jan-18 |                                                                                                              |
|   | 20-Jan-18 |                                                                                                              |
|   | 21-Jan-18 | Sunday                                                                                                       |
| 4 | 22-Jan-18 | Vasant Panchami                                                                                              |
|   | 23-Jan-18 | Preparation, properties and bonding of alkyls of Li, Al, Hg and Sn continue                                  |
|   | 24-Jan-18 | Sir Chhotu Ram Jayanti                                                                                       |
|   | 25-Jan-18 |                                                                                                              |
|   | 26-Jan-18 | Republic Day                                                                                                 |
|   | 27-Jan-18 |                                                                                                              |
|   | 28-Jan-18 | Sunday                                                                                                       |
| 5 | 29-Jan-18 | Preparation, properties and bonding of alkyls of Li, Al, Hg and Sn continue                                  |
|   | 30-Jan-18 | <b>Test Acids and Bases</b>                                                                                  |
|   | 31-Jan-18 |                                                                                                              |

| Week | Date      | Topics                                                                                              |
|------|-----------|-----------------------------------------------------------------------------------------------------|
| 1    | 1-Feb-18  |                                                                                                     |
|      | 2-Feb-18  |                                                                                                     |
|      | 3-Feb-18  |                                                                                                     |
|      | 4-Feb-18  | Sunday                                                                                              |
| 2    | 5-Feb-18  | concept of hapticity of organic ligand, Structure and bonding in metal-ethylenic complexes          |
|      | 6-Feb-18  | concept of hapticity of organic ligand, Structure and bonding in metal-ethylenic complexes continue |
|      | 7-Feb-18  |                                                                                                     |
|      | 8-Feb-18  |                                                                                                     |
|      | 9-Feb-18  |                                                                                                     |
|      | 10-Feb-18 | MaharshiDayanandSaraswati Jayanti                                                                   |
|      | 11-Feb-18 | Sunday                                                                                              |
| 3    | 12-Feb-18 | Structure of Ferrocene, classification in metal carbonyls                                           |
|      | 13-Feb-18 | MahaShivratri                                                                                       |

|   | 27-Mar-18 |                                                                                    |
|   | 28-Mar-18 | <b>Test of Electrochemistry</b>                                                    |
|   | 29-Mar-18 | Mahavir Jayanti                                                                    |
|   | 30-Mar-18 |                                                                                    |
|   | 31-Mar-18 |                                                                                    |

| Week | Date      | Topics                         |
|------|-----------|--------------------------------|
| 1    | 1-Apr-18  | Sunday                         |
|      | 2-Apr-18  |                                |
|      | 3-Apr-18  |                                |
|      | 4-Apr-18  | Revision                       |
|      | 5-Apr-18  | Revision                       |
|      | 6-Apr-18  |                                |
|      | 7-Apr-18  |                                |
|      | 8-Apr-18  | Sunday                         |
| 2    | 9-Apr-18  |                                |
|      | 10-Apr-18 |                                |
|      | 11-Apr-18 | Revision                       |
|      | 12-Apr-18 | Revision                       |
|      | 13-Apr-18 |                                |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi |
|      | 15-Apr-18 | Sunday                         |
| 3    | 16-Apr-18 |                                |
|      | 17-Apr-18 |                                |
|      | 18-Apr-18 | Parashurama Jayanti            |
|      | 19-Apr-18 | Revision                       |
|      | 20-Apr-18 |                                |
|      | 21-Apr-18 |                                |
|      | 22-Apr-18 | Sunday                         |
| 4    | 23-Apr-18 |                                |
|      | 24-Apr-18 |                                |
|      | 25-Apr-18 | Revision                       |
|      | 26-Apr-18 | Revision                       |
|      | 27-Apr-18 |                                |
|      | 28-Apr-18 |                                |

Name of the Assistant/ Associate Professor...**Deepali**  
Class and Section: .....**B.Sc I(D) (Semester II)**  
Subject: .....**Organic Chemistry**

| Week | Date      | Topics                                                                                                          |
|------|-----------|-----------------------------------------------------------------------------------------------------------------|
| 1    | 1-Jan-18  | Nomenclature of alkenes                                                                                         |
|      | 2-Jan-18  | mechanisms of dehydration of alcohols and dehydrohalogenation of alkyl halide.                                  |
|      | 3-Jan-18  |                                                                                                                 |
|      | 4-Jan-18  |                                                                                                                 |
|      | 5-Jan-18  |                                                                                                                 |
|      | 6-Jan-18  |                                                                                                                 |
|      | 7-Jan-18  | Sunday                                                                                                          |
| 2    | 8-Jan-18  | The Saytzeff rule, Hofmann elimination                                                                          |
|      | 9-Jan-18  | physical properties and relative stabilities of alkenes.                                                        |
|      | 10-Jan-18 |                                                                                                                 |
|      | 11-Jan-18 |                                                                                                                 |
|      | 12-Jan-18 |                                                                                                                 |
|      | 13-Jan-18 |                                                                                                                 |
| 3    | 14-Jan-18 | Sunday                                                                                                          |
|      | 15-Jan-18 | Chemical reactions of alkenes – mechanisms involved in hydrogenation, electrophilic and free radical additions, |
|      | 16-Jan-18 | Markownikoff's rule, hydroboration–oxidation, oxymercuration reduction,                                         |
|      | 17-Jan-18 |                                                                                                                 |
|      | 18-Jan-18 |                                                                                                                 |

|   |           |                                                                                                                                  |
|---|-----------|----------------------------------------------------------------------------------------------------------------------------------|
|   | 19-Jan-18 |                                                                                                                                  |
|   | 20-Jan-18 |                                                                                                                                  |
|   | 21-Jan-18 | Sunday                                                                                                                           |
| 4 | 22-Jan-18 | Vasant Panchami                                                                                                                  |
|   | 23-Jan-18 | ozonolysis, hydration, hydroxylation and oxidation with $\text{KMnO}_4$ .                                                        |
|   | 24-Jan-18 | Sir Chhotu Ram Jayanti                                                                                                           |
|   | 25-Jan-18 |                                                                                                                                  |
|   | 26-Jan-18 | Republic Day                                                                                                                     |
|   | 27-Jan-18 |                                                                                                                                  |
|   | 28-Jan-18 | Sunday                                                                                                                           |
| 5 | 29-Jan-18 | Nomenclature of benzene derivatives : Aromatic nucleus and side chain.                                                           |
|   | 30-Jan-18 | Aromaticity: the Huckel rule, aromatic ions, annulenes up to 10 carbon atoms, aromatic, anti-aromatic and non-aromatic compounds |
|   | 31-Jan-18 |                                                                                                                                  |

| Week | Date      | Topics                                                                                                                                                                                |
|------|-----------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1    | 1-Feb-18  |                                                                                                                                                                                       |
|      | 2-Feb-18  |                                                                                                                                                                                       |
|      | 3-Feb-18  |                                                                                                                                                                                       |
|      | 4-Feb-18  | Sunday                                                                                                                                                                                |
| 2    | 5-Feb-18  | Aromatic electrophilic substitution - general pattern of the mechanism, mechanism of nitration                                                                                        |
|      | 6-Feb-18  | halogenation, sulphonation, and Friedel-Crafts reaction                                                                                                                               |
|      | 7-Feb-18  |                                                                                                                                                                                       |
|      | 8-Feb-18  |                                                                                                                                                                                       |
|      | 9-Feb-18  |                                                                                                                                                                                       |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti                                                                                                                                                   |
|      | 11-Feb-18 | Sunday                                                                                                                                                                                |

| 3    | 16-Apr-18 | revision                       |
|      | 17-Apr-18 | revision                       |
|      | 18-Apr-18 | Parashurama Jayanti            |
|      | 19-Apr-18 |                                |
|      | 20-Apr-18 |                                |
|      | 21-Apr-18 |                                |
|      | 22-Apr-18 | Sunday                         |
| 4    | 23-Apr-18 | revision                       |
|      | 24-Apr-18 | revision                       |
|      | 25-Apr-18 |                                |
|      | 26-Apr-18 |                                |
|      | 27-Apr-18 |                                |
|      | 28-Apr-18 |                                |

Name of the Assistant/ Associate Professor...**Ms Deepali**  
Class and Section:.....**B.Sc II(D) (Semester IV)**.....  
Subject: **Inorganic chemistry**

| Week | Date      | Topics                                          |
|------|-----------|-------------------------------------------------|
| 1    | 1-Jan-18  | Lanthanides: Electronic structure               |
|      | 2-Jan-18  | oxidation states, magnetic properties           |
|      | 3-Jan-18  |                                                 |
|      | 4-Jan-18  |                                                 |
|      | 5-Jan-18  |                                                 |
|      | 6-Jan-18  |                                                 |
|      | 7-Jan-18  | Sunday                                          |
| 2    | 8-Jan-18  | Complex formation, colour                       |
|      | 9-Jan-18  | ionic radii and lanthanide contraction          |
|      | 10-Jan-18 |                                                 |
|      | 11-Jan-18 |                                                 |
|      | 12-Jan-18 |                                                 |
|      | 13-Jan-18 |                                                 |
|      | 14-Jan-18 | Sunday                                          |
| 3    | 15-Jan-18 | occurrence, separation of lanthanides,          |
|      | 16-Jan-18 | Lanthanide compounds                            |
|      | 17-Jan-18 |                                                 |
|      | 18-Jan-18 |                                                 |
|      | 19-Jan-18 |                                                 |
|      | 20-Jan-18 |                                                 |
|      | 21-Jan-18 | Sunday                                          |
| 4    | 22-Jan-18 | Vasant Panchami                                 |
|      | 23-Jan-18 | Actinides: General characteristics of actinides |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                          |

|   |           |                                                       |
|---|-----------|-------------------------------------------------------|
|   | 25-Jan-18 |                                                       |
|   | 26-Jan-18 | Republic Day                                          |
|   | 27-Jan-18 |                                                       |
|   | 28-Jan-18 | Sunday                                                |
| 5 | 29-Jan-18 | chemistry of separation of Np, Pu and Am from uranium |
|   | 30-Jan-18 | chemistry of separation of Np, Pu and Am from uranium |
|   | 31-Jan-18 |                                                       |

| Week | Date      | Topics                                                                                                                                      |
|------|-----------|---------------------------------------------------------------------------------------------------------------------------------------------|
| 1    | 1-Feb-18  |                                                                                                                                             |
|      | 2-Feb-18  |                                                                                                                                             |
|      | 3-Feb-18  |                                                                                                                                             |
|      | 4-Feb-18  | Sunday                                                                                                                                      |
| 2    | 5-Feb-18  | Transuranic elements                                                                                                                        |
|      | 6-Feb-18  | comparison of properties of Lanthanides and actinides with transition elements.                                                             |
|      | 7-Feb-18  |                                                                                                                                             |
|      | 8-Feb-18  |                                                                                                                                             |
|      | 9-Feb-18  |                                                                                                                                             |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti                                                                                                         |
|      | 11-Feb-18 | Sunday                                                                                                                                      |
| 3    | 12-Feb-18 | comparison of properties of Lanthanides and actinides with transition elements.                                                             |
|      | 13-Feb-18 | Maha Shivratri                                                                                                                              |
|      | 14-Feb-18 |                                                                                                                                             |
|      | 15-Feb-18 |                                                                                                                                             |
|      | 16-Feb-18 |                                                                                                                                             |
|      | 17-Feb-18 |                                                                                                                                             |
|      | 18-Feb-18 | Sunday                                                                                                                                      |
| 4    | 19-Feb-18 | <b>Test of lanthanides and actinides</b>                                                                                                    |
|      | 20-Feb-18 | Chemistry of analysis of various groups of basic and acidic radicals, <b>assignment of important questions of lanthanides and actinides</b> |
|      | 21-Feb-18 |                                                                                                                                             |
|      | 22-Feb-18 |                                                                                                                                             |
|      | 23-Feb-18 |                                                                                                                                             |
|      | 24-Feb-18 |                                                                                                                                             |
|      | 25-Feb-18 | Sunday                                                                                                                                      |
| 5    | 26-Feb-18 | Chemistry of analysis of various groups of basic and acidic radicals                                                                        |
|      | 27-Feb-18 | chemistry of identification of acid radicals in typical combination                                                                         |
|      | 28-Feb-18 |                                                                                                                                             |

| Week | Date      | Topics                                                                                                         |
|------|-----------|----------------------------------------------------------------------------------------------------------------|
| 1    | 1-Mar-18  | Guru Ravidas Birthday                                                                                          |
|      | 2-Mar-18  | Holi                                                                                                           |
|      | 3-Mar-18  |                                                                                                                |
|      | 4-Mar-18  | Sunday                                                                                                         |
| 2    | 5-Mar-18  | chemistry of identification of acid radicals in typical combination                                            |
|      | 6-Mar-18  | chemistry of interference of acid radicals including their removal in the analysis of basic radicals,          |
|      | 7-Mar-18  |                                                                                                                |
|      | 8-Mar-18  |                                                                                                                |
|      | 9-Mar-18  |                                                                                                                |
|      | 10-Mar-18 |                                                                                                                |
|      | 11-Mar-18 | Sunday                                                                                                         |
| 3    | 12-Mar-18 | chemistry of interference of acid radicals including their removal in the analysis of basic radicals, continue |
|      | 13-Mar-18 | chemistry of interference of acid radicals including their removal in the analysis of basic radicals, continue |

|------|-----------|-------------------------------------------------------------------------------------|
| 1    | 1-Jan-18  |                                                                                     |
|      | 2-Jan-18  |                                                                                     |
|      | 3-Jan-18  |                                                                                     |
|      | 4-Jan-18  |                                                                                     |
|      | 5-Jan-18  | <b>Acids and Bases</b> -Arrhenius, Bronsted-lowry, Lux-flood,                       |
|      | 6-Jan-18  | solvent system and Lewis concept of acids and bases                                 |
|      | 7-Jan-18  | Sunday                                                                              |
| 2    | 8-Jan-18  |                                                                                     |
|      | 9-Jan-18  |                                                                                     |
|      | 10-Jan-18 |                                                                                     |
|      | 11-Jan-18 |                                                                                     |
|      | 12-Jan-18 | relative strength of acids and bases,                                               |
|      | 13-Jan-18 | levelling solvents,                                                                 |
|      | 14-Jan-18 | Sunday                                                                              |
| 3    | 15-Jan-18 |                                                                                     |
|      | 16-Jan-18 |                                                                                     |
|      | 17-Jan-18 |                                                                                     |
|      | 18-Jan-18 |                                                                                     |
|      | 19-Jan-18 | hard and soft acids and bases(HSAB)                                                 |
|      | 20-Jan-18 | Applications of HSAB principle                                                      |
|      | 21-Jan-18 | Sunday                                                                              |
| 4    | 22-Jan-18 | Vasant Panchami                                                                     |
|      | 23-Jan-18 |                                                                                     |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                                                              |
|      | 25-Jan-18 |                                                                                     |
|      | 26-Jan-18 | Republic Day                                                                        |
|      | 27-Jan-18 | <b>Organometallic chemistry</b> Definition, classification organometallic compounds |
|      | 28-Jan-18 | Sunday                                                                              |
| 5    | 29-Jan-18 |                                                                                     |
|      | 30-Jan-18 |                                                                                     |
|      | 31-Jan-18 |                                                                                     |

| Week | Date      | Topics                                                                           |
|------|-----------|----------------------------------------------------------------------------------|
| 1    | 1-Feb-18  |                                                                                  |
|      | 2-Feb-18  | nomenclature of organometallic compounds                                         |
|      | 3-Feb-18  | preparation, properties and bonding of alkyls of Li, Al                          |
|      | 4-Feb-18  | Sunday                                                                           |
| 2    | 5-Feb-18  |                                                                                  |
|      | 6-Feb-18  |                                                                                  |
|      | 7-Feb-18  |                                                                                  |
|      | 8-Feb-18  |                                                                                  |
|      | 9-Feb-18  | preparation, properties and bonding of alkyls of Hg and Sn,                      |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti                                              |
|      | 11-Feb-18 | Sunday                                                                           |
| 3    | 12-Feb-18 |                                                                                  |
|      | 13-Feb-18 | Maha Shivratri                                                                   |
|      | 14-Feb-18 |                                                                                  |
|      | 15-Feb-18 |                                                                                  |
|      | 16-Feb-18 | <b>Test of Acids and Bases</b>                                                   |
|      | 17-Feb-18 | hapticity of organic ligand, Structure and bonding in metal-ethylenic complexes, |
|      | 18-Feb-18 | Sunday                                                                           |
|      | 19-Feb-18 |                                                                                  |
| 4    | 20-Feb-18 |                                                                                  |
|      | 21-Feb-18 |                                                                                  |
|      | 22-Feb-18 |                                                                                  |
|      | 23-Feb-18 | Structure of Ferrocene                                                           |
|      | 24-Feb-18 | classification in metal carbonyls                                                |
|      | 25-Feb-18 | Sunday                                                                           |

|      | 8-Mar-18  |                                                                                                                    |
|      | 9-Mar-18  | bonding in mononuclear carbonyls <b>Assignment of acids and bases, Organometallic chemistry</b>                    |
|      | 10-Mar-18 | <b>Bio inorganic chemistry</b> Metal ions present in biological system,                                            |
|      | 11-Mar-18 | Sunday                                                                                                             |
| 3    | 12-Mar-18 |                                                                                                                    |
|      | 13-Mar-18 |                                                                                                                    |
|      | 14-Mar-18 |                                                                                                                    |
|      | 15-Mar-18 |                                                                                                                    |
|      | 16-Mar-18 | Classification on the basis of action (essential, non essential, trace, toxic),                                    |
|      | 17-Mar-18 | Metalloporphyrins with special reference to haemoglobin and myoglobin.                                             |
| 4    | 18-Mar-18 | Sunday                                                                                                             |
|      | 19-Mar-18 |                                                                                                                    |
|      | 20-Mar-18 |                                                                                                                    |
|      | 21-Mar-18 |                                                                                                                    |
|      | 22-Mar-18 |                                                                                                                    |
|      | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev                                                                  |
|      | 24-Mar-18 | Biological role of Na <sup>+</sup> , K <sup>+</sup> , Ca <sup>2+</sup> , Mg <sup>2+</sup> , Fe <sup>2+</sup> ions, |
| 5    | 25-Mar-18 | Sunday/ Ram Navami                                                                                                 |
|      | 26-Mar-18 |                                                                                                                    |
|      | 27-Mar-18 |                                                                                                                    |
|      | 28-Mar-18 |                                                                                                                    |
|      | 29-Mar-18 | Mahavir Jayanti                                                                                                    |
|      | 30-Mar-18 | Cooperative effect, Bohr effect.                                                                                   |
|      | 31-Mar-18 | <b>Silicones and Phosphazenes</b> Nomenclature, classification, preparation and uses of silicones,                 |

| Week | Date     | Topics |
|------|----------|--------|
| 1    | 1-Apr-18 | Sunday |
|      | 2-Apr-18 |        |
|      | 3-Apr-18 |        |
|      | 4-Apr-18 |        |
|      | 5-Apr-18 |        |

|   |           |                                                                         |
|---|-----------|-------------------------------------------------------------------------|
|   | 6-Apr-18  | elastomers, polysiloxane copolymers,                                    |
|   | 7-Apr-18  | poly phosphazenes                                                       |
|   | 8-Apr-18  | Sunday                                                                  |
| 2 | 9-Apr-18  |                                                                         |
|   | 10-Apr-18 |                                                                         |
|   | 11-Apr-18 |                                                                         |
|   | 12-Apr-18 |                                                                         |
|   | 13-Apr-18 | bonding in triphosphazene                                               |
|   | 14-Apr-18 | <b>Assignment of bioinorganic chemistry, Silicones and Phosphazenes</b> |
|   | 15-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi                                          |
|   | 16-Apr-18 | Sunday                                                                  |
| 3 | 17-Apr-18 |                                                                         |
|   | 18-Apr-18 | Parashurama Jayanti                                                     |
|   | 19-Apr-18 |                                                                         |
|   | 20-Apr-18 | Revision                                                                |
|   | 21-Apr-18 | Revision                                                                |
|   | 22-Apr-18 | Sunday                                                                  |
| 4 | 23-Apr-18 |                                                                         |
|   | 24-Apr-18 |                                                                         |
|   | 25-Apr-18 |                                                                         |
|   | 26-Apr-18 |                                                                         |
|   | 27-Apr-18 | Revision                                                                |
|   | 28-Apr-18 | Revision                                                                |

Name of the Assistant/ Associate Professor : **Ms. VANDANA SHARMA**

Class and Section: ... **B.Sc II( B) (Semester IV)**

Subject :.....**INORGANIC CHEMISTRY**

| Week | Date      | Topics                                          |
|------|-----------|-------------------------------------------------|
| 1    | 1-Jan-18  |                                                 |
|      | 2-Jan-18  |                                                 |
|      | 3-Jan-18  |                                                 |
|      | 4-Jan-18  |                                                 |
|      | 5-Jan-18  | Lanthanides: electronic structure               |
|      | 6-Jan-18  | Oxidation state, magnetic properties            |
|      | 7-Jan-18  | Sunday                                          |
| 2    | 8-Jan-18  |                                                 |
|      | 9-Jan-18  |                                                 |
|      | 10-Jan-18 |                                                 |
|      | 11-Jan-18 |                                                 |
|      | 12-Jan-18 | Complex formation, colour, ionic radii          |
|      | 13-Jan-18 | lanthanide contraction, occurrence              |
|      | 14-Jan-18 | Sunday                                          |
| 3    | 15-Jan-18 |                                                 |
|      | 16-Jan-18 |                                                 |
|      | 17-Jan-18 |                                                 |
|      | 18-Jan-18 |                                                 |
|      | 19-Jan-18 | separation of lanthanides                       |
|      | 20-Jan-18 | Lanthanide compounds                            |
|      | 21-Jan-18 | Sunday                                          |
| 4    | 22-Jan-18 | Vasant Panchami                                 |

| Week | Date      | Topics                          |
|------|-----------|---------------------------------|
| 1    | 1-Apr-18  | Sunday                          |
|      | 2-Apr-18  |                                 |
|      | 3-Apr-18  |                                 |
|      | 4-Apr-18  | numericals                      |
|      | 5-Apr-18  | numericals                      |
|      | 6-Apr-18  |                                 |
|      | 7-Apr-18  |                                 |
|      | 8-Apr-18  | Sunday                          |
| 2    | 9-Apr-18  |                                 |
|      | 10-Apr-18 |                                 |
|      | 11-Apr-18 | <b>Test of electrochemistry</b> |
|      | 12-Apr-18 | revision                        |
|      | 13-Apr-18 |                                 |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi  |
|      | 15-Apr-18 | Sunday                          |
| 3    | 16-Apr-18 |                                 |
|      | 17-Apr-18 |                                 |
|      | 18-Apr-18 | Parashurama Jayanti             |
|      | 19-Apr-18 | revision                        |
|      | 20-Apr-18 |                                 |
|      | 21-Apr-18 |                                 |
|      | 22-Apr-18 | Sunday                          |
| 4    | 23-Apr-18 |                                 |
|      | 24-Apr-18 |                                 |
|      | 25-Apr-18 | revision                        |
|      | 26-Apr-18 | revisions                       |
|      | 27-Apr-18 |                                 |
|      | 28-Apr-18 |                                 |

Name of the Assistant/ Associate Professor : **Ms. NEHA Dutta**

Class and Section: ..... **B.Sc II( B) (Semester IV)**

Subject ..... **INORGANIC CHEMISTRY**

| Week | Date      | Topics                                          |
|------|-----------|-------------------------------------------------|
| 1    | 1-Jan-18  |                                                 |
|      | 2-Jan-18  |                                                 |
|      | 3-Jan-18  |                                                 |
|      | 4-Jan-18  |                                                 |
|      | 5-Jan-18  | Lanthanides: electronic structure               |
|      | 6-Jan-18  | Oxidation state, magnetic properties            |
|      | 7-Jan-18  | Sunday                                          |
| 2    | 8-Jan-18  |                                                 |
|      | 9-Jan-18  |                                                 |
|      | 10-Jan-18 |                                                 |
|      | 11-Jan-18 |                                                 |
|      | 12-Jan-18 | Complex formation, colour, ionic radii          |
|      | 13-Jan-18 | lanthanide contraction, occurrence              |
|      | 14-Jan-18 | Sunday                                          |
| 3    | 15-Jan-18 |                                                 |
|      | 16-Jan-18 |                                                 |
|      | 17-Jan-18 |                                                 |
|      | 18-Jan-18 |                                                 |
|      | 19-Jan-18 | separation of lanthanides                       |
|      | 20-Jan-18 | Lanthanide compounds                            |
|      | 21-Jan-18 | Sunday                                          |
| 4    | 22-Jan-18 | Vasant Panchami                                 |
|      | 23-Jan-18 |                                                 |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                          |
|      | 25-Jan-18 |                                                 |
|      | 26-Jan-18 | Republic Day                                    |
|      | 27-Jan-18 | Actinides: General characteristics of actinides |
|      | 28-Jan-18 | Sunday                                          |
| 5    | 29-Jan-18 |                                                 |
|      | 30-Jan-18 |                                                 |
|      | 31-Jan-18 |                                                 |

| Week | Date      | Topics                                                                          |

|   | 14-Mar-18 | conductometric titrations                                                                   |
|   | 15-Mar-18 | Concepts of pH and pKa, Buffer solution                                                     |
|   | 16-Mar-18 |                                                                                             |
|   | 17-Mar-18 |                                                                                             |
|   | 18-Mar-18 | Sunday                                                                                      |
| 4 | 19-Mar-18 |                                                                                             |
|   | 20-Mar-18 |                                                                                             |
|   | 21-Mar-18 | Buffer action, Henderson – Hazel equation                                                   |
|   | 22-Mar-18 | Buffer mechanism of buffer action.<br><b>Assignment Kinetics, Electrochemistry</b>          |
|   | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev                                           |
|   | 24-Mar-18 |                                                                                             |
|   | 25-Mar-18 | Sunday/ Ram Navami                                                                          |
| 5 | 26-Mar-18 |                                                                                             |
|   | 27-Mar-18 |                                                                                             |
|   | 28-Mar-18 | <b>Test of Electrochemistry</b>                                                             |
|   | 29-Mar-18 | Mahavir Jayanti                                                                             |
|   | 30-Mar-18 |                                                                                             |
|   | 31-Mar-18 |                                                                                             |

| Week | Date      | Topics                         |
|------|-----------|--------------------------------|
| 1    | 1-Apr-18  | Sunday                         |
|      | 2-Apr-18  |                                |
|      | 3-Apr-18  |                                |
|      | 4-Apr-18  | Revision                       |
|      | 5-Apr-18  | Revision                       |
|      | 6-Apr-18  |                                |
|      | 7-Apr-18  |                                |
|      | 8-Apr-18  | Sunday                         |
| 2    | 9-Apr-18  |                                |
|      | 10-Apr-18 |                                |
|      | 11-Apr-18 | Revision                       |
|      | 12-Apr-18 | Revision                       |
|      | 13-Apr-18 |                                |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi |
|      | 15-Apr-18 | Sunday                         |
| 3    | 16-Apr-18 |                                |
|      | 17-Apr-18 |                                |
|      | 18-Apr-18 | Parashurama Jayanti            |
|      | 19-Apr-18 | Revision                       |
|      | 20-Apr-18 |                                |
|      | 21-Apr-18 |                                |
|      | 22-Apr-18 | Sunday                         |
| 4    | 23-Apr-18 |                                |
|      | 24-Apr-18 |                                |
|      | 25-Apr-18 | Revision                       |
|      | 26-Apr-18 | Revision                       |
|      | 27-Apr-18 |                                |
|      | 28-Apr-18 |                                |

Name of the Assistant/ Associate Professor: **Ms NEHA DUTTA**

Class and Section: **B. Sc III (D) (Semester VI)...**

Subject: **Organic chemistry**

| Week | Date      | Topics                                                                                                               |
|------|-----------|----------------------------------------------------------------------------------------------------------------------|
| 1    | 1-Jan-18  | Acidity of $\alpha$ -hydrogens, alkylation of diethyl malonate and ethyl acetoacetate                                |
|      | 2-Jan-18  | Synthesis of ethyl acetoacetate: the Claisen condensation.                                                           |
|      | 3-Jan-18  |                                                                                                                      |
|      | 4-Jan-18  |                                                                                                                      |
|      | 5-Jan-18  |                                                                                                                      |
|      | 6-Jan-18  |                                                                                                                      |
|      | 7-Jan-18  | Sunday                                                                                                               |
| 2    | 8-Jan-18  | Keto-enol tautomerism of ethyl acetoacetate.                                                                         |
|      | 9-Jan-18  | Introduction: Molecular orbital picture and aromatic characteristics of pyrrole, furan, thiophene and pyridine       |
|      | 10-Jan-18 |                                                                                                                      |
|      | 11-Jan-18 |                                                                                                                      |
|      | 12-Jan-18 |                                                                                                                      |
|      | 13-Jan-18 |                                                                                                                      |
|      | 14-Jan-18 | Sunday                                                                                                               |
| 3    | 15-Jan-18 | Methods of synthesis and chemical reactions with particular emphasis on the mechanism of electrophilic substitution. |
|      | 16-Jan-18 | Mechanism of nucleophilic substitution reactions in pyridine derivatives                                             |
|      | 17-Jan-18 |                                                                                                                      |
|      | 18-Jan-18 |                                                                                                                      |
|      | 19-Jan-18 |                                                                                                                      |
|      | 20-Jan-18 |                                                                                                                      |
|      | 21-Jan-18 | Sunday                                                                                                               |
| 4    | 22-Jan-18 | Vasant Panchami                                                                                                      |
|      | 23-Jan-18 | Comparison of basicity of pyridine, piperidine and pyrrole.                                                          |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                                                                                               |
|      | 25-Jan-18 |                                                                                                                      |
|      | 26-Jan-18 | Republic Day                                                                                                         |
|      | 27-Jan-18 |                                                                                                                      |
|      | 28-Jan-18 | Sunday                                                                                                               |
| 5    | 29-Jan-18 | Introduction to condensed five and six- membered heterocycles                                                        |
|      | 30-Jan-18 | Preparation and reactions of indole, quinoline and isoquinoline                                                      |
|      | 31-Jan-18 |                                                                                                                      |

| Week | Date      | Topics                                                                                     |
|------|-----------|--------------------------------------------------------------------------------------------|
| 1    | 1-Feb-18  |                                                                                            |
|      | 2-Feb-18  |                                                                                            |
|      | 3-Feb-18  |                                                                                            |
|      | 4-Feb-18  | Sunday                                                                                     |
| 2    | 5-Feb-18  | Fisher indole synthesis, Skraup synthesis and Bischler-Napieralski synthesis               |
|      | 6-Feb-18  | Mechanism of electrophilic substitution reactions of, quinoline and isoquinoline.          |
|      | 7-Feb-18  |                                                                                            |
|      | 8-Feb-18  |                                                                                            |
|      | 9-Feb-18  |                                                                                            |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti                                                        |
|      | 11-Feb-18 | Sunday                                                                                     |
| 3    | 12-Feb-18 | Classification, of amino acids. Acid-base behavior, isoelectric point and electrophoresis. |
|      | 13-Feb-18 | Maha Shivratri                                                                             |
|      | 14-Feb-18 |                                                                                            |
|      | 15-Feb-18 |                                                                                            |
|      | 16-Feb-18 |                                                                                            |
|      | 17-Feb-18 |                                                                                            |
|      | 18-Feb-18 | Sunday                                                                                     |
| 4    | 19-Feb-18 | <b>Test of heterocyclic compounds</b>                                                      |
|      | 20-Feb-18 | Preparation of $\alpha$ -amino acids.                                                      |
|      | 21-Feb-18 |                                                                                            |
|      | 22-Feb-18 |                                                                                            |
|      | 23-Feb-18 |                                                                                            |
|      | 24-Feb-18 |                                                                                            |
|      | 25-Feb-18 | Sunday                                                                                     |
| 5    | 26-Feb-18 | Structure and nomenclature of peptides and proteins. Classification of proteins.           |
|      | 27-Feb-18 | Peptide structure determination, end group analysis,                                       |
|      | 28-Feb-18 |                                                                                            |

| Week | Date      | Topics                                                                                                           |
|------|-----------|------------------------------------------------------------------------------------------------------------------|
| 1    | 1-Mar-18  | Guru Ravidas Birthday                                                                                            |
|      | 2-Mar-18  | Holi                                                                                                             |
|      | 3-Mar-18  | holiday                                                                                                          |
|      | 4-Mar-18  | Sunday                                                                                                           |
| 2    | 5-Mar-18  | selective hydrolysis of peptides. Classical peptide synthesis, solid-phase peptide synthesis.                    |
|      | 6-Mar-18  | Structures of peptides and proteins :Primary & Secondary structure.                                              |
|      | 7-Mar-18  |                                                                                                                  |
|      | 8-Mar-18  |                                                                                                                  |
|      | 9-Mar-18  |                                                                                                                  |
|      | 10-Mar-18 |                                                                                                                  |
|      | 11-Mar-18 | Sunday                                                                                                           |
| 3    | 12-Mar-18 | Addition or chain-growth polymerization, assignment of important questions of amino acids, peptides and proteins |
|      | 13-Mar-18 | Free radical vinyl polymerization, ionic vinyl polymerization                                                    |
|      | 14-Mar-18 | .                                                                                                                |
|      | 15-Mar-18 |                                                                                                                  |
|      | 16-Mar-18 |                                                                                                                  |
|      | 17-Mar-18 |                                                                                                                  |
|      | 18-Mar-18 | Sunday                                                                                                           |
| 4    | 19-Mar-18 | Ziegler -Natta polymerization and vinyl polymers.                                                                |
|      | 20-Mar-18 | Condensation or step growth polymerization                                                                       |
|      | 21-Mar-18 |                                                                                                                  |
|      | 22-Mar-18 |                                                                                                                  |
|      | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev                                                                |
|      | 24-Mar-18 |                                                                                                                  |
|      | 25-Mar-18 | Sunday/ Ram Navami                                                                                               |
| 5    | 26-Mar-18 | Polyesters, polyamides, phenol formaldehyde resins.                                                              |
|      | 27-Mar-18 | Natural and synthetic rubbers.<br><b>Assignment</b>                                                              |
|      | 28-Mar-18 |                                                                                                                  |
|      | 29-Mar-18 | Mahavir Jayanti                                                                                                  |
|      | 30-Mar-18 |                                                                                                                  |
|      | 31-Mar-18 |                                                                                                                  |

| Week | Date      | Topics                         |
|------|-----------|--------------------------------|
| 1    | 1-Apr-18  | Sunday                         |
|      | 2-Apr-18  | revision                       |
|      | 3-Apr-18  | revision                       |
|      | 4-Apr-18  |                                |
|      | 5-Apr-18  |                                |
|      | 6-Apr-18  |                                |
|      | 7-Apr-18  |                                |
| 2    | 8-Apr-18  | Sunday                         |
|      | 9-Apr-18  | revision                       |
|      | 10-Apr-18 | revision                       |
|      | 11-Apr-18 |                                |
|      | 12-Apr-18 |                                |
|      | 13-Apr-18 |                                |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi |
| 3    | 15-Apr-18 | Sunday                         |
|      | 16-Apr-18 | revision                       |
|      | 17-Apr-18 | revision                       |
|      | 18-Apr-18 | Parashurama Jayanti            |
|      | 19-Apr-18 |                                |
|      | 20-Apr-18 |                                |
|      | 21-Apr-18 |                                |
| 4    | 22-Apr-18 | Sunday                         |
|      | 23-Apr-18 | revision                       |
|      | 24-Apr-18 | revision                       |
|      | 25-Apr-18 |                                |
|      | 26-Apr-18 |                                |
|      | 27-Apr-18 |                                |
|      | 28-Apr-18 |                                |

Name of the Assistant/ Associate Professor.....**Ms. Shalika**.....

Class and Section:.....**B.Sc II (B) (Semester IV)**.....

Subject:.....**Organic chemistry**.....

| Week | Date      | Topics                                                                                                                                                                                                                                                     |

|      | 25-Mar-18 |                                                                                                                              |
|      | 26-Mar-18 | Sunday/ Ram Navami                                                                                                           |
|      | 27-Mar-18 |                                                                                                                              |
| 5    | 28-Mar-18 | <b>Test of IR</b>                                                                                                            |
|      | 29-Mar-18 | Mahavir Jayanti                                                                                                              |
|      | 30-Mar-18 |                                                                                                                              |
|      | 31-Mar-18 |                                                                                                                              |

| Week | Date      | Topics                         |
|------|-----------|--------------------------------|
| 1    | 1-Apr-18  | Sunday                         |
|      | 2-Apr-18  |                                |
|      | 3-Apr-18  |                                |
|      | 4-Apr-18  | Revision                       |
|      | 5-Apr-18  | Revision                       |
|      | 6-Apr-18  |                                |
|      | 7-Apr-18  |                                |
|      | 8-Apr-18  | Sunday                         |
| 2    | 9-Apr-18  |                                |
|      | 10-Apr-18 |                                |
|      | 11-Apr-18 | Revision                       |
|      | 12-Apr-18 | Revision                       |
|      | 13-Apr-18 |                                |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi |
|      | 15-Apr-18 | Sunday                         |
|      | 16-Apr-18 |                                |
| 3    | 17-Apr-18 |                                |
|      | 18-Apr-18 | Parashurama Jayanti            |
|      | 19-Apr-18 | Revision                       |
|      | 20-Apr-18 |                                |
|      | 21-Apr-18 |                                |
|      | 22-Apr-18 | Sunday                         |
|      | 23-Apr-18 |                                |
|      | 24-Apr-18 |                                |
| 4    | 25-Apr-18 | Revision                       |
|      | 26-Apr-18 | Revision                       |
|      | 27-Apr-18 |                                |
|      | 28-Apr-18 |                                |

Name of the Assistant/ Associate Professor .....**Ms. Shalika**.....

Class and Section:..... **B.Sc I (D) (Semester II)**

Subject:..... **Inorganic Chemistry**

| Week | Date      | Topics                                                                                                   |
|------|-----------|----------------------------------------------------------------------------------------------------------|
| 1    | 1-Jan-18  |                                                                                                          |
|      | 2-Jan-18  |                                                                                                          |
|      | 3-Jan-18  |                                                                                                          |
|      | 4-Jan-18  |                                                                                                          |
|      | 5-Jan-18  | Hydrogen bonding- definition, types, effects of hydrogen bonding on properties of substance              |
|      | 6-Jan-18  | Application and brief discussion of various types of vanderwaal's forces                                 |
|      | 7-Jan-18  | Sunday                                                                                                   |
| 2    | 8-Jan-18  |                                                                                                          |
|      | 9-Jan-18  |                                                                                                          |
|      | 10-Jan-18 |                                                                                                          |
|      | 11-Jan-18 |                                                                                                          |
|      | 12-Jan-18 | Metallic bond –brief introduction to metallic bond , band theory of metallic bond                        |
|      | 13-Jan-18 | Semiconductor-introduction, types and application                                                        |
|      | 14-Jan-18 | Sunday                                                                                                   |
| 3    | 15-Jan-18 |                                                                                                          |
|      | 16-Jan-18 |                                                                                                          |
|      | 17-Jan-18 |                                                                                                          |
|      | 18-Jan-18 |                                                                                                          |
|      | 19-Jan-18 | Introduction to s-block elements, comparative study of the element including diagonal relationship       |
|      | 20-Jan-18 | Silent features of hydrides, solvation and complexation tendencies including their function in biosystem |
|      | 21-Jan-18 | Sunday                                                                                                   |
| 4    | 22-Jan-18 | Vasant Panchami                                                                                          |
|      | 23-Jan-18 |                                                                                                          |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                                                                                   |
|      | 25-Jan-18 |                                                                                                          |
|      | 26-Jan-18 | Republic Day                                                                                             |
|      | 27-Jan-18 | Chemical properties of the noble gas with emphasis on their low reactivity, chemistry of xenon           |
|      | 28-Jan-18 | Sunday                                                                                                   |
| 5    | 29-Jan-18 |                                                                                                          |
|      | 30-Jan-18 |                                                                                                          |
|      | 31-Jan-18 |                                                                                                          |

| Week | Date      | Topics                                                                                                          |
|------|-----------|-----------------------------------------------------------------------------------------------------------------|
| 1    | 1-Feb-18  |                                                                                                                 |
|      | 2-Feb-18  | Structure and bonding of fluorides and oxides of xenon                                                          |
|      | 3-Feb-18  | Structure and bonding of oxyfluorides of xenon, emphasis on comparative study of properties of P-block elements |
|      | 4-Feb-18  | Sunday                                                                                                          |
| 2    | 5-Feb-18  |                                                                                                                 |
|      | 6-Feb-18  |                                                                                                                 |
|      | 7-Feb-18  |                                                                                                                 |
|      | 8-Feb-18  |                                                                                                                 |
|      | 9-Feb-18  | Diborane properties and structure , borazene chemical properties                                                |
|      | 10-Feb-18 | Maharshi Dayanand Saraswati Jayanti                                                                             |
|      | 11-Feb-18 | Sunday                                                                                                          |
| 3    | 12-Feb-18 |                                                                                                                 |
|      | 13-Feb-18 | Maha Shivratri                                                                                                  |
|      | 14-Feb-18 |                                                                                                                 |
|      | 15-Feb-18 |                                                                                                                 |
|      | 16-Feb-18 | Borazene structure: trihalides of boron- trends in lewis acid character, structure of aluminium chlorides       |
|      | 17-Feb-18 | <b>Test of hydrogen bonding, vanderwaal's forces and semiconductor</b>                                          |
|      | 18-Feb-18 | Sunday                                                                                                          |
| 4    | 19-Feb-18 |                                                                                                                 |
|      | 20-Feb-18 |                                                                                                                 |
|      | 21-Feb-18 |                                                                                                                 |
|      | 22-Feb-18 |                                                                                                                 |
|      | 23-Feb-18 | Catenation, $p\pi - d\pi$ bonding, carbides, fluorocarbons, silicates (structural aspects)                      |
|      | 24-Feb-18 | Silicones- general methods of preparation, properties and uses                                                  |
|      | 25-Feb-18 | Sunday                                                                                                          |
| 5    | 26-Feb-18 |                                                                                                                 |
|      | 27-Feb-18 |                                                                                                                 |
|      | 28-Feb-18 |                                                                                                                 |

| Week | Date     | Topics                |
|------|----------|-----------------------|
| 1    | 1-Mar-18 | Guru Ravidas Birthday |
|      | 2-Mar-18 | Holi                  |

|   |           |                                                                                                               |
|---|-----------|---------------------------------------------------------------------------------------------------------------|
|   | 3-Mar-18  |                                                                                                               |
|   | 4-Mar-18  | Sunday                                                                                                        |
| 2 | 5-Mar-18  |                                                                                                               |
|   | 6-Mar-18  |                                                                                                               |
|   | 7-Mar-18  |                                                                                                               |
|   | 8-Mar-18  |                                                                                                               |
|   | 9-Mar-18  | Oxides structures of oxides of N.P. oxyacids – structure and relative acid strength of oxyacid of nitrogen    |
|   | 10-Mar-18 | Structure and relative acid strength of oxyacids of phosphorus, structure of white, yellow and red phosphorus |
|   | 11-Mar-18 | Sunday                                                                                                        |
| 3 | 12-Mar-18 |                                                                                                               |
|   | 13-Mar-18 |                                                                                                               |
|   | 14-Mar-18 |                                                                                                               |
|   | 15-Mar-18 |                                                                                                               |
|   | 16-Mar-18 | <b>Test of boron family and carbon family</b>                                                                 |
|   | 17-Mar-18 | Oxyacids of sulphure-structure and acidic strength, $H_2O_2$                                                  |
|   | 18-Mar-18 | Sunday                                                                                                        |
| 4 | 19-Mar-18 |                                                                                                               |
|   | 20-Mar-18 |                                                                                                               |
|   | 21-Mar-18 |                                                                                                               |
|   | 22-Mar-18 |                                                                                                               |
|   | 23-Mar-18 | Shaheedi Diwas of Bhagat Singh, Rajguru & Sukhdev                                                             |
|   | 24-Mar-18 | $H_2O_2$ - structure, properties and uses                                                                     |
|   | 25-Mar-18 | Sunday/ Ram Navami                                                                                            |
| 5 | 26-Mar-18 |                                                                                                               |
|   | 27-Mar-18 |                                                                                                               |
|   | 28-Mar-18 |                                                                                                               |
|   | 29-Mar-18 | Mahavir Jayanti                                                                                               |
|   | 30-Mar-18 | Basic properties of halogen, interhalogen types properties                                                    |
|   | 31-Mar-18 | Hydro and oxyacids of chlorine- structure and comparison of acid strength<br><b>Assignment</b>                |

| Week | Date      | Topics                         |
|------|-----------|--------------------------------|
| 1    | 1-Apr-18  | Sunday                         |
|      | 2-Apr-18  |                                |
|      | 3-Apr-18  |                                |
|      | 4-Apr-18  |                                |
|      | 5-Apr-18  |                                |
|      | 6-Apr-18  | Revision                       |
|      | 7-Apr-18  | Revision                       |
|      | 8-Apr-18  | Sunday                         |
| 2    | 9-Apr-18  |                                |
|      | 10-Apr-18 |                                |
|      | 11-Apr-18 |                                |
|      | 12-Apr-18 |                                |
|      | 13-Apr-18 | Revision                       |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi |
|      | 15-Apr-18 | Sunday                         |
| 3    | 16-Apr-18 |                                |
|      | 17-Apr-18 |                                |
|      | 18-Apr-18 | Parashurama Jayanti            |
|      | 19-Apr-18 |                                |
|      | 20-Apr-18 | Revision                       |
|      | 21-Apr-18 | Revision                       |
|      | 22-Apr-18 | Sunday                         |
| 4    | 23-Apr-18 |                                |
|      | 24-Apr-18 |                                |
|      | 25-Apr-18 |                                |
|      | 26-Apr-18 |                                |
|      | 27-Apr-18 | Revision                       |
|      | 28-Apr-18 | Revision                       |

# LESSON Plan

Name of the Assistant/ Associate Professor: **Indu Sharma**

Class and Section: **B.Sc I (A)(Semester II)**

Subject: **Organic chemistry**

| Week | Date      | Topics                                                                                                       |
|------|-----------|--------------------------------------------------------------------------------------------------------------|
| 1    | 1-Jan-18  | Nomenclature of alkenes                                                                                      |
|      | 2-Jan-18  | mechanisms of dehydration of alcohols and dehydrohalogenation of alkyl halide                                |
|      | 3-Jan-18  |                                                                                                              |
|      | 4-Jan-18  |                                                                                                              |
|      | 5-Jan-18  |                                                                                                              |
|      | 6-Jan-18  |                                                                                                              |
|      | 7-Jan-18  | Sunday                                                                                                       |
| 2    | 8-Jan-18  | The Saytzeff rule, Hofmann elimination, physical properties                                                  |
|      | 9-Jan-18  | relative stabilities of alkenes.                                                                             |
|      | 10-Jan-18 |                                                                                                              |
|      | 11-Jan-18 |                                                                                                              |
|      | 12-Jan-18 |                                                                                                              |
|      | 13-Jan-18 |                                                                                                              |
|      | 14-Jan-18 | Sunday                                                                                                       |
| 3    | 15-Jan-18 | Chemical reactions of alkene. mechanisms involved in hydrogenation, electrophilic and free radical additions |
|      | 16-Jan-18 | Markownikoff's rule, hydroboration-oxidation                                                                 |
|      | 17-Jan-18 |                                                                                                              |
|      | 18-Jan-18 |                                                                                                              |

|      | 25-Mar-18 | Sunday/ Ram Navami                                                                                         |
| 5    | 26-Mar-18 | chemical reactions. Mechanisms and stereochemistry of nucleophilic substitution reactions of alkyl halides |
|      | 27-Mar-18 | SN2 and SN1 reactions with energy profile diagrams.                                                        |
|      | 28-Mar-18 |                                                                                                            |
|      | 29-Mar-18 | Mahavir Jayanti                                                                                            |
|      | 30-Mar-18 |                                                                                                            |
|      | 31-Mar-18 |                                                                                                            |

| Week | Date      | Topics                                                                               |
|------|-----------|--------------------------------------------------------------------------------------|
| 1    | 1-Apr-18  | Sunday                                                                               |
|      | 2-Apr-18  | Methods of formation and reactions of aryl halides                                   |
|      | 3-Apr-18  | The addition elimination mechanisms of nucleophilic aromatic substitution reactions. |
|      | 4-Apr-18  |                                                                                      |
|      | 5-Apr-18  |                                                                                      |
|      | 6-Apr-18  |                                                                                      |
|      | 7-Apr-18  |                                                                                      |
|      | 8-Apr-18  | Sunday                                                                               |
| 2    | 9-Apr-18  | the elimination-addition mechanisms of nucleophilic aromatic substitution reactions. |
|      | 10-Apr-18 | Relative reactivities of alkyl halides vs allyl, vinyl and aryl halides.             |
|      | 11-Apr-18 |                                                                                      |
|      | 12-Apr-18 |                                                                                      |
|      | 13-Apr-18 |                                                                                      |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi                                                       |
|      | 15-Apr-18 | Sunday                                                                               |
| 3    | 16-Apr-18 | Revision of previous topics                                                          |
|      | 17-Apr-18 | Revision of previous topics                                                          |
|      | 18-Apr-18 | Parashurama Jayanti                                                                  |
|      | 19-Apr-18 | Revision of previous topics                                                          |
|      | 20-Apr-18 | Revision of previous topics                                                          |
|      | 21-Apr-18 | Revision of previous topics                                                          |
|      | 22-Apr-18 | Sunday                                                                               |
| 4    | 23-Apr-18 | Revision of previous topics                                                          |
|      | 24-Apr-18 | Revision of previous topics                                                          |
|      | 25-Apr-18 | Revision of previous topics                                                          |
|      | 26-Apr-18 | Revision of previous topics                                                          |
|      | 27-Apr-18 | Revision of previous topics                                                          |
|      | 28-Apr-18 | Revision of previous topics                                                          |

**LESSON Plan**Name of the Assistant/ Associate Professor **Indu sharma**Class and Section: **B Sc I (B)(Semester II)****Subject: Inorganic chemistry**

| Week | Date      | Topics                                                                                                                                   |
|------|-----------|------------------------------------------------------------------------------------------------------------------------------------------|
| 1    | 1-Jan-18  |                                                                                                                                          |
|      | 2-Jan-18  |                                                                                                                                          |
|      | 3-Jan-18  |                                                                                                                                          |
|      | 4-Jan-18  |                                                                                                                                          |
|      | 5-Jan-18  | Hydrogen Bonding – Definition, types, effects of hydrogen bonding on properties of substances, application                               |
|      | 6-Jan-18  | Brief discussion of various types of Vander Waals forces                                                                                 |
|      | 7-Jan-18  | Sunday                                                                                                                                   |
| 2    | 8-Jan-18  |                                                                                                                                          |
|      | 9-Jan-18  |                                                                                                                                          |
|      | 10-Jan-18 |                                                                                                                                          |
|      | 11-Jan-18 |                                                                                                                                          |
|      | 12-Jan-18 | Metallic bond – Qualitative idea of valence bond and Band theories of metallic bond (conductors, semiconductors, insulators).            |
|      | 13-Jan-18 | Semiconductors – Introduction, types and applications                                                                                    |
|      | 14-Jan-18 | Sunday                                                                                                                                   |
| 3    | 15-Jan-18 |                                                                                                                                          |
|      | 16-Jan-18 |                                                                                                                                          |
|      | 17-Jan-18 |                                                                                                                                          |
|      | 18-Jan-18 |                                                                                                                                          |
|      | 19-Jan-18 | Comparative study of the elements including diagonal relationship <b>Assignment on hydrogen bonding metallic bond and semiconductors</b> |
|      | 20-Jan-18 | Anomalous behaviour of Lithium and Beryllium compared to other elements in the same group                                                |
|      | 21-Jan-18 | Sunday                                                                                                                                   |
| 4    | 22-Jan-18 | Vasant Panchami                                                                                                                          |
|      | 23-Jan-18 |                                                                                                                                          |
|      | 24-Jan-18 | Sir Chhotu Ram Jayanti                                                                                                                   |
|      | 25-Jan-18 |                                                                                                                                          |
|      | 26-Jan-18 | Republic Day                                                                                                                             |
|      | 27-Jan-18 | salient features of hydrides, oxides, halides, hydroxides                                                                                |
|      | 28-Jan-18 | Sunday                                                                                                                                   |
| 5    | 29-Jan-18 |                                                                                                                                          |
|      | 30-Jan-18 |                                                                                                                                          |
|      | 31-Jan-18 |                                                                                                                                          |

| Week | Date      | Topics                                                                   |
|------|-----------|--------------------------------------------------------------------------|
| 1    | 1-Feb-18  |                                                                          |
|      | 2-Feb-18  | behaviour of solution in liquid NH <sub>3</sub> .                        |
|      | 3-Feb-18  | General physical properties, low chemical reactivity, chemistry of xenon |
|      | 4-Feb-18  | Sunday                                                                   |
| 2    | 5-Feb-18  |                                                                          |
|      | 6-Feb-18  |                                                                          |

|      | 27-Apr-18 |                                                                                 | Revision                                                                                        | Revision                                                                                                   |
|      | 28-Apr-18 |                                                                                 | Revision                                                                                        | Revision                                                                                                   |

## LESSON Plan

Name of the Assistant/ Associate Professor **Sanjay Bhardwaj**

Class and Section: **BCA I, BCA I, B.Voc. I**

Subject: **Advanced Programming in C, Logical Organization of Computer II, Web Designing.**

| Week | Date      | BCA I<br>Advanced Programming In C<br>BCA 121   | BCA I<br>Logical Organization of<br>Computers II BCA 122 | Web Designing<br>BVSD-22                     |
|------|-----------|-------------------------------------------------|----------------------------------------------------------|----------------------------------------------|
| 1    | 1-Jan-18  | Introduction of Subject                         |                                                          | Introduction to Subject                      |
|      | 2-Jan-18  | Revision of Arrays                              |                                                          | Introduction Internet                        |
|      | 3-Jan-18  | Revision of Functions                           |                                                          | History - Internet                           |
|      | 4-Jan-18  |                                                 | Sequential CKT, FF, RS                                   | Use of Internet                              |
|      | 5-Jan-18  |                                                 | Synchronized RS FF, Limitation                           | Use of Internet, WWW                         |
|      | 6-Jan-18  |                                                 | D Type FF                                                | History www, features, Web Browser           |
|      | 7-Jan-18  | Sunday                                          |                                                          |                                              |
| 2    | 8-Jan-18  | Character data type, constant, variable, I/O    |                                                          | Example of Web Browser, Types of Server      |
|      | 9-Jan-18  | String- Constant, Type, I/O                     |                                                          | Web Page, Web Site                           |
|      | 10-Jan-18 | Library Function with String data type          |                                                          | Web Publishing-hosing site, ISP              |
|      | 11-Jan-18 |                                                 | Edge triggered FF,                                       | Planing and Designing Web Site               |
|      | 12-Jan-18 |                                                 | JK Flip Flop                                             | Steps for Developing Sites                   |
|      | 13-Jan-18 |                                                 | T Type FF, Racing Problem                                | Selecting contents for Home Page             |
|      | 14-Jan-18 | Sunday                                          |                                                          |                                              |
| 3    | 15-Jan-18 | Programming Using Strings                       |                                                          | Domain names                                 |
|      | 16-Jan-18 | Programming With String                         |                                                          | Creating the Web Sites                       |
|      | 17-Jan-18 | Array Of Strings, Programme                     |                                                          | HTML Intro, HTML Standards                   |
|      | 18-Jan-18 |                                                 | Master Slave FF                                          | Tags                                         |
|      | 19-Jan-18 |                                                 | State Table, Diagram, Equation, Transition Table         | Creating Web Pages- Adding Background Colors |
|      | 20-Jan-18 |                                                 | Counter, Ripple Counter                                  | Page Formatting, Break Tag                   |
|      | 21-Jan-18 | Sunday                                          |                                                          |                                              |
| 4    | 22-Jan-18 | VasantPanchami                                  |                                                          |                                              |
|      | 23-Jan-18 | Introduction to Structure, Declaring            |                                                          | Working with Headings                        |

|      | 2-Apr-18  | Building Active X Client, Active X Servers, Active X Controls          | My Computer & Recycle bin; Desktop, Icons and Windows Explorer | Inserting Animated Pictures or Accessing through Object                                     |
|      | 3-Apr-18  | Assignment:2(unit 3, Applications)                                     | Test                                                           | Inserting Recorded Sound Effect or In-Built Sound Effect.                                   |
|      | 4-Apr-18  | Subroutine, Functions                                                  | Doubt Session.                                                 | Inserting Recorded Sound Effect or In-Built Sound Effect.                                   |
|      | 5-Apr-18  | Using DLLs in VB Applications                                          | system programs                                                |                                                                                             |
|      | 6-Apr-18  | Coding Event Procedures                                                | O/S services, system calls                                     |                                                                                             |
|      | 7-Apr-18  | Dynamic Menu Appearance.                                               | Activity Sessiondc sz                                          |                                                                                             |
|      | 8-Apr-18  | Sunday                                                                 | Sunday                                                         | Sunday                                                                                      |
| 2    | 9-Apr-18  | Common Control and their Properties.                                   | Test                                                           | Test                                                                                        |
|      | 10-Apr-18 | Adding Menu interface to Forms.                                        | Working with Files & Folders                                   | Define Styles, Hyphenation, Header & Footer, Page Numbering, Saving and Closing publication |
|      | 11-Apr-18 | Custom Control, Control Array.                                         | Linux architecture, Features of Linux                          | Working with columns                                                                        |
|      | 12-Apr-18 | Web-enabled Applications                                               | Control Panel                                                  |                                                                                             |
|      | 13-Apr-18 | Object Oriented Programming with VB.                                   | Oral Discussion.                                               |                                                                                             |
|      | 14-Apr-18 | Dr Ambedkar Jayanti / Vaisakhi                                         | Dr Ambedkar Jayanti / Vaisakhi                                 | Dr Ambedkar Jayanti / Vaisakhi                                                              |
|      | 15-Apr-18 | Sunday                                                                 | Sunday                                                         | Sunday                                                                                      |
| 3    | 16-Apr-18 | Revision Of: The VB Integrated Development Environment and its Element | Revision                                                       | Revision                                                                                    |
|      | 17-Apr-18 | Revision Of: The VB Integrated Development Environment and its Element | Revision                                                       | Revision                                                                                    |
|      | 18-Apr-18 | Parashurama Jayanti                                                    | Parashurama Jayanti                                            | Parashurama                                                                                 |

|   |           |                                                                                                                               |          |          |
|---|-----------|-------------------------------------------------------------------------------------------------------------------------------|----------|----------|
|   |           |                                                                                                                               |          | Jayanti  |
|   | 19-Apr-18 | Revision Of: The VB Language and its Elements                                                                                 | Revision |          |
|   | 20-Apr-18 | Revision Of: The VB Language and its Elements                                                                                 | Revision |          |
|   | 21-Apr-18 | Revision Of: Design a VB Application                                                                                          | Revision |          |
|   | 22-Apr-18 | Sunday                                                                                                                        | Sunday   | Sunday   |
| 4 | 23-Apr-18 | Revision Of: Design a VB Application                                                                                          | Revision | Revision |
|   | 24-Apr-18 | Revision Of: Implementation of Drag Drop Operations, Menu Designing, Adding Menu interface to Forms, Attaching Code to Events | Revision | Revision |
|   | 25-Apr-18 | Revision Of: Implementation of Drag Drop Operations, Menu Designing, Adding Menu interface to Forms, Attaching Code to Events | Revision | Revision |
|   | 26-Apr-18 | Revision Of: Coding a VB Application                                                                                          | Revision |          |
|   | 27-Apr-18 | Revision Of: Coding a VB Application                                                                                          | Revision |          |
|   | 28-Apr-18 | Revision Of: Database Programming and Object Oriented Programming with VB.                                                    | Revision |          |

## LESSON Plan

Name of the Assistant/ Associate Professor:**KUMUD GUPTA**

Class and Section:**BCA-II(IV SEM).PGDCA.BVOC-I(II SEM)**

**Subject:****RDBMS(BCA-244).INTRODUCTION TO DBMS(PG-14).OPERATING SYSTEM-II(BVSD-21)**

| Week | Date      | RDBMS:Topics                                   | DBMS:Topics                             | OS-II:Topics                                                  |
|------|-----------|------------------------------------------------|-----------------------------------------|---------------------------------------------------------------|
| 1    | 1-Jan-18  | Relational Model Concepts                      | Relational Algebra- Query Language      | File Systems: Functions of the System.                        |
|      | 2-Jan-18  | Relational Model Concepts                      | Relational Algebra- Query Language      | File Access and Allocation Methods                            |
|      | 3-Jan-18  | Codd's Rules for Relational Model              | Basic Set Operations                    | File Access and Allocation Methods                            |
|      | 4-Jan-18  |                                                | Basic Set Operations                    | File Access and Allocation Methods                            |
|      | 5-Jan-18  |                                                | PRESENTATION                            | Directory Systems: Structured Organizations,                  |
|      | 6-Jan-18  |                                                | DOUBTS                                  | Directory Systems: Structured Organizations,                  |
|      | 7-Jan-18  | Sunday                                         |                                         |                                                               |
| 2    | 8-Jan-18  | Relational Algebra:-Selection and Projection   | Special Relational Operations           | Directory Systems: Structured Organizations,                  |
|      | 9-Jan-18  | Relational Algebra:-Selection and Projection   | Special Relational Operations           | Directory and File Protection Mechanisms.                     |
|      | 10-Jan-18 | Set Operation                                  | Special Relational Operations           | Directory and File Protection Mechanisms.                     |
|      | 11-Jan-18 |                                                | Introduction to SQL: DDL                | Directory and File Protection Mechanisms.                     |
|      | 12-Jan-18 |                                                | Introduction to SQL: DDL                | Concurrent Processes: Introduction                            |
|      | 13-Jan-18 |                                                | DML, and DCL Commands                   | Parallel Processing                                           |
|      | 14-Jan-18 | Sunday                                         |                                         |                                                               |
| 3    | 15-Jan-18 | Set Operation                                  | DML, and DCL Commands                   | Control Structure for Indicating Parallelism,                 |
|      | 16-Jan-18 | Renaming                                       | DML, and DCL Commands                   | Mutual Exclusion                                              |
|      | 17-Jan-18 | Join and Division                              | ORAL TEST                               | Mutual Exclusion                                              |
|      | 18-Jan-18 |                                                | PRESENTATION                            | Critical Section Problem                                      |
|      | 19-Jan-18 |                                                | TEST                                    | Critical Section Problem                                      |

## LESSON Plan

Name of the Assistant/ Associate Professor: Sonia Thind

Class and Section: Msc -1 and BVOC 2

**Subject:** MS-15-22(Linux and Shell Programming)/ BVSD-42 (Management information system)

| W e e k | D a t e   | Subject1: Linux and shell programming                        | Subject2: Management Information System                     |
|---------|-----------|--------------------------------------------------------------|-------------------------------------------------------------|
| 1       | 1-Jan-18  | Introduction to Unix/ Linux                                  | Introduction to Management information system               |
|         | 2-Jan-18  | Evolution of Unix/ Linux                                     | Fundamentals of management information system               |
|         | 3-Jan-18  | Unix/ Linux distributions                                    | The fundamental roles of information system in business     |
|         | 4-Jan-18  | Linux/ unix operating system                                 | Trends in information system                                |
|         | 5-Jan-18  | Linux/ unix architecture                                     | Managerial challenges of information technology             |
|         | 6-Jan-18  | Features of linux/unix                                       | Managerial challenges of information technology continued.. |
|         | 7-Jan-18  | S u n d a y                                                  | S u n d a y                                                 |
| 2       | 8-Jan-18  | Doubt session of unit 1( part 1)                             | Doubt session of unit 1( part 1)                            |
|         | 9-Jan-18  | Class test of unit 1 (part1)                                 | Class test of unit 1 (part1)                                |
|         | 10-Jan-18 | Interfacing with Unix/ Linux                                 | The components of information system                        |
|         | 11-Jan-18 | Commands in unix/linux: general purpose commands             | S y s t e m c o n c e p t                                   |
|         | 12-Jan-18 | File oriented commands                                       | Components of an information system                         |
|         | 13-Jan-18 | Directory oriented commands, communication oriented commands | Information system resources                                |
|         | 14-Jan-18 | S u n d a y                                                  | S u n d a y                                                 |
| 3       | 15-Jan-18 | Process oriented and other commonly used commands            | Information system activities                               |
|         | 16-Jan-18 | Doubt session of unit 1( part 2)                             | Recognizing information system                              |
|         | 17-Jan-18 | Class test of unit 1 (part2)                                 | Recognizing information system continued..                  |
|         | 18-Jan-18 | Regular expressions and filters in linux                     | Doubt session of unit 1( part 2)                            |
|         | 19-Jan-18 | Regular expression and their use                             | Class test of unit 1 (part2)                                |
|         | 20-Jan-18 | Simple filters viz. more, we, diff, sort, uniq,              | Introduction to IT infrastructure and emerging technologies |
|         | 21-Jan-18 | S u n d a y                                                  | S u n d a y                                                 |
| 4       | 22-Jan-18 | Vasant Panchami                                              | V a s a n t p a n c h a m i                                 |
|         | 23-Jan-18 | Simple filters continued..                                   | IT infrastructure, Infrastructure components                |
|         | 24-Jan-18 | Sir Chhotu Ram Jayanti                                       | Sir Chhotu Ram Jayanti                                      |
|         | 25-Jan-18 | Simple filters continued..                                   | Software & Hardware trends and emerging technologies        |
|         | 26-Jan-18 | Republic Day                                                 | Republic Day                                                |
|         | 27-Jan-18 | Doubt session of unit 2( part 1)                             | M a n a g e m e n t i s s u e s                             |
|         | 28-Jan-18 | S u n d a y                                                  | S u n d a y                                                 |
| 5       | 29-Jan-18 | Class test of unit 2(part1)                                  | Doubt session of unit 2( part 1)                            |
|         | 30-Jan-18 | Linux/ unix file system:                                     | Class test of unit 2(part1)                                 |
|         | 31-Jan-18 | S e s s i o n a l 1                                          | Assignment 1/ foundation of business intelligence           |

3<sup>RD</sup> Week of April Examination

**NAME OF ASSOCIATE PROFESOR- DR. MEENU JAIN**  
**CLASS – B.A. II (GEN)(4<sup>TH</sup> Semester) SUBJECT – MACRO ECONOMICS**

| WEEK          | DAY   | DATE   | TOPICS                                           |
|---------------|-------|--------|--------------------------------------------------|
| 1 Week of Jan | Day-1 | 1 JAN  | Introduction of Syllabus                         |
|               | 2     | 2 JAN  | Keynesian Multiplier: Concept                    |
|               | 3     | 3 JAN  | Relation between Multiplier, MPC and MPS         |
|               | 4     | 4 JAN  | Comparative Static Process of Multiplier         |
|               | 5     | 5 JAN  | <b>Holiday</b>                                   |
|               | 6     | 6 JAN  | Comparative Dynamic Process of Multiplier        |
| 2 Week of Jan | Day-1 | 8 JAN  | Working of Multiplier in UDC'S                   |
|               | 2     | 9 JAN  | Limitations, Leakages & Importance of Multiplier |
|               | 3     | 10 JAN | Case Study- Multiplier                           |
|               | 4     | 11 JAN | Meaning of inflation                             |
|               | 5     | 12 JAN | Types of Inflation                               |
|               | 6     | 13 JAN | Causes of Inflation                              |
| 3 Week of Jan | Day-1 | 15 JAN | Effects of Inflation                             |
|               | 2     | 16 JAN | The Classical Theory of Inflation                |
|               | 3     | 17 JAN | Demand Pull Inflation                            |
|               | 4     | 18 JAN | Cost Push Inflation                              |
|               | 5     | 19 JAN | Phillips Curve- Introduction                     |
|               | 6     | 20 JAN | Phillips Curve in Short run                      |
| 4 Week of Jan | Day-1 | 22 JAN | <b>Holiday</b>                                   |
|               | 2     | 23 JAN | Phillips Curve in Long run                       |
|               | 3     | 24 JAN | Case Study- Phillips Curve                       |
|               | 4     | 25 JAN | Meaning, Nature and Features of Business Cycles  |
|               | 5     | 26 JAN | <b>Holiday</b>                                   |
|               | 6     | 27 JAN | Types of Business Cycles                         |
| 5 Week of Jan | 1     | 29 JAN | Phases of Business Cycles                        |
|               | 2     | 30 JAN | Keynes View of Trade Cycles                      |
|               | 3     | 31 JAN | <b>Holiday</b>                                   |

| WEEK          | DAY   | DATE   | TOPICS                                                        |
|---------------|-------|--------|---------------------------------------------------------------|
| 1 Week of Feb | Day-1 | 1 Feb  | Hicks' Theory of Trade Cycles                                 |
|               | 2     | 2 Feb  | Samuelson,s Theory of Trade Cycles                            |
|               | 3     | 3 Feb  | Samuelson,s Theory of Trade Cycles (Case Study- Trade Cycles) |
| 2 Week of Feb | Day-1 | 5 Feb  | The Demand for Money: Introduction, Concepts                  |
|               | 2     | 6 Feb  | Functions of Money                                            |
|               | 3     | 7 Feb  | Significance of Money                                         |
|               | 4     | 8 Feb  | Case Study- The Demand for Money                              |
|               | 5     | 9 Feb  | Test- Multiplier                                              |
|               | 6     | 10 Feb | <b>Holiday</b>                                                |
| 3 Week of Feb | Day-1 | 12 Feb | Introduction of Quantity Theory of Money                      |
|               | 2     | 13 Feb | <b>Holiday</b>                                                |
|               | 3     | 14 Feb | Quantity Theory of Money -Fisher's Approach                   |
|               | 4     | 15 Feb | Quantity Theory of Money -Fisher's Approach                   |
|               | 5     | 16 Feb | Case Study- Fisher's Approach                                 |
|               | 6     | 17 Feb | Quantity Theory of Money- Cambridge Approach                  |
| 4 Week of Feb | Day-1 | 19 Feb | Quantity Theory of Money- Cambridge Approach                  |
|               | 2     | 20 Feb | Case Study- Fisher's Approach                                 |
|               | 3     | 21 Feb | Assignment- Theories of Money                                 |
|               | 4     | 22 Feb | Acceleration Principle                                        |

|               |   |        |                                               |
|---------------|---|--------|-----------------------------------------------|
| 5 Week of Feb | 5 | 23 Feb | Acceleration Principle                        |
|               | 6 | 24 Feb | Difference between Accelerator and Multiplier |
|               | 1 | 26 Feb | Concept of Super Multiplier                   |
|               | 2 | 27 Feb | Case Study- Acceleration Principle            |
|               | 3 | 28 Feb | Holiday                                       |

| WEEK            | DAY   | DATE     | TOPICS                                          |
|-----------------|-------|----------|-------------------------------------------------|
| 1 Week of March | Day-1 | 1 March  | Holiday                                         |
|                 | 2     | 2 March  | Holiday                                         |
|                 | 3     | 3 March  | Holiday                                         |
|                 | 4     | 4 March  | Holiday                                         |
| 2 Week of March | Day-1 | 5 March  | Test of Accelerator                             |
|                 | 2     | 6 March  | Case Study- Inflation                           |
|                 | 3     | 7 March  | Test- Inflation                                 |
|                 | 4     | 8 March  | Supply of Money: Meaning                        |
|                 | 5     | 9 March  | Supply of Money: Determinants                   |
|                 | 6     | 10 March | High Powered Money                              |
| 3 Week of March | Day-1 | 12 March | Money Multiplier                                |
|                 | 2     | 13 March | Test- Phillips Curve                            |
|                 | 3     | 14 March | Assignment- Inflation                           |
|                 | 4     | 15 March | Case Study- Supply of Money                     |
|                 | 5     | 16 March | Introduction about LTM                          |
|                 | 6     | 17 March | Test- Trade Cycles                              |
| 4 Week of March | Day-1 | 19 March | Keynesian Liquidity Theory of Money             |
|                 | 2     | 20 March | Keynesian Liquidity Theory of Money             |
|                 | 3     | 21 March | Case Study- Keynesian Liquidity Theory of Money |
|                 | 4     | 22 March | Test- Keynesian Liquidity Theory of Money       |
|                 | 5     | 23 March | Holiday                                         |
|                 | 6     | 24 March | Test-Quantity Theory of Money                   |
| 5 Week of March | 1     | 26 March | Classical Theory of Rate of Interest.           |
|                 | 2     | 27 March | Keynesian Theory of Rate of Interest.           |
|                 | 3     | 28 March | Keynesian Theory of Rate of Interest.           |
|                 | 4     | 29 March | Holiday                                         |
|                 | 5     | 30 March | Case Study- Rate of Interest.                   |
|                 | 6     | 31 March | Test- Theories of Rate of Interest              |

| WEEK                          | DAY         | DATE    | TOPICS   |
|-------------------------------|-------------|---------|----------|
| 1 Week of April               | Day-1       | 2 April | Revision |
|                               | 2           | 3       | Revision |
|                               | 3           | 4       | Revision |
|                               | 4           | 5       | Revision |
|                               | 5           | 6       | Revision |
|                               | 6           | 7       | Revision |
| 2 Week of April               | Day-1       | 9       | Revision |
|                               | 2           | 10      | Revision |
|                               | 3           | 11      | Revision |
|                               | 4           | 12      | Revision |
|                               | 5           | 13      | Revision |

| Feb. | 2 | 27 Feb | Effects of Inflation |
|      | 3 | 28 Feb | Holiday              |

| WEEK            | DAY   | DATE     | TOPICS                                                  |
|-----------------|-------|----------|---------------------------------------------------------|
| 1 Week of March | Day-1 | 1 March  | Holiday                                                 |
|                 | 2     | 2 March  | Holiday                                                 |
|                 | 3     | 3 March  | Holiday                                                 |
|                 | 4     | 4 March  | Holiday                                                 |
| 2 Week of March | Day-1 | 5 March  | Inflation and Economic Development                      |
|                 | 2     | 6 March  | Measures To Control Inflation                           |
|                 | 3     | 7 March  | Introduction, Meaning and Definition of Business Cycle  |
|                 | 4     | 8 March  | Types of Business Cycle                                 |
|                 | 5     | 9 March  | Phases of Business Cycle                                |
|                 | 6     | 10 March | Samuelson Theory Of Business Cycle                      |
| 3 Week of March | Day-1 | 12 March | Hicks Theory Of Business Cycle                          |
|                 | 2     | 13 March | Methods to Control Business Cycles                      |
|                 | 3     | 14 March | Introduction, Meaning and Definition of National Income |
|                 | 4     | 15 March | Concept of National Income                              |
|                 | 5     | 16 March | Related Aggregates of National Income                   |
|                 | 6     | 17 March | Measurement of National Income                          |
| 4 Week of March | Day-1 | 19 March | Assignment- Inflation                                   |
|                 | 2     | 20 March | Value Added Method                                      |
|                 | 3     | 21 March | Precautions Regarding Value Added Method                |
|                 | 4     | 22 March | Test- Business Cycle                                    |
|                 | 5     | 23 March | Holiday                                                 |
|                 | 6     | 24 March | Income Method ,Precautions Regarding Income Method      |
| 5 Week of March | 1     | 26 March | Expenditure Method                                      |
|                 | 2     | 27 March | Precautions Regarding Expenditure Method                |
|                 | 3     | 28 March | National Income at Constant Prices                      |
|                 | 4     | 29 March | Holiday                                                 |
|                 | 5     | 30 March | Reconciling the Three Methods and Triple Identity       |
|                 | 6     | 31 March | Difficulties in the Measurement of National Income      |

| WEEK            | DAY          | DATE    | TOPICS   |
|-----------------|--------------|---------|----------|
| 1 Week of April | Day-1        | 2 April | Revision |
|                 | 2            | 3       | Revision |
|                 | 3            | 4       | Revision |
|                 | 4            | 5       | Revision |
|                 | 5            | 6       | Revision |
|                 | 6            | 7       | Revision |
| 2 Week of April | Day-1        | 9       | Revision |
|                 | 2            | 10      | Revision |
|                 | 3            | 11      | Revision |
|                 | 4            | 12      | Revision |
|                 | 5            | 13      | Revision |
|                 | 6            | 14      | Holiday  |
| 3 Week of April | EXAMINATIONS |         |          |

**NAME OF ASSISTANT PROFESSOR - Mr. Rohit**  
**Class – B.A. II ( HONS.) Subject – Mathematics for Economists**

| WEEK          | DAY   | DATE  | TOPICS                              |
|---------------|-------|-------|-------------------------------------|
| 1 Week of Jan | Day-1 | 1 JAN | Introduction about syllabus         |
|               | 2     | 2 JAN | Introduction to concept of matrix   |
|               | 3     | 3 JAN | Types of matrices                   |
|               | 4     | 4 JAN | Addition of two matrices            |
|               | 5     | 5 JAN | Holiday                             |
|               | 6     | 6 JAN | Subtraction of two matrices         |
| 2 Week of Jan | Day-1 | 8 JAN | Multiplication of two matrices      |
|               | 2     | 9 JAN | Determinants , Minors & co- factors |

|               |       |        |                                                    |
|---------------|-------|--------|----------------------------------------------------|
|               | 3     | 10 JAN | Adjoint of a matrix                                |
|               | 4     | 11 JAN | Inverse of a matrix                                |
|               | 5     | 12 JAN | Rank of Matrix                                     |
|               | 6     | 13JAN  | Solution of a matrix through matrix inverse method |
| 3 Week of Jan | Day-1 | 15 JAN | Solution of a matrix through Cramer rule           |
|               | 2     | 16 JAN | Test of Matrix                                     |
|               | 3     | 17 JAN | Introduction to I-O Analysis                       |
|               | 4     | 18 JAN | Features & Assumptions of I-O Analysis             |
|               | 5     | 19 JAN | Types of I-O model                                 |
|               | 6     | 20JAN  | Basic concepts of I-O model                        |
| 4 Week of Jan | Day-1 | 22 JAN | Holiday                                            |
|               | 2     | 23 JAN | Hawkins-Simon Conditions                           |
|               | 3     | 24JAN  | I-O Model for two sector economy                   |
|               | 4     | 25 JAN | I-O Model for three sector economy                 |
|               | 5     | 26JAN  | Holiday                                            |
|               | 6     | 27 JAN | Discussion on I-O Model                            |
| 5 Week of Jan | 1     | 29 JAN | Test of I-O MODEL                                  |
|               | 2     | 30JAN  | Revision of Matrix & I-O Model                     |
|               | 3     | 31JAN  | Holiday                                            |

| WEEK           | DAY   | DATE   | TOPICS                                        |
|----------------|-------|--------|-----------------------------------------------|
| 1 Week of Feb  | Day-1 | 1 Feb  | Introduction to Functions                     |
|                | 2     | 2 Feb  | Types of Functions                            |
|                | 3     | 3 Feb  | Functions in Economic Theory                  |
| 2 Week of Feb  | Day-1 | 5 Feb  | Introduction to Set Theory                    |
|                | 2     | 6 Feb  | Operations on sets                            |
|                | 3     | 7 Feb  | Ordered Pairs                                 |
|                | 4     | 8 Feb  | Cartesian products of Sets                    |
|                | 5     | 9 Feb  | Economic Application of Set Theory            |
|                | 6     | 10 Feb | Holidays                                      |
| 3 Week of Feb  | Day-1 | 12 Feb | Discussion on Set Theory                      |
|                | 2     | 13 Feb | Holiday                                       |
|                | 3     | 14 Feb | Discussion on Functions                       |
|                | 4     | 15 Feb | Assignment of Matrix & Set Theory             |
|                | 5     | 16 Feb | Test of Set Theory                            |
|                | 6     | 17 Feb | The Real numbers                              |
| 4 Week of Feb  | Day-1 | 19 Feb | Natural Numbers                               |
|                | 2     | 20 Feb | Integers                                      |
|                | 3     | 21 Feb | Rational and Irrational Numbers               |
|                | 4     | 22 Feb | Introduction to Simple derivatives            |
|                | 5     | 23 Feb | First Principle Method                        |
|                | 6     | 24 Feb | Rules of Differentiation I                    |
| 5 Week of Feb. | 1     | 26 Feb | Rules of Differentiation II                   |
|                | 2     | 27 Feb | Economic applications of Simple derivatives I |
|                | 3     | 28 Feb | Holiday                                       |

| WEEK            | DAY   | DATE    | TOPICS                                         |
|-----------------|-------|---------|------------------------------------------------|
| 1 Week of March | Day-1 | 1 March | Holiday                                        |
|                 | 2     | 2 March | Holiday                                        |
|                 | 3     | 3 March | Holiday                                        |
|                 | 4     | 4 March | Holiday                                        |
| 2 Week of March | Day-1 | 5 March | Economic applications of Simple derivatives II |
|                 | 2     | 6 March | Discussion about Simple derivatives            |
|                 | 3     | 7 March | Introduction to Partial Derivatives            |
|                 | 4     | 8 March | Different Concepts of Partial derivatives      |
|                 | 5     | 9 March | Euler Theorem                                  |
|                 | 6     | 10March | Discussion of Partial Derivatives              |
| 3 Week of March | Day-1 | 12March | Introduction to Maxima and Minima              |
|                 | 2     | 13March | Unconstrained Maxima and minima                |
|                 | 3     | 14March | Economic applications of Minima & Maxima       |
|                 | 4     | 15March | Discussion of Maxima & Minima                  |
|                 | 5     | 16March | Test of Simple Derivatives                     |
|                 | 6     | 17March | Introduction to Integration                    |

|                 |       |         |                                                                              |
|-----------------|-------|---------|------------------------------------------------------------------------------|
| 4 Week of March | Day-1 | 19March | Basic Rules of integration                                                   |
|                 | 2     | 20March | Methods of Integration                                                       |
|                 | 3     | 21March | Application of integration in Economics (Consumer and producer surplus only) |
|                 | 4     | 22March | Assignment of Integration & Minima Maxima                                    |
|                 | 5     | 23March | Holiday                                                                      |
|                 | 6     | 24March | Introduction to limits                                                       |
| 5 Week of March | 1     | 26March | Methods of finding limits                                                    |
|                 | 2     | 27March | Introduction to Continuity                                                   |
|                 | 3     | 28March | Methods of Continuity                                                        |
|                 | 4     | 29March | Holiday                                                                      |
|                 | 5     | 30March | Discussion on Limits & Continuity                                            |
|                 | 6     | 31March | Test of Minima & Maxima                                                      |

| WEEK            | DAY          | DATE    | TOPICS          |
|-----------------|--------------|---------|-----------------|
| 1 Week of April | Day-1        | 2 April | <b>Revision</b> |
|                 | 2            | 3       | <b>Revision</b> |

|                 | 6            | 14      | Holiday         |
| 3 Week of April | EXAMINATIONS |         |                 |

**NAME OF ASSISTANT PROFESSOR - Mr. Rohit**  
**Class – M.A. I Economics Subject – Statistics for Economists**

| WEEK          | DAY   | DATE   | TOPICS                                                  |
|---------------|-------|--------|---------------------------------------------------------|
| 1 Week of Jan | Day-1 | 1 JAN  | Introduction to syllabus                                |
|               | 2     | 2 JAN  | Introduction to Correlation                             |
|               | 3     | 3 JAN  | Types & Degrees of Correlation                          |
|               | 4     | 4 JAN  | Karl Pearson method of correlation                      |
|               | 5     | 5 JAN  | Holiday                                                 |
|               | 6     | 6 JAN  | Spearman's Rank method of correlation                   |
| 2 Week of Jan | Day-1 | 8 JAN  | Discussion on Correlation                               |
|               | 2     | 9 JAN  | Introduction to Coefficient of determination            |
|               | 3     | 10 JAN | Derivation of Coefficient of determination              |
|               | 4     | 11 JAN | Introduction to growth rates                            |
|               | 5     | 12 JAN | Method of finding simple growth rate                    |
|               | 6     | 13 JAN | Method of finding exponential growth rate               |
| 3 Week of Jan | Day-1 | 15 JAN | Discussion on growth rate                               |
|               | 2     | 16 JAN | Introduction to regression                              |
|               | 3     | 17 JAN | Meaning and types of regression lines                   |
|               | 4     | 18 JAN | Assumptions of simple regression analysis               |
|               | 5     | 19 JAN | Discussion on regression analysis                       |
|               | 6     | 20 JAN | Single linear equation regression model (by OLS Method) |
| 4 Week of Jan | Day-1 | 22 JAN | Holiday                                                 |
|               | 2     | 23 JAN | Test of Correlation                                     |
|               | 3     | 24 JAN | Concept of an estimator                                 |
|               | 4     | 25 JAN | desirable properties of an estimator                    |
|               | 5     | 26 JAN | Holiday                                                 |
|               | 6     | 27 JAN | Discussion on estimation                                |
| 5 Week of Jan | 1     | 29 JAN | Basic concepts of sampling                              |
|               | 2     | 30 JAN | random sampling                                         |
|               | 3     | 31 JAN | Holiday                                                 |

| WEEK           | DAY   | DATE   | TOPICS                                            |
|----------------|-------|--------|---------------------------------------------------|
| 1 Week of Feb  | Day-1 | 1 Feb  | non-random sampling                               |
|                | 2     | 2 Feb  | Types of data and statistical analysis procedures |
|                | 3     | 3 Feb  | Univariate, Bivariate analysis                    |
| 2 Week of Feb  | Day-1 | 5 Feb  | Multivariate analysis                             |
|                | 2     | 6 Feb  | Introduction to Index numbers                     |
|                | 3     | 7 Feb  | uses and types of index numbers                   |
|                | 4     | 8 Feb  | tests for consistency – Time reversal test        |
|                | 5     | 9 Feb  | tests for consistency – Factor reversal test      |
|                | 6     | 10 Feb | Holidays                                          |
| 3 Week of Feb  | Day-1 | 12 Feb | Base shifting of index number                     |
|                | 2     | 13 Feb | Holiday                                           |
|                | 3     | 14 Feb | Splicing of index numbers.                        |
|                | 4     | 15 Feb | Deflating of index numbers                        |
|                | 5     | 16 Feb | Discussion on index numbers                       |
|                | 6     | 17 Feb | Assignment – Correlation & Index Numbers          |
| 4 Week of Feb  | Day-1 | 19 Feb | Test of index numbers                             |
|                | 2     | 20 Feb | Introduction to time series                       |
|                | 3     | 21 Feb | Components of time series                         |
|                | 4     | 22 Feb | method of simple averages                         |
|                | 5     | 23 Feb | method of moving averages                         |
|                | 6     | 24 Feb | method of ratio to moving averages                |
| 5 Week of Feb. | 1     | 26 Feb | Discussion on time series                         |
|                | 2     | 27 Feb | Test of index numbers                             |
|                | 3     | 28 Feb | Holiday                                           |

| WEEK            | DAY   | DATE    | TOPICS  |
|-----------------|-------|---------|---------|
| 1 Week of March | Day-1 | 1 March | Holiday |
|                 | 2     | 2 March | Holiday |

|                 |       |          |                                                                  |
|-----------------|-------|----------|------------------------------------------------------------------|
|                 | 3     | 3 March  | Holiday                                                          |
|                 | 4     | 4 March  | Holiday                                                          |
| 2 Week of March | Day-1 | 5 March  | Introduction to hypothesis testing                               |
|                 | 2     | 6 March  | Deferent concepts of hypothesis testing                          |
|                 | 3     | 7 March  | Introduction to Z test                                           |
|                 | 4     | 8 March  | Applications of Z test                                           |
|                 | 5     | 9 March  | Introduction to t test                                           |
|                 | 6     | 10 March | Application of t test                                            |
| 3 Week of March | Day-1 | 12 March | Discussion of Z& t test                                          |
|                 | 2     | 13 March | Introduction to $\chi^2$ test                                    |
|                 | 3     | 14 March | applications of $\chi^2$ test                                    |
|                 | 4     | 15 March | Introduction to F test                                           |
|                 | 5     | 16 March | Applications of F test                                           |
|                 | 6     | 17 March | One way ANOVA                                                    |
| 4 Week of March | Day-1 | 19 March | Introduction to probability                                      |
|                 | 2     | 20 March | Basic concepts of probability                                    |
|                 | 3     | 21 March | definitions of probability                                       |
|                 | 4     | 22 March | Laws of addition and multiplication in probability               |
|                 | 5     | 23 March | Holiday                                                          |
|                 | 6     | 24 March | Conditional probability, Applications of conditional probability |
| 5 Week of March | 1     | 26 March | Introduction to bays theorem                                     |
|                 | 2     | 27 March | Applications of bays theorem                                     |
|                 | 3     | 28 March | Discussion on probability                                        |
|                 |       | 29 March | Holiday                                                          |
|                 |       | 30 March | Test of Z& t test                                                |
|                 |       | 31 March | Test of probability                                              |

| WEEK            | DAY          | DATE    | TOPICS                                       |
|-----------------|--------------|---------|----------------------------------------------|
| 1 Week of April | Day-1        | 2 April | <b>Introduction to binomial distribution</b> |
|                 | 2            | 3       | <b>Features of binomial distribution</b>     |
|                 | 3            | 4       | <b>Applications of binomial distribution</b> |
|                 | 4            | 5       | <b>Introduction to poisson distribution</b>  |
|                 | 5            | 6       | <b>Application of poisson distribution</b>   |
|                 | 6            | 7       | <b>Introduction to normal distribution</b>   |
| 2 Week of April | Day-1        | 9       | <b>Application of normal distribution</b>    |
|                 | 2            | 10      | <b>Discussion on various distributions</b>   |
|                 | 3            | 11      | <b>Revision</b>                              |
|                 | 4            | 12      | <b>Revision</b>                              |
|                 | 5            | 13      | <b>Revision</b>                              |
|                 | 6            | 14      | <b>Holiday</b>                               |
| 3 Week of April | EXAMINATIONS |         |                                              |

**NAME OF ASSISTANT PROFESSOR- Mr. Rohit**

**CLASS - B.A. III (HONS.) SUBJECT - Comparative Economics Development**

| WEEK          | DAY   | DATE   | TOPICS                                             |
|---------------|-------|--------|----------------------------------------------------|
| 1 Week of Jan | Day-1 | 1 JAN  | Introduction to syllabus                           |
|               | 2     | 2 JAN  | Introduction to British economy                    |
|               | 3     | 3 JAN  | Basic features of British Economy                  |
|               | 4     | 4 JAN  | Trends of British economy                          |
|               | 5     | 5 Jan  | Holiday                                            |
|               | 6     | 6 JAN  | Concept of Industrial Revolution                   |
| 2 Week of Jan | Day-1 | 8 JAN  | Causes & Effects of Industrial Revolution          |

|                 | 6            | 14      | <b>Holiday</b>  |
| 3 Week of April | EXAMINATIONS |         |                 |

**NAME OF ASSISTANT PROFESSOR- MS. PINKI CLASS – M.A. II (Economics)(4<sup>TH</sup> Semester) SUBJECT – ECONOMICS OF GROWTH AND DEVELOPMENT – II (Paper- 409)**

| WEEK          | DAY   | DATE   | TOPICS                                                                                           |
|---------------|-------|--------|--------------------------------------------------------------------------------------------------|
| 1 Week of Jan | Day-1 | 1 JAN  | Introduction of growth models                                                                    |
|               | 2     | 2 JAN  | Introduction and Definition Assumptions of Balanced Theory                                       |
|               | 3     | 3 JAN  | Explanation, Importance, Criticism and Conclusion of balanced theory                             |
|               | 4     | 4 JAN  | Introduction and Definition Assumptions of Unbalanced Theory                                     |
|               | 5     | 5 JAN  | <b>Holiday</b>                                                                                   |
|               | 6     | 6 JAN  | Explanation, Importance, Criticism and Conclusion of Unbalanced theory                           |
| 2 Week of Jan | Day-1 | 8 JAN  | Introduction and Definition Assumptions of Critical Minimum Efforts Theory                       |
|               | 2     | 9 JAN  | Explanation, Importance, Criticism and Conclusion Critical Minimum Efforts Theory                |
|               | 3     | 10 JAN | Explanation, Importance, Criticism and Conclusion of Critical Minimum Efforts Theory             |
|               | 4     | 11 JAN | Introduction and Definition Assumptions of Low Income Equilibrium Trap.                          |
|               | 5     | 12 JAN | Explanation, Importance, Criticism and Conclusion of Low Income Equilibrium Trap.                |
|               | 6     | 13 JAN | Introduction and Definition Assumptions of Dual Economy Models                                   |
| 3 Week of Jan | Day-1 | 15 JAN | Introduction and Definition Assumptions of Lewis Model                                           |
|               | 2     | 16 JAN | Explanation, Importance, Criticism and Conclusion of Lewis Model                                 |
|               | 3     | 17 JAN | Introduction and Definition Assumptions of Fei-Ranis                                             |
|               | 4     | 18 JAN | Explanation of Fei-Ranis                                                                         |
|               | 5     | 19 JAN | Importance, Criticism and Conclusion of Fei-Ranis                                                |
|               | 6     | 20 JAN | <b>Test- Theory of Balanced Growth</b>                                                           |
| 4 Week of Jan | Day-1 | 22 JAN | <b>Holiday</b>                                                                                   |
|               | 2     | 23 JAN | Introduction and Definition Explanation, Importance, Criticism and Conclusion of Jorgensen Model |
|               | 3     | 24 JAN | Introduction and Definition of Dixit Model                                                       |

|               |   |        |                             |
|---------------|---|--------|-----------------------------|
| 5 Week of Jan | 4 | 25 JAN | Explanation of Dixit Model  |
|               | 5 | 26JAN  | Holiday                     |
|               | 6 | 27 JAN | Basic idea of Dixit Model   |
|               | 1 | 29 JAN | Basic idea of Marglin,Model |
|               | 2 | 30JAN  | Basic idea of Kelly Model   |
|               | 3 | 31JAN  | Holiday                     |

| WEEK          | DAY   | DATE   | TOPICS                                                                                                                                                              |
|---------------|-------|--------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1 Week of Feb | Day-1 | 1 Feb  | Introduction of Agriculture and its Importance                                                                                                                      |
|               | 2     | 2 Feb  | Role of Agriculture in Economic Development                                                                                                                         |
|               | 3     | 3 Feb  | Introduction of Heterogeneity in Agriculture                                                                                                                        |
| 2 Week of Feb | Day-1 | 5 Feb  | Introduction of Agricultural Transformation                                                                                                                         |
|               | 2     | 6 Feb  | Role and Importance of Agricultural Transformation                                                                                                                  |
|               | 3     | 7 Feb  | Introduction and Definition Explanation Designing Strategy for Agriculture                                                                                          |
|               | 4     | 8 Feb  | Role and Importance of Strategy for Agriculture Transformation                                                                                                      |
|               | 5     | 9 Feb  | Introduction and Definition of Industrialization                                                                                                                    |

| WEEK            | DAY   | DATE     | TOPICS                                                                                                       |
|-----------------|-------|----------|--------------------------------------------------------------------------------------------------------------|
| 1 Week of March | Day-1 | 1 March  | Holiday                                                                                                      |
|                 | 2     | 2 March  | Holiday                                                                                                      |
|                 | 3     | 3 March  | Holiday                                                                                                      |
|                 | 4     | 4 March  | Holiday                                                                                                      |
| 2 Week of March | Day-1 | 5 March  | Global environmental issues- problems in managing climate change                                             |
|                 | 2     | 6 March  | Global environmental issues- problems in managing climate change                                             |
|                 | 3     | 7 March  | Introduction, Definition and Explanation of International trade and environment                              |
|                 | 4     | 8 March  | International trade and environment                                                                          |
|                 | 5     | 9 March  | Introduction, Definition and Explanation of Trade and environment in WTO regime.                             |
|                 | 6     | 10 March | Trade and environment in WTO regime.                                                                         |
| 3 Week of March | Day-1 | 12 March | Introduction, Definition and Explanation of Economic dimensions of health care                               |
|                 | 2     | 13 March | Economic dimensions of health care and determinants of health.                                               |
|                 | 3     | 14 March | Introduction and Explanation of Role of Government and market in health care                                 |
|                 | 4     | 15 March | Role of Government and market in health care                                                                 |
|                 | 5     | 16 March | Introduction, Definition and Explanation of Inequalities                                                     |
|                 | 6     | 17 March | Remedies of Inequalities                                                                                     |
| 4 Week of March | Day-1 | 19 March | Assignment- Trade and environment in WTO regime.                                                             |
|                 | 2     | 20 March | Introduction, Definition and Explanation of Inequalities in the class and gender perspective                 |
|                 | 3     | 21 March | Introduction, Definition and Explanation of Inequalities in education, Remedies of Inequalities in education |
|                 | 4     | 22 March | Test- Political Economy of ecology and Equity.                                                               |
|                 | 5     | 23 March | Holiday                                                                                                      |
|                 | 6     | 24 March | Introduction, Definition and Explanation, Remedies of Inequalities in health                                 |
| 5 Week of March | 1     | 26 March | Financing of education and health in India                                                                   |
|                 | 2     | 27 March | Financing of education and health in India                                                                   |
|                 | 3     | 28 March | Distribution of test and assignment                                                                          |
|                 | 4     | 29 March | Holiday                                                                                                      |
|                 | 5     | 30 March | Introduction, Definition and Explanation of Common Property Resources and sustainable development            |
|                 | 6     | 31 March | Explanation of Common Property Resources and sustainable development                                         |

| WEEK            | DAY   | DATE    | TOPICS   |
|-----------------|-------|---------|----------|
| 1 Week of April | Day-1 | 2 April | Revision |
|                 | 2     | 3       | Revision |
|                 | 3     | 4       | Revision |
|                 | 4     | 5       | Revision |
|                 | 5     | 6       | Revision |
|                 | 6     | 7       | Revision |
| 2 Week of April | Day-1 | 9       | Revision |
|                 | 2     | 10      | Revision |
|                 | 3     | 11      | Revision |
|                 | 4     | 12      | Revision |
|                 | 5     | 13      | Revision |
|                 | 6     | 14      | Holiday  |

|                 |              |
|-----------------|--------------|
| 3 Week of April | EXAMINATIONS |
|-----------------|--------------|

**NAME OF ASSISTANT PROFESSOR- Ms. Pinki**  
**CLASS –B.A.-III Economics Hons (IVth Sem) SUBJECT – Statistics for Economists**

| WEEK          | DAY   | DATE   | TOPICS                                                    |
|---------------|-------|--------|-----------------------------------------------------------|
| 2 Week of Jan | Day-1 | 8 JAN  | Introduction, Definition and Explanation Central Tendency |
|               | 2     | 9 JAN  | Arithmetic Mean                                           |
|               | 3     | 10 JAN | Arithmetic Mean                                           |
|               | 4     | 11 JAN | Arithmetic Mean                                           |
|               | 5     | 12 JAN | Harmonic Mean                                             |
|               | 6     | 13 JAN | Geometric Mean                                            |
| 3 Week of Jan | Day-1 | 15 JAN | Geometric Mean                                            |
|               | 2     | 16 JAN | Median                                                    |
|               | 3     | 17 JAN | Median                                                    |
|               | 4     | 18 JAN | Test- Arithmetic Mean                                     |
|               | 5     | 19 JAN | Mode                                                      |
|               | 6     | 20 JAN | Mode                                                      |
| 4 Week of Jan | Day-1 | 22 JAN | Holiday                                                   |
|               | 2     | 23 JAN | Introduction, Definition and Explanation of Correlation   |
|               | 3     | 24 JAN | Theory of Correlation                                     |
|               | 4     | 25 JAN | Simple coefficient of correlation (Karl Pearson)          |
|               | 5     | 26 JAN | Holiday                                                   |
|               | 6     | 27 JAN | Simple coefficient of correlation (Karl Pearson)          |
| 5 Week of Jan | 1     | 29 JAN | Spearman's Rank Correlation                               |
|               | 2     | 30 JAN | Coefficient of determination                              |
|               | 3     | 31 JAN | Holiday                                                   |

| WEEK          | DAY   | DATE   | TOPICS                                                             |
|---------------|-------|--------|--------------------------------------------------------------------|
| 1 Week of Feb | Day-1 | 1 Feb  | Introduction, Definition and Explanation of Measures of Dispersion |
|               | 2     | 2 Feb  | Measures of Dispersion                                             |
|               | 3     | 3 Feb  | Range, Mean                                                        |
| 2 Week of Feb | Day-1 | 5 Feb  | Standard Deviation, Quartile Deviation.                            |
|               | 2     | 6 Feb  | Coefficient of variation                                           |
|               | 3     | 7 Feb  | Percentile rank                                                    |
|               | 4     | 8 Feb  | Introduction and Definition of Index Numbers                       |
|               | 5     | 9 Feb  | Theory of Types and Uses Index Numbers                             |
|               | 6     | 10 Feb | Holiday                                                            |
| 3 Week of Feb | Day-1 | 12 Feb | Practical's of Index Numbers                                       |
|               | 2     | 13 Feb | Holiday                                                            |
|               | 3     | 14 Feb | Practical's of Index Numbers                                       |
|               | 4     | 15 Feb | Tests of Consistency                                               |
|               | 5     | 16 Feb | Assignment-Simple coefficient of correlation (Karl Pearson)        |
|               | 6     | 17 Feb | Fisher's ideal Index (Tests of Consistency)                        |
| 4 Week of Feb | Day-1 | 19 Feb | Fixed base and Chain base index.                                   |
|               | 2     | 20 Feb | Problems in Construction of Index numbers.                         |
|               | 3     | 21 Feb | Limitations of index numbers.                                      |
|               | 4     | 22 Feb | Problems Regarding Tests of Consistency.                           |
|               | 5     | 23 Feb | Basic idea and methods Skewness                                    |
|               | 6     | 24 Feb | Test- Practical's of Index Numbers                                 |
| 5 Week of Feb | 1     | 26 Feb | Basic idea and methods Kurtosis.                                   |
|               | 2     | 27 Feb | Distribution of test and Assignment.                               |
|               | 3     | 28 Feb | Holiday                                                            |

| WEEK            | DAY   | DATE    | TOPICS                                               |
|-----------------|-------|---------|------------------------------------------------------|
| 1 Week of March | Day-1 | 1 March | Holiday                                              |
|                 | 2     | 2 March | Holiday                                              |
|                 | 3     | 3 March | Holiday                                              |
|                 | 4     | 4 March | Holiday                                              |
| 2 Week of March | Day-1 | 5 March | Introduction and Definition of Time Series Analysis. |
|                 | 2     | 6 March | Time Series Analysis: Concepts                       |
|                 | 3     | 7 March | Time Series Analysis: components.                    |

|                 |       |          |                                                                        |
|-----------------|-------|----------|------------------------------------------------------------------------|
|                 | 4     | 8 March  | Time Series methods of finding trend Semi average                      |
|                 | 5     | 9 March  | Time Series methods of finding trend moving average                    |
|                 | 6     | 10 March | least square                                                           |
| 3 Week of March | Day-1 | 12 March | Ratio-to-average.                                                      |
|                 | 2     | 13 March | Discuss problems of students Regarding Regression                      |
|                 | 3     | 14 March | Theory of Regression                                                   |
|                 | 4     | 15 March | Regression (Estimate of Regression lines)                              |
|                 | 5     | 16 March | Test- Time Series methods of finding trend Semi average, least square. |
|                 | 6     | 17 March | Regression Equations                                                   |
| 4 Week of March | Day-1 | 19 March | Regression Equations                                                   |
|                 | 2     | 20 March | Regression Equations Coefficients                                      |
|                 | 3     | 21 March | Regression Equations Coefficients                                      |
|                 | 4     | 22 March | Assignment- Regression                                                 |
|                 | 5     | 23 March | Holiday                                                                |
|                 | 6     | 24 March | Basic idea of standard Error.                                          |
| 5 Week of March | 1     | 26 March | Basic idea of Probable Error.                                          |
|                 | 2     | 27 March | Meaning, Scope, importance and limitations of Frequency distribution.  |
|                 | 3     | 28 March | Frequency distribution: Bivariate.                                     |
|                 | 4     | 29 March | Holiday                                                                |
|                 | 5     | 30 March | Frequency distribution cumulative.                                     |
|                 | 6     | 31 March | Overview of Frequency Distribution.                                    |

| WEEK                          | DAY         | DATE    | TOPICS   |
|-------------------------------|-------------|---------|----------|

| 3 <sup>RD</sup> Week of April | Examination |         |          |

**NAME OF ASSISTANT PROFESSOR- Ms. Pinki**

**CLASS – B.Com I YEAR (2<sup>nd</sup> Semester) SUBJECT – MACRO ECONOMICS**

| WEEK          | DAY   | DATE   | TOPICS                                                          |
|---------------|-------|--------|-----------------------------------------------------------------|
| 1 Week of Jan | Day-1 | 1 JAN  | Introduction of syllabus                                        |
|               | 2     | 2 JAN  | Introduction, Meaning and Definition of Macro Economics         |
|               | 3     | 3 JAN  | Concept and nature of Macro Economics                           |
|               | 4     | 4 JAN  | Scope of Macro Economics                                        |
|               | 5     | 5 JAN  | Holiday                                                         |
|               | 6     | 6 JAN  | Variables of Macro Economics                                    |
| 2 Week of Jan | Day-1 | 8 JAN  | Introduction, Meaning and Definition of circular flow of income |
|               | 2     | 9 JAN  | Circular flow of income(Two and Three sector Model)             |
|               | 3     | 10 JAN | Circular flow of income(Four sector Model)                      |
|               | 4     | 11 JAN | Injections and Leakages of Circular Flow of income              |
|               | 5     | 12 JAN | Importance of Circular Flow of income                           |
|               | 6     | 13 JAN | Introduction, Meaning and Definition of consumption function    |
| 3 Week of Jan | Day-1 | 15 JAN | Marginal and Average propensity to consume                      |
|               | 2     | 16 JAN | Determinants of propensity to consume                           |
|               | 3     | 17 JAN | Psychological Law of Consumption                                |
|               | 4     | 18 JAN | Measures and Criticism of Propensity to Consume                 |
|               | 5     | 19 JAN | Introduction, Meaning and Definition of Investment function     |
|               | 6     | 20 JAN | Types of Investment                                             |
| 4 Week of Jan | Day-1 | 22 JAN | Holiday                                                         |
|               | 2     | 23 JAN | Propensity to Invest                                            |
|               | 3     | 24 JAN | Factors of Investment.                                          |
|               | 4     | 25 JAN | Measures and Importance of Investment                           |
|               | 5     | 26 JAN | Holiday                                                         |
|               | 6     | 27 JAN | Test-Circular flow of income.                                   |
| 5 Week of Jan | 1     | 29 JAN | Introduction, Meaning and Definition of Multiplier              |
|               | 2     | 30 JAN | Concepts of Multiplier                                          |
